CHAPTER 1:

Get started as a member

SECTION 1 You're a member of *Select Health Medicare Dual*

Section 1.1 You're enrolled in *Select Health Medicare Dual*, which is a Medicare Special Needs Plan

You're covered by both Medicare and Medicaid:

- **Medicare** is the federal health insurance program for people 65 years of age or older, some people under age 65 with certain disabilities, and people with end-stage renal disease (kidney failure).
- **Medicaid** is a joint federal and state government program that helps with medical costs for certain people with limited incomes and resources. Medicaid coverage varies depending on the state and the type of Medicaid you have. Some people with Medicaid get help paying for their Medicare premiums and other costs. Other people also get coverage for additional services and drugs that aren't covered by Medicare.

You've chosen to get your Medicare health care and your drug coverage through our plan, *Select Health Medicare Dual*. Our plan covers all Part A and Part B services. However, cost sharing and provider access in our plan differ from Original Medicare.

Select Health Medicare Dual is a specialized Medicare Advantage Plan (a Medicare Special Needs Plan), which means benefits are designed for people with special health care needs. *Select Health Medicare Dual* is designed for people who have Medicare and are entitled to help from Medicaid.

Because you get help from Medicaid with Medicare Part A and B cost sharing (deductibles, copayments, and coinsurance), you may pay nothing for your Medicare services. Medicaid also provides other benefits by covering health care services that aren't usually covered under Medicare. You'll also get Extra Help from Medicare to pay for the costs of your Medicare drugs. We'll help you manage all these benefits, so you get the health services and payment help that you're entitled to.

Select Health Medicare Dual is run by a non-profit organization. Like all Medicare Advantage Plans, this Medicare Special Needs Plan is approved by Medicare. Our plan also has a contract

with the Utah Medicaid program to coordinate your Medicaid benefits. We're pleased to provide your Medicare coverage, including drug coverage.

Section 1.2 Legal information about the *Evidence of Coverage*

This *Evidence of Coverage* is part of our contract with you about how Select Health Medicare Dual covers your care. Other parts of this contract include your enrollment form, the *List of Covered Drugs* (formulary), and any notices you get from us about changes to your coverage or conditions that affect your coverage. These notices are sometimes called *riders* or *amendments*.

The contract is in effect for the months you're enrolled in Select Health Medicare Dual between January 1, 2026, and December 31, 2026.

Medicare allows us to make changes to our plans we offer each calendar year. This means we can change the costs and benefits of Select Health Medicare Dual after December 31, 2026. We can also choose to stop offering our plan in your service area, after December 31, 2026.

Medicare (the Centers for Medicare & Medicaid Services) and Utah Medicaid must approve Select Health Medicare Dual. You can continue each year to get Medicare coverage as a member of our plan as long as we choose to continue offering our plan and Medicare and Utah Medicaid renews approval of our plan.

SECTION 2 Plan eligibility requirements

Section 2.1 Eligibility requirements

You're eligible for membership in our plan as long as you meet all these conditions:

- You have both Medicare Part A and Medicare Part B
- You live in our geographic service area (described in Section 2.3). People who are incarcerated aren't considered to be living in the geographic service area even if they're physically located in it.
- You're a United States citizen or lawfully present in the United States
- You meet the special eligibility requirements described below.

Special eligibility requirements for our plan

Our plan is designed to meet the needs of people who get certain Medicaid benefits. (Medicaid is a joint federal and state government program that helps with medical costs for certain people with limited incomes and resources.) To be eligible for our plan you must be eligible for specific Medicare programs that are full Medicaid.

Note: If you lose your eligibility but can reasonably be expected to regain eligibility within three months, then you're still eligible for membership. Chapter 4, Section 2.1 tells you about coverage and cost sharing during a period of deemed continued eligibility.

Section 2.2 Medicaid

Medicaid is a joint federal and state government program that helps with medical and long-term care costs for certain people who have limited incomes and resources. Each state decides what counts as income and resources, who's eligible, what services are covered, and the cost for services. States also can decide how to run its program as long as they follow the federal guidelines.

