

## COMPANY PROFILE

# Royal Container

[royalcontainer.com](http://royalcontainer.com)ABOUT

Royal Container Service provides dumpsters to homeowners, contractors and businesses. Royal Container and Royal Recycling make recycling of waste materials easy. Our "ONE CAN PLAN " allows for all waste materials to be placed in the same container. When each container is full it is transported to our indoor recycling facility where it is sorted and recorded. This program is recommended for all new construction projects and jobsites with limited space. Our signature "TWO CAN PLAN" requires one container for all recyclable materials and one container for trash. The recycling container when full is transported our recycling facility for processing. The waste container is transported directly to the landfill. This program is recommended for extensive remodel projects.
