Agenda Items & Notes:

1. School Updates:

- We have begun implementing a tier 3 program for students that have shown minimal progress in tier 2. We have also begun the Rise to Readiness program for students in grades 3-5 that are on the cusp of getting a level 3 on the screeners. The program takes place on Thursday and Friday from 7:15-7:55. We are working on adding a new soccer program where students will try out to be a part of it and there will be a competitive aspect with other students within the district.

2. CEP-Monitoring and Continuous Improvement Planning:

- MOY is almost completed. Period 2 of the Progress monitoring tool is due by 3/13/26. We must go through each priority again and input whether we are on track or not on track to meet the CEP goal, key strategies that positively or negatively impacted the ability to achieve the desired results, adjustments that are needed to be made to the key strategies/action steps. Some of our goals focus on the whole student population in grades K-2 or 3-5 and some goals are targeted to our ELL population.

3. Title 1/ PAC: Parents voted for parent workshops and the first meeting with the consultant will take place on February 10. We ordered the math books that the parents voted on using the remaining funds for. They arrived and will be distributed soon.

4. **PTA:** Continue sale of cookies and ice cream on Tuesdays and Fridays. February 12th and 13th there will be a Lunar New Year and Valentine's Day sale.

Meeting Adjournment

- Our next meeting will take place at 7:30am on 2/26/26
