

**COMPANY PROFILE**

# West Central Solid Waste District

[westcentralswd.com](http://westcentralswd.com)**ABOUT**

West Central Solid Waste District - West Central Solid Waste District is a government organization whose purpose is to inform, educate, and inspire the citizens of Parke and Putnam Counties in Central Indiana about proper waste disposal, waste reduction, reuse and recycling; and to provide programs and services in these areas. We will strive to continually improve the quality and availability of these programs and services, collaborating with private entities and pursuing innovative options wherever possible. Educating citizens, along with convenient/ effective programs and services, will enable West Central Solid Waste District to protect the environment, fulfill all regulatory and legislative objectives, and benefit our communities today and tomorrow.
