Agenda Items & Notes:

- **CEP Share/Planning:** There are 5 priorities from the Chancellor:
All students learn to read well, all students are physically and emotionally safe, all students have a high-quality academic experience, all students graduate college and career ready and have a strong plan and pathway to economic security, and all districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public schools. There are 5 priorities, so there will be five school-wide goals for the year. As a school, we look at school-wide data to determine gaps that are impacting student performance. Once the gap is identified, we implement strategies to help and monitor to see if those strategies are having an impact on student performance. NSGRA and running records will not be a part of our assessments that we will look at to measure student performance. Currently we will be referring to our screeners. The superintendent has access to the data, and he is always checking in with our school when he notices subgroups that should be looked at. It is important to show growth every year, or we can become a school in need of improvement and have the state come in to monitor.
- **Allocations for Next Year:** Budget has not come out yet. Budget can be late May/early June. Hopefully we can discuss this next meeting.
- **Budget Monies Available:** As soon as the budget is ready, we will discuss this as well.
- **PTA Update:** Spring goodie bags for students are prepared and were given to the teachers to give to the students. PTA will be having a Mother's Day Sale. PTA is funding the fifth-grade yearbook. Elections will be held on May 24th.
