## ABOUT

Nuance Energy Group, Inc. is a leading California solar integrator, U.S. manufacturer, and solar developer. They provide innovative solar products such as the Osprey PowerPlatform and the OSPREY PowerRack for residential and commercial ground mount solar projects. The company offers solar financing, energy management services, and operates as a solar power producer, selling renewable energy to local communities. Nuance Energy is dedicated to redefining renewable energy with a focus on affordability, durability, and functionality.