In addition, Medicaid offers programs to help people pay their Medicare costs, such as their Medicare premiums. These Medicare Savings Programs help people with limited income and resources save money each year:

- **Qualified Medicare Beneficiary Plus (QMB+):** Medicaid pays your Medicare Part A and Part B premiums, and other cost sharing amounts (like deductibles, coinsurance, and copayments). You are also eligible for full Medicaid benefits.
- **Specified Low-Income Medicare Beneficiary Plus (SLMB+):** Medicaid pays your Medicare Part B premiums. You are also eligible for full Medicaid benefits.
- **Qualifying Individual (QI):** Helps pay Part B premiums. You may be eligible for full Medicaid benefits under certain circumstances. Contact the state Medicaid office if you have questions on full Medicaid benefits for Qualifying Individuals.
- **Qualified Disabled & Working Individuals (QDWI):** Helps pay Part A premiums. You may be eligible for full Medicaid benefits under certain circumstances. Contact the state Medicaid office if you have questions on full Medicaid benefits for Qualifying Disabled & Working Individuals.
- **Full-Benefit Dual Eligible (FBDE):** At times, individuals may qualify for both limited coverage of Medicare cost sharing as well as full Medicaid benefits.

Section 2.3 Plan service area for *Select Health Medicare Dual*

Select Health Medicare Dual is only available to people who live in our plan service area. To stay a member of our plan, you must continue to live in our plan service area. The service area is described below.

Our service area includes these counties in Utah: Davis, Iron, Salt Lake, Utah, Washington and Weber.

If you plan to move to a new state, you should also contact your state's Medicaid office and ask how this move will affect your Medicaid benefits. Phone numbers for Medicaid are in Chapter 2, Section 6 of this document.

If you move out of our plan’s service area, you can’t stay a member of this plan. Call Member Services **855-442-9900** (TTY users call **711**) to see if we have a plan in your new area. When you move, you’ll have a Special Enrollment Period to either switch to Original Medicare or enroll in a Medicare health or drug plan in your new location.

If you move or change your mailing address, it’s also important to call Social Security. Call Social Security at 1-800-772-1213 (TTY users call 1-800-325-0778).

Section 2.4 U.S. citizen or lawful presence

You must be a U.S. citizen or lawfully present in the United States to be a member of a Medicare health plan. Medicare (the Centers for Medicare & Medicaid Services) will notify Select Health Medicare Dual if you’re not eligible to stay a member of our plan on this basis. Select Health Medicare Dual must disenroll you if you don’t meet this requirement.

SECTION 3 Important membership materials

Section 3.1 Our plan membership card

Use your membership card whenever you get services covered by our plan and for prescription drugs you get at network pharmacies. You should also show the provider your Medicaid card. Sample membership card:

Select Health Medicare (Plan Name) (Plan Type) (Plan ID)	
In-Network Medical Benefits	Pharmacy Benefits
Medical Deductible: \$xxx	Rx Deductible: \$xxx
Preventive Care: \$xx	Tier 1: \$xx
Primary Care: \$xx	Tier 2: \$xx
Specialty Care: \$xx	Tier 3: \$xx
Virtual Urgent Care: \$xx	Tier 4: \$xx
Urgent Care Clinic: \$xx	Tier 5: \$xx
Emergency Room: \$xxx	
	RX BIN: 012345
	RX PCN: 0123
	RX GRP ID: U10000xx

DON’T use your red, white, and blue Medicare card for covered medical services while you’re a member of this plan. If you use your Medicare card instead of your *Select Health Medicare Dual* membership card, you may have to pay the full cost of medical services yourself. Keep your Medicare card in a safe place. You may be asked to show it if you need hospital services, hospice services, or participate in Medicare-approved clinical research studies (also called clinical trials).

If our plan membership card is damaged, lost, or stolen, call Member Services at **855-442-9900** (TTY users call **711**) right away and we'll send you a new card.

