

COMPANY PROFILE

Pure Water Technology of South Louisiana

purewatertechsla.comABOUT

Pure Water Technology of South Louisiana is a locally owned and operated business specializing in providing unique water purification and filtration products. Our systems reduce the use of plastic water bottles, the energy consumed in the delivery and production of them and their negative repercussions to consumers and the environment. All of Pure Water Technology's systems are BPA free and meet the highest North American and European drinking water standards. We are a certified Green Business.
