SEWP VI | ORDERING GUIDELINES

NASA SOLUTIONS FOR ENTERPRISE-WIDE PROCUREMENT

ABOUT THE CONTRACT

NASA SEWP VI is a multi-award, indefinite-delivery, indefinite-quantity government-wide acquisition contract (GWAC) providing the latest in information technology products and associated services for all U.S. Federal agencies and authorized contractors. SEWP VI offers low prices and the lowest GWAC surcharge, along with an efficient ordering process. The NASA SEWP contract vehicle is a flexible and dynamic procurement tool used by the majority of federal government agencies. On SEWP VI, DTSI provides a broad range of IT products and associated services, training and maintenance.

Contract Type: GWAC

Contract Number: 80TECH26D0030

Ordering Agencies: All Federal Government Agencies and Authorized Federal Contractors.

Contract Scope: SEWP is designed to provide a broad suite of Information Technology (IT) solutions and services. SEWP's processes enable our Contract Holders to add new commercial technology and IT services to their contract daily, as requested by our customers. The focus of SEWP is on the full suite of technology offerings that simplify Governmental access and Industry offerings across the entire IT solutions and services landscape. DTSI holds a SEWP VI Category C contract: Mission-Based IT Service Solutions.

Period of Performance: 10-year effective ordering period from the contract's effective date of 11/1/2026. Orders placed against this contract can be completed up to 60 months past the contract's expiration date.

Fair Opportunity: FAR 16.505(b) (1) provides that each contractor shall be given fair opportunity to be considered for each order exceeding \$10,000 and issued under multiple award contracts. The FAR states that the method to obtain fair opportunity is at the discretion of the Contracting Officer (CO) and that the CO must document the rationale for placement and price of each order. Using the SEWP online Quote Request Tool is the recommended method to assist in this activity and to augment the required decision documentation. The SEWP Quote Request Tool (QRT) will automatically include the Contract Holders within a selected Group or based on a suggested source.

Section 508: For information and guidance on Section 508 please [click here](#).

Surcharge: The SEWP surcharge for all orders is a 0.34%. The fee is included in the price of all products and is not separately listed on quotes.

ABOUT DIVERSIFIED TECHNICAL SERVICES, INC. (DTSI)

Diversified Technical Services, Inc. (DTSI), a subsidiary of IRYs Technologies, is a Minority-Owned Small Disadvantaged Business (SDB) delivering secure, scalable IT solutions across the full modernization lifecycle. With 44 years of industry experience and certifications in **CMMI-DEV Level 3** and **ISO 9001:2015**, DTSI provides high-quality, agile support to federal and commercial clients under its SEWP VI Category C - Mission-Based ITC/AV Service Solutions contract.

DTSI OFFERINGS

Cybersecurity - Continuous Authority to Operate (cATO) through automated security controls, Identity and Access Management (IAM), and FedRAMP-aligned cloud security backed by DevSecOps, Zero Trust Architecture, and Supply Chain Risk Management (SCRM), consistent with NIST risk management framework requirements.

Cloud - End-to-end cloud strategy, governance, and multi-cloud implementation (AWS GovCloud, Azure Government Cloud) across IaaS/PaaS/SaaS models, delivered through DevSecOps, CI/CD, and API development supporting COTS and GOTS solutions.

Application Services/Software Development - Full-spectrum application development across the SDLC using SAFe Agile methodologies, with embedded cybersecurity and DevSecOps from roadmap planning through secure release.

IT Services - Mission IT operations spanning Help Desk/Service Desk support, end-to-end network provisioning (LAN/WAN, UCC), and database administration and performance tuning keeping mission environments secure, reliable, and responsive.

FOIA/Case Management - Support for FOIA intake, tracking, and response workflows, including case management platform administration, records processing, and reporting to meet statutory response timelines.

As a NASA SEWP Prime Contractor, DTSI fulfills IT Services orders backed by years of Federal DoW experience.
