Leadership and project direction come from our principals, who represent more than 300 years of combined experience in HVAC, lighting, security, energy conservation, commissioning and related construction fields. Across upstate New York and northwestern Pennsylvania, SmartEdge stands for superior single sourcing of world-class facility control products, systems and support. To complement our wide range of product options, we also provide a broad spectrum of custom design, installation, and management services. Privately owned and operated since 1988, SmartEdge offers every customer reassurance of individualized, on-going support with a long term commitment.
