ABOUT

STS Florida Electronic Recycling is a company that specializes in electronics recycling. They offer services such as arranging recycling events and scheduling pick-ups from business addresses. They cater to businesses, medical facilities, individuals, and schools in Florida. Their goal is to provide a safe and EPA compliant solution for electronic scrap recycling, especially with the increasing government restrictions in place. STS Florida Electronic Recycling recently acquired STS Florida Electronic Recycling, Corp. from SIR International to enhance their ability to meet their clients' needs.
