

COMPANY PROFILE

Secure On-Site Shredding

soshred.com

A B O U T

Secure On-Site Shredding has partnered with Ronald McDonald House Charities. A portion of our Shredding/Recycling proceeds are donated on behalf of our Clients and Secure On-Site Shredding through the corporate sponsorship program. Secure On-Site Shredding would like the opportunity to meet or beat your current vendors pricing and give back a percentage of this discount to your organization. Your organization can choose to take the total discount percentage or a partial percentage of the discount and donate it to the Ronald McDonald House Charities the corporate sponsorship program. We believe this program is beneficial for your organization and the Ronald McDonald House Charities. Secure On-Site Shredding currently owns and operates (6) six state-of-the-art shredding trucks equipped with GPS Tracking. Our fleet operates with Bio-Degradable fluids, where applicable, to ensure the safety of our environment. Background checks are performed prior to hiring and 1/3 of employees are screened each year; ensuring everyone is screened every 3 years. Secure On-Site Shredding is in compliance with NAID certification requirements. Secure On-Site Shredding conducts "Security Audits" at each facility which can be set on a quarterly, semi-annual or annual basis to suit our client's needs. Secure On-Site Shredding periodically performs unannounced spot checks on our service personnel to ensure performance is in accordance with policy/procedures. Drug screening is performed prior to hiring and Secure On-Site Shredding participates with the TNC program. This program randomly selects which employees have been chosen for drug testing. Secure On-Site Shredding screens 50% of its employees on an annual basis. Driving Record checks are performed prior to hiring, and the Automobile Insurance Company periodically checks as governed by the policy and when deemed necessary. All Shredded material is processed for recycling at our facility guaranteeing the utmost security. GPS Tracking on all Shredding trucks and Video/Security Surveillance cameras at S.O.S. facility.
