

COMPANY PROFILE

Randys Auto Sales

randysautosales.com**ABOUT**

Believing in providing quality customer service to the Chippewa Valley region, Randy's auto sales was started in 1991. Randy Goss owned the business for 18 years; he then made a decision to take a different direction with his life. He sold the business in March of 2009 to Reza Mousavi who took over and is now the new owner. We are proud to continue the same great customer care and ethics that have always been a priority to Randy's. We have also continued on with the same services, which include installing windshields, parts, and vehicle repair. We have several vehicles, including light duty trucks, SUVs, cars, and pickups on the lot for sale and more arriving daily. We also have thousands of parts in stock and on the shelf for sale to help your vehicle stay on the road.
