## ABOUT

Texas Waste Solutions is a trash service company based in Central Texas, USA. They provide residential and commercial trash services in various cities including Copperas Cove, Killeen, Lampasas, and Burnet. They offer weekly residential trash services for individuals going through different life stages, from moving into a new house to having a new baby. Texas Waste Solutions also provides junk removal services, which can be requested either by calling their hotline or through their online platform. For commercial clients, the company helps business owners clean, organize, and declutter their properties. Their drivers take care of hauling away the trash, allowing business owners to focus on running their businesses.
