

NCAAWBBTITLE

Official Product Name: Will NCAA women's basketball <team> win the <season> <title>?

Scope: These terms govern the trading of the National Collegiate Athletic Association ("NCAA") Title Event Contract (the "Contract"), a type of "Event Contract" listed by the Exchange.

Underlying: The Underlying for this Contract is the winner of <title> for <season>. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Source Agency: The Source Agencies are, in hierarchical order, the National Collegiate Athletic Association, ESPN, CBS Sports, Fox Sports, the Associated Press, and The Wall Street Journal. For the avoidance of doubt, the National Collegiate Athletic Association is the sole governing association for purposes of this Contract; no other league or association may serve as the governing association or as a primary Source Agency, and the remaining Source Agencies serve solely as secondary sources, in the hierarchical order listed, where official National Collegiate Athletic Association data is unavailable.

Type: The Type of Contract is a swap.

Issuance: The Contract is based on the outcome of a recurrent event. Thus, Contract iterations will be issued on a recurring basis, and future Contract iterations will generally correspond to each subsequent <season> for which <title> is awarded.

<team>: <team> refers to a National Collegiate Athletic Association women's basketball team specified by the Exchange; teams of any other league, association, or level of competition are not eligible under this Contract. <team> may refer to a singular team, multiple teams using AND/OR logic, a team within a set of teams, or teams defined by distinguishing characteristics (e.g., "any Southeastern Conference team"). <team> may also take the values "Any" or "None." The Exchange may list iterations of the Contract corresponding to variations of <team>. If a team or its institution changes name, conference affiliation, or classification while maintaining substantial continuity, <team> shall track the successor entity. This will be announced by the Exchange in the event it is relevant.

<title>: <title> refers to a specified National Collegiate Athletic Association women's basketball title, championship, or qualification outcome for <season>. <title> may take only the following forms: (i) qualification for the NCAA Tournament; (ii) a conference championship (e.g., "the Southeastern Conference Championship"); (iii) the best regular season record in a specified conference (e.g., "the best regular season record in the Southeastern Conference"); (iv) advancement to the Final Four of the NCAA Tournament; or (v) the NCAA Tournament National Championship. For iterations of <title> based on qualification or advancement (e.g., clauses (i)

and (iv)), <team> shall be deemed the winner of <title> upon officially qualifying or advancing, as reported by the Source Agency. The Exchange may list iterations of the Contract corresponding to variations of <title>.

<season>: <season> refers to the National Collegiate Athletic Association women's basketball season (including its postseason) specified by the Exchange, identified by the calendar years spanned by the season (e.g., "2026-27"). The Exchange may list iterations of the Contract corresponding to variations of <season>.

Trading and Settlement: During the Event Contract trading hours, Participants are able to adjust their positions and trade freely. After trading of the Event Contract has closed, UDX will determine the Expiration Value and whether the Payment Criteria encompasses the Expiration Value (i.e., whether the outcome is "Yes" or "No"). The market is then settled by UDX, and either the long position holders or the short position holders are paid the Settlement Value. In this case, "long position holders" refers to Participants who purchased the "Yes" side of the Event Contract, and "short position holders" refers to Participants who purchased the "No" side of the Event Contract. If the Expiration Value is "Yes," then the long position holders are paid an absolute amount proportional to the size of their position and the short position holders receive no payment. If the Expiration Value is "No," then the short position holders are paid an absolute amount proportional to the size of their position and the long position holders receive no payment. Specification of the circumstances that would trigger an Expiration Value of "Yes" is included below in the section titled "Payment Criterion". The Expiration Date of the Contract is designed to account for multiple possible contingencies regarding the timing of the determination of the event.

Payment Criterion: The Payment Criterion for the Contract encompasses the Expiration Values where it is reported that the first official final result of the <title> event for <season> is that <team> holds <title>.

- If the <title> event is postponed past its scheduled date (e.g., because of severe weather or other emergencies), the market will remain open and will resolve after the sooner of (1) the winner being reported or (2) two years following the original scheduled date of the <title> event.
- If the <title> event is suspended during play, the market will remain open and will resolve after the sooner of (1) the winner being reported or (2) two years following the original scheduled date of the <title> event.
- If the <title> event is moved to be earlier than its scheduled date, the market will remain open and will resolve after the winner is reported.
- If the <title> event is cancelled outright (or declared "no contest") before it is played, or after it has started, the markets for eligible teams (not disqualified or eliminated) will

resolve so that "Yes" holders receive $\$1/(\text{the number of eligible teams not disqualified or eliminated remaining for which there is a strike listed})$, rounded down to the nearest cent, and "No" holders receive \$1 minus the "Yes" payment.

