## ABOUT

Are you discarding material that has monetary value? Put another way, would you like to turn your trash into cash? Check out our Services page for a list of materials that Try 2 Recycle would like to purchase from you or your business, at your convenience. Turn your trash into cash when you bring these items in to recycle. Not only is recycling good for our environment, it is also good for our economy. According to the Environmental Protection Agency, burning 100 tons of waste creates 1 job, landfilling that same amount creates 6 jobs. Recycling that amount creates 36 jobs. Recycling is good for the current generation and for generations to come. Serving Huntsville & Surrounding Counties Roll Off Services Available! According to the Environmental Protections Agency, burning 100 tons of waste creates one job. Land-filling that same 100 tons of waste creates six jobs. Recycling 100 tons of waste creates 36 jobs. Recycling is good for the environment and the economy. Is your home or business weighed down by excess clutter or junk? Are you desperately trying to get things organized, but don't know what to do with all those old, useless items? Luckily, help is just a phone call away. Try 2 Recycle offers reliable and prompt recycling services. We can help you dispose of recyclable items both large and small. Best of all, Try 2 Recycle will pay you for those items we accept. In addition, we offer a wide range of recycling services and pride ourselves for excellent customer service and fair pricing. Try 2 Recycle is one of the largest private paper recyclers between Houston and Dallas Texas. All of the materials that we accept are processed and managed at our facility, then shipped to mills or end users. We make paper recycling easy for everyone. Our 24 hour drop-off location is conveniently open 7 days per week and we use only environmentally sound recycling procedures. In addition to our recycling of various materials, Try 2 Recycle also provides expert on-site consultation to plan and implement your recycling program. We understand that a successful recycling program needs to be one with specific steps that will ensure success. We can assist you in identifying what items can be diverted from your current waste systems, and training of

your staff. Our services also include recommendations of container sizing, signage and installation. Our containers are used to transport all types of materials, including:
