ABOUT

Tricopolymer Products is a leading company that has been providing non-toxic sealants and paints for consumers and industries since 1995. Their innovative products are the 1st and only non-toxic, non-leaching, non-corrosive, and no off-gassing solutions available worldwide. With clear, tough, and durable high adhesion qualities, Tricopolymer coatings do not contain petroleum oils, soybean oils, waxes, mineral spirits, or nano chemicals. Their applications over the past 28+ years have been extensive, catering to both home and industrial needs.
