

COMPANY PROFILE

SB Metal Savers

metalsavers.com**ABOUT**

SB Metal Savers is a leading provider of metal recycling services. We specialize in the collection, processing, and recycling of various types of metals, including aluminum, copper, brass, and steel. Our state-of-the-art facilities and experienced team ensure efficient and environmentally-friendly metal recycling solutions. We work with a wide range of industries, including manufacturing, construction, automotive, and electronics, to help them responsibly dispose of their metal waste and contribute to a sustainable future. In addition to recycling services, we also offer metal trading and consulting services to assist our clients in optimizing their metal supply chain and maximizing their returns. With our commitment to quality, reliability, and customer satisfaction, SB Metal Savers is the trusted choice for all metal recycling needs.
