

COMPANY PROFILE

Shelton's Water

sheltonswater.com

ABOUT

Shelton's Water is a locally family-owned and operated company in North Texas, specializing in water treatment solutions since 1975. With a focus on customer service and quality products, they offer a range of services including water softener installation and repair, drinking water systems, filtration systems, and more. Their dedication to providing clean and safe drinking water makes them a trusted choice for homeowners and businesses in Dallas, Fort Worth, and the surrounding areas.
