

COMPANY PROFILE

R.R. Metall.

rrmetall.com.plABOUT

The RRMetall company with its seat in ■roda Wielkopolska was established in 1990. Many years of experience translate into high-quality services in the field of purchase, sale and processing of metals, plastics and waste paper. We can boast of a permit for the purchase and sale of batteries and a permit for transport, recovery and disposal of waste, which makes our company a trustworthy partner. We have our own transport intended for container transport of scrap, waste paper and plastics. We collect waste from customers in free containers or containers intended for transport with a forklift.
