ABOUT

Nebraska Recycles is a statewide recycling company based in Lincoln, NE. They specialize in electronic waste management, providing services such as onsite data destruction at no cost for most businesses, computer and electronics recycling, and demanufacturing old electronics to create new items. They offer personalized services for each customer and operate several large trucks with lift gates for easy pickup. Nebraska Recycles also focuses on data security and protecting what matters most. Their services include computer and electronics recycling, laptop recycling, data destruction, and medical equipment recycling.
