

COMPANY PROFILE

Severn Landscaping & Excavation

severnlandscaping.comABOUT

Severn Landscaping is a veteran owned landscaping, excavation and construction company that assists customers through all stages of a project including design, permitting and final construction. We have expertise in a wide range of projects including, patios, retaining walls, concrete, excavation and decks. We are truly a full service company, assisting our customers through all stages of a project including design, permitting and final construction. We have proudly helped our customers in a wide range of landscaping services including hardscaping (patios & retaining walls), driveways, parking areas, grading, excavation, brush removal and drainage solutions. We offer these services to both residential and commercial customers. We value transparency and honesty in all aspects of our business, which is why we strive to provide exceptional customer service and high-quality workmanship.