Section 3.2 Provider Directory

The *Provider Directory* <https://selecthealth.org/medicare/find-care/provider-directories> lists our current network providers and durable medical equipment suppliers. **Network providers** are the doctors and other health care professionals, medical groups, durable medical equipment suppliers, hospitals, and other health care facilities that have an agreement with us to accept our payment and any plan cost sharing as payment in full.

You must use network providers to get your medical care and services. If you go elsewhere without proper authorization, you'll have to pay in full. The only exceptions are emergencies, urgently needed services when the network isn't available (that is situations where it's unreasonable or not possible to get services in network), out-of-area dialysis services, and cases when Select Health Medicare Dual authorizes use of out-of-network providers.

The most recent list of providers on our website at <https://selecthealth.org/medicare/find-care/provider-directories>

If you don't have a *Provider Directory*, you can ask for a copy (electronically or in paper form) from Member Services **855-442-9900** (TTY users call **711**). Requested paper *Provider Directories* will be mailed to you within 3 business days.

Section 3.3 Pharmacy Directory

The *Pharmacy Directory* <https://selecthealth.org/medicare/find-care/provider-directories> lists our network pharmacies. **Network pharmacies** are pharmacies that agree to fill covered prescriptions for our plan members. Use the *Pharmacy Directory* to find the network pharmacy you want to use. Go to Chapter 5, Section 2.5 for information on when you can use pharmacies that aren't in our plan's network.

If you don't have a *Pharmacy Directory*, you can ask for a copy from Member Services **855-442-9900** (TTY users call **711**). You can also find this information on our website at <https://selecthealth.org/medicare/find-care/provider-directories>

Section 3.4 Drug List (formulary)

Our plan has a *List of Covered Drugs* (also called the Drug List or formulary). It tells which prescription drugs are covered under the Part D benefit in Select Health Medicare Dual. The drugs on this list are selected by our plan, with the help of doctors and pharmacists. The Drug List must meet Medicare's requirements. Drugs with negotiated prices under the Medicare Drug Price Negotiation Program will be included on your Drug List unless they have been removed and replaced as described in Chapter 5, Section 6. Medicare approved the *Select Health Medicare Dual* Drug List.

The Drug List also tells if there are any rules that restrict coverage for a drug.

We'll give you a copy of the Drug List. To get the most complete and current information about which drugs are covered, visit www.selecthealth.org/medicare or call Member Services **855-442-9900** (TTY users call **711**).

SECTION 4 Summary of Important Costs for 2026

	Your Costs in 2026

<p>Part D drug coverage deductible</p> <p>(Go to Chapter 6 Section 4 for details.)</p>	\$0
Part D drug coverage	Copayment during the Initial Coverage Stage:

(Go to Chapter 6 for details, including Yearly Deductible, Initial Coverage, and Catastrophic Coverage Stages.)

Your Costs in 2026

- **Generic: You pay \$0 copay; or \$1.60 copay; or \$4.90 copay depending on LIS level**
 - **Brand Name: You pay \$0 copay; or \$4.80 copay; or \$12.15 copay depending on LIS level**
- Catastrophic Coverage Stage:**
- **During this payment stage, you pay nothing for your covered Part D drugs.**

Your costs may include the following:

- Plan Premium (Section 4.1)
- Monthly Medicare Part B Premium (Section 4.2)
- Part D Late Enrollment Penalty (Section 4.3)
- Income Related Monthly Adjusted Amount (Section 4.4)
- Medicare Prescription Payment Plan Amount (Section 4.5)

Section 4.1 Plan premium

As a member of our plan, your plan premium is paid on your behalf by “Extra Help”.

If you *already* get help from one of these programs, **the information about premiums in this Evidence of Coverage may not apply to you.** We have sent you a separate document, called the *Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs* (also known as the *Low-Income Subsidy Rider* or the *LIS Rider*), which tells you about your drug coverage. If you don’t have this insert, call Member Services at 855-442-9900 (TTY users call **711**) and ask for the *LIS Rider*.

