## ABOUT

Specialized GM is a company that specializes in providing used Chevy, Buick, Pontiac, GMC, Oldsmobile, and Cadillac parts. They ensure the quality of their engines by thoroughly going through and compression testing them. They also conduct safety tests on every wheel and run tests on every vehicle to ensure everything is in working order. Specialized GM inspects body parts for imperfections and grades them to insurance standards. They also offer a wide variety of headlights, tail lights, and marker lights to meet customers' lighting needs.
