

COMPANY PROFILE

NATURAL VENTURES

naturalventures.net

A B O U T

Buyers of all non ferrous metals, specializing in catalytic converters. Natural Ventures provides expert and professional recycling services in Salt Lake City Utah. With our experienced and courteous personnel, we can assure your satisfaction. We purchase catalytic converters and all non-ferrous materials. Natural Ventures is a forward thinking metal recycling facility offering high quality, friendly service centrally located in Salt Lake City UT. Our trucks are able to service any customer in the Rocky Mountain Region. We view ourselves as partners with our customers, community and environment. All working to be part of a more sustainable world. We aim to be a reliable name in the metal recycling industry while utilizing newer, cleaner, safer technologies and practices for the benefit of all. We purchase catalytic converters, starters, alternators, ac compressors, gearboxes, fuel injectors, calipers, power steering pumps, ecm, circuit boards, processor chips, O2 sensors, turbos, wheels, radiators, batteries, the list goes on. We are based in Salt Lake City, UT and regularly travel throughout the entire Rocky Mountain region servicing accounts. Please contact us for information on purchasing and pick ups.

Coreable alternators must not have broken mounts. Deductions will be made for broken plugs. Core value generally comes from late models built within last 5-10 years. Legibility of sticker or tag will likely increase value of part. Natural Ventures is looking for cores on late models made within the last ten years. Legibility of sticker or tag will likely increase value of part. Legibility of sticker or tag will likely increase value of part Natural Ventures is a forward thinking metal recycling facility offering high quality, friendly service centrally located in Salt Lake City UT.
