

COMPANY PROFILE

North Pointe Solid Waste Special Service District

utahcountygabage.org

A B O U T

North Pointe Solid Waste Special Service District Utah County Garbage was created to provide effective solid waste services for Utah County. We take great pride in our ability to serve the needs of our community in an efficient and cost-effective manner. We provide an environmentally safe place for residents and businesses to dispose of their trash. Initially, all of the waste collected was shipped by rail to the ECDC landfill located in Sunnyside, Utah. In the winter of 2006, we discontinued using rail and started shipping our waste by truck.
