ABOUT

Porchtown Recyclers Inc, is a family owned and operated business established almost 50 years ago by Ted Shover. Ted started Porchtown Recyclers as Ted's Used Auto Parts in 1970 with his two sons Harry and Robert Shover. Fast forward 16 years later in 1986, Harry Shover purchased Ted's and it then became Porchtown Recyclers, Inc. Now as a family owned and operated business, Harry and his wife Karen have turned Porchtown into a working atmosphere with many family members, including their three children, grandson, brother, brother-in-law and nephew. At Porchtown Recyclers, we offer quality new and used auto parts, roll off container services by KCS Recycling, trucking and towing services, junk removal, car and truck sales, removal of unwanted buildings, in ground swimming pools, farm machinery, and misc. scrap items using heavy machinery. At Porchtown, we stand behind our products. We will go the extra mile to find what you need at an affordable price. We strive to provide excellent customer service for all of my customers. The scrap recycling industry maintains specifications and regulations, and we adhere to those standards in every phase of our operation. Our success relies on the effective handling of our customers' material, so we strive to provide effective solutions to meet the unique needs of each customer.
