

COMPANY PROFILE

Reber Sanitation

rebersanitation.com

A B O U T

When Chad Reber was a little boy he wanted to be a garbage man. As an adult he worked at the Rapid City Landfill for 11 years gaining knowledge and experience in waste management. The private garbage companies that used to be locally owned haulers, are now owned by big companies out of state. Chad wanted to make his childhood dream come true and invest into his community. He and his wife Nancy invested in a garbage truck and residential totes. Chad continued working four 10 hour days at the land fill. He spent his days off offering waste collection in his neighborhood. Once people found out that a local family had quality service and cheap, competitive rates the word spread. Before long, requests for service were coming from surrounding areas. We expanded our superior service and low prices. Reber Sanitation is now servicing Rapid Valley, Box Elder, Caputa, Black Hawk, Summerset and Piedmont. We have expanded services to include commercial business and roll-off services as well. Reber Sanitation has lots of help from family, especially Chad's parents, and the hardworking dedicated employees. Everyone that is a part of Reber Sanitation has pride in the business and treats the business as if they owned it themselves. Our drivers take care of their equipment to ensure it is maintained so you can trust that they are dependable. As a way for us to give back and say thank you to our residential clients we draw the name on one lucky client at the beginning of each year to receive a year of FREE service. Help keep your money local by doing business with the only locally owned garbage collection in the Rapid City and surrounding area! Residential totes are available with no rental or delivery fees in Rapid Valley, Box Elder, Caputa, Black Hawk, Piedmont and Summerset (outside of city limits). Your garbage will be picked up on time by our rear-load pickup service. Reber Sanitation offers 95 gallon totes, No contract needed. Please help us keep your neighborhood clean... Bag your garbage. Our totes are picked up by hand – we never use “one-armed bandits” to mechanically empty the totes to offer personalized service. We also make sure if any trash or debris falls in the

process of being dumped, it is cleaned up to avoid litter. Your wastebasket will be returned and secured the way we found it. Reber Sanitation provides Rear-Loading dumpsters ranging from 2 yards to 6 yards. We use Rear Load Trucks because they are lighter weight than front load trucks. This will help protect your parking lots and property. We understand the need to keep operating expenses down. Replacing driveways and roads can be costly. Investing in a commercial waste collection company that has rear loads is of great benefit to your bottom line. Our trucks are maintained regularly to ensure trusted quality, on time service with no mess left behind. Reber Sanitation offers your waste solution with convenient, dependable and reliable roll-off delivery service. We will personally bring a roll-off to the location of your choice. When you are done we will remove your roll-off and dump your unwanted debris and junk so that you have no hassles. If you are not finished with the container we will bring it back for another round of waste removal. Customer service is extremely important so let us know what your needs are and we will do what we can to make your experience with us a good one! Reber Sanitation offers 10 Yards Roll Offs & 20 Yard Roll Offs at low, affordable prices. Rubbish Removal. Reber Sanitation has been listed in the Blue Book since 2016.