- If multiple teams are reported <title> holders, the markets for those teams will resolve so that "Yes" holders receive $\$1/(\text{the number of teams declared <title> holders})$, rounded down to the nearest cent, and "No" holders receive \$1 minus the "Yes" payment. For example, if two teams tie in the <title> event and both teams are reported as <title> holders, both "Yes" and "No" holders for each <team> shall receive \$0.50 per Contract.
- If <team> forfeits the <title> event, the market for the forfeiting <team> will resolve to "No."
- If the <title> event is ended early, before regulation play has ended, but the National Collegiate Athletic Association declares that the event is over and there is a winner, multiple winners, or a tie, the market will resolve based on that determination.
- If <team> is disqualified before the Contract expires — even if the <title> event has finished — the market for <team> will resolve to "No." If this causes another team to be formally declared the winner of <title>, the Contract will resolve on the basis of which team is named the <title> holder.
- Any revisions after Expiration will not be considered. Therefore, if <team> or its opponent is disqualified or stripped of its title after the Contract expires, that will not impact the market's resolution.
- If <team> is eliminated from contention for <title>, the market for <team> will resolve to "No." A team is eliminated from contention for <title> when it is reported so by the Source Agency.
- If <team> is eliminated from contention for <title>, and the market for <team> resolved to "No," but <team> is subsequently re-entered into contention (for example, because a team that was originally in contention was disqualified), a new market with the same <team> may be created. The original market will remain resolved to "No."

Minimum Tick: The Minimum Tick for the Event Contract shall be \$0.001.

Position Limits: The Position Limit for the Event Contract is 2,500,000 Contracts for Participants. The Position Limit for Market Makers is 25,000,000 Contracts.

Last Trading Date: The Last Trading Date of the Contract will be the same as the Expiration Date. The Last Trading Time will be the same as the Expiration Time.

Settlement Date: The Settlement Date is the date on which money is paid to the account of a Participant in whose favor the contract settled pursuant to an Event Contract held until Expiration, and on which money is paid from the account of a Participant who is obligated to pay money pursuant to an Event Contract held until Expiration. The Settlement Date of the Contract shall be no later than the day after the Expiration Date.

Expiration Date: The latest Expiration Date of the Contract shall be the day after the day on which the <title> event has an official final result. If an event described in the Payment Criterion occurs, expiration will be moved to an earlier date and time as determined by the Exchange.

Expiration Time: The Expiration Time of the Event Contract shall be 10:00 AM ET on the Expiration Date.

Settlement Value: The Settlement Value is the amount paid to the holder of the in-the-money Event Contract on the Settlement Date. The Settlement Value of an in-the-money Event Contract is \$1.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source agency on the Expiration Date at the Expiration Time.

Contingencies: If the Source Agency does not actually announce a result consistent with the settlement methodology or the Payment Criterion on or before the Expiration Date due to a delay, postponement, cancellation or otherwise in such release announcement by the Source Agency, the Settlement Date, Expiration Date and Expiration Time will be delayed until the Underlying outcome or results are released or as otherwise set forth on the Exchange pursuant to Rule 5.a.v. Consistent with Rule 5.a.v, UDX reserves the right to make settlement determinations.

Trading Prohibitions: In addition to the prohibition against the misappropriation of material nonpublic information under CFTC Regulation 180.1 and the Exchange's prohibited trading practices identified in Chapter 7 of the DCM Rulebook, certain additional individuals are prohibited from trading the Event Contract. Those persons include:

- Any player, coach, assistant coach, or other on-court personnel participating in or associated with a team participating in National Collegiate Athletic Association women's basketball, whether on an active roster or otherwise associated with the team's program.
- For collegiate competition, the foregoing prohibitions on team personnel apply to current and former players, coaches, and staff of the specific teams relevant to the Underlying, rather than of all National Collegiate Athletic Association member institutions as a whole, except where otherwise appropriate as identified by the Exchange.

- Any referee, replay official, official scorer, statistician, or timekeeper of the National Collegiate Athletic Association.
- Any athletic department, basketball operations, scouting, analytics, medical, training, or team-facility personnel of any National Collegiate Athletic Association women's basketball program.
- Any employee, officer, or contractor of the National Collegiate Athletic Association, a member conference, or any association-controlled or association-affiliated entity who has access to information relating to game operations, scheduling, officiating assignments, disciplinary actions, or competitive conditions.
- Any sports agent, advisor, or representative of a player or team participating in the National Collegiate Athletic Association.
- Any immediate family member or household member of any of the foregoing persons, where such person reasonably may have access to material nonpublic information regarding the Underlying.
- Any other Person who, by sole determination of the Exchange, possesses material nonpublic information relating to the Underlying.
