ABOUT

Our scrap metal collection business collects unwanted materials from companies, small business owners, and individuals. Whether it's a pile of scrap from demolition or an old car, the scrap metal that we collect is recycled and repurposed in order to minimize the depletion of precious natural resources. Providing you with a reputable scrap metal collection service in Jamaica, Scrap N Go should be the first and only name on your list. Whether you are a one-stop customer or commercial business we provide a top quality scrap metal collection service to meet all your needs. Our friendly and experienced team are on hand to answer any queries you may have.
