A B O U T

We've turned our love of computers into a business. Because the IT market grows so rapidly and is always evolving, we constantly strive to improve and stay up to date with the latest trends and information. PC Plan-it specializes in off-lease corporate systems. Corporate equipment is built better than standard consumer hardware and designed for the demands of the business world. We have a wide range of both corporate and consumer systems in stock. We also specialize in hard to find or outdated parts for older desktops and laptops. We are a family owned and operated business. Stop in and check us out! Quality and expert advice are what we stand for at PC Plan-it. We take the time to answer your questions and find the right device or component for you! Check out our website for information about our products, services and company. We look forward to welcoming you to our store, where you'll receive personal and professional advice!

Getting professional, comprehensive advice is an absolute necessity when it comes to choosing a computer company. We offer repair service on most all technology products ranging from board level repair, capacitor replacement, power socket repair/replacement, other soldering services, TV repair, LCD repair and virus removal to data backup and retrieval. WE SERVICE & REPAIR All makes & models of Televisions! PC Plan-it offers FREE recycling services for consumers and business. PC Plan-it processes 2+ tons of outdated or dead technology every month. Hardware is demanufactured and processed in our 2,000 square foot facility ensuring our landfills stay clean. We can provide proof of destruction certificates for businesses needing data destruction validation. For local businesses we can in most cases offer free pickup and recycling. We have a 28' enclosed trailer so no job is too big! If you are a business, please contact us for a possible buy-out of your equipment. So if you have old equipment taking up valuable space, give us a call or drop off at our store for an easy green solution!
