

COMPANY PROFILE

TMS International

tmsinternational.com**ABOUT**

At TMS International We Create Value. TMS International (formerly Tube City IMS) is the leading provider of on site, industrial steel mill services for steelmakers around the world. Our people, services, technology and equipment provide invaluable resources that support and enhance our partners' entire manufacturing operations. Our Mission •A commitment to a safe workplace and an environment of integrity, initiative and growth •The most advanced, reliable and best maintained equipment •A commitment to value creation for our customers through a partnership of service and innovation •Preserving and protecting the environment through best practices and innovation We strive to stay ahead of our customers' challenges by continually improving our processes and introducing new steel mill services. Our services help lessen steelmakers' environmental impacts and contribute to a cleaner environment. TMS International is the largest provider of outsourced industrial services to steel mills in North America as measured by revenue and has a substantial and growing international presence. The company provides mill services at 85 customer sites in 12 countries and our global raw material procurement network spans five continents. Our Difference: The secret to our success is the unbiased expertise of our people and our commitment to unrivaled service. We hire the best people for the job, equip them with what they need, and empower them to do whatever it takes to get the job done right including making decisions on the spot to create immediate value for our partners.