The Extra Help program helps people with limited resources pay for their drugs. Learn more about these programs in Chapter 2, Section 7. If you qualify, enrolling in one of these programs might lower your monthly plan premium.

Medicare Part B and Part D premiums differ for people with different incomes. If you have questions about these premiums, check your copy of the *Medicare & You 2026* handbook in the section called *2026 Medicare Cost*. Download a copy from the Medicare website

(www.Medicare.gov/medicare-and-you) or order a printed copy by phone at 1-800-MEDICARE (1-800-633-4227). TTY users call 1-877-486-2048.

Section 4.2 Monthly Medicare Part B Premium

Many members are required to pay other Medicare premiums

Some members are required to pay other Medicare premiums. As explained in Section 2 above to be eligible for our plan, you must maintain your eligibility for Medicaid as well as have both Medicare Part A and Medicare Part B. For most *Select Health Medicare Dual* members, Medicaid pays for your Part A premium (if you don't qualify for it automatically) and Part B premium.

If Medicaid isn't paying your Medicare premiums for you, you must continue to pay your Medicare premiums to stay a member of our plan. This includes your premium for Part B. You may also pay a premium for Part A if you aren't eligible for premium-free Part A.

Section 4.3 Part D Late Enrollment Penalty

Because you're dually-eligible, the LEP doesn't apply as long as you maintain your dually-eligible status, but if you lose your dually-eligible status, you may incur an LEP. The Part D late enrollment penalty is an additional premium that must be paid for Part D coverage if at any time after your initial enrollment period is over, there was a period of 63 days or more in a row when you didn't have Part D or other creditable drug coverage. Creditable prescription drug coverage is coverage that meets Medicare's minimum standards since it is expected to pay, on average, at least as much as Medicare's standard drug coverage. The cost of the late enrollment penalty depends on how long you went without Part D or other creditable prescription drug coverage. You'll have to pay this penalty for as long as you have Part D coverage.

You **don't** have to pay the Part D late enrollment penalty if:

- You get Extra Help from Medicare to help pay your drug costs.
- You went less than 63 days in a row without creditable coverage.
- You had creditable drug coverage through another source (like a former employer, union, TRICARE, or Veterans Health Administration (VA)). Your insurer or human resources department will tell you each year if your drug coverage is creditable coverage. You may get this information in a letter or a newsletter from that plan. Keep this information, because you may need it if you join a Medicare drug plan later.
 - **Note:** Any letter or notice must state that you had creditable prescription drug coverage that's expected to pay as much as Medicare's standard drug plan pays.

Chapter 1 Get started as a member

- **Note:** Prescription drug discount cards, free clinics, and drug discount websites aren't creditable prescription drug coverage.

Medicare determines the amount of the Part D late enrollment penalty. Here's how it works:

- First, count the number of full months that you delayed enrolling in a Medicare drug plan, after you were eligible to enroll. Or count the number of full months you did not have creditable drug coverage, if the break in coverage was 63 days or more. The penalty is 1% for every month that you didn't have creditable coverage. For example, if you go 14 months without coverage, the penalty percentage will be 14%.
- Then Medicare determines the amount of the average monthly plan premium for Medicare drug plans in the nation from the previous year (national base beneficiary premium). For 2026, this average premium amount is \$38.99.
- To calculate your monthly penalty, multiply the penalty percentage by the national base beneficiary premium and round to the nearest 10 cents. In the example here, it would be 14% times \$38.99, which equals \$5.45. This rounds to \$5.50. This amount would be added **to the monthly plan premium for someone with a Part D late enrollment penalty.**

Three important things to know about the monthly Part D late enrollment penalty:

- **The penalty may change each year**, because the national base beneficiary premium can change each year.
- **You'll continue to pay a penalty** every month for as long as you're enrolled in a plan that has Medicare Part D drug benefits, even if you change plans.
- If you're *under* 65 and enrolled in Medicare, the Part D late enrollment penalty will reset when you turn 65. After age 65, your Part D late enrollment penalty will be based only on the months you don't have coverage after your initial enrollment period for aging into Medicare.

If you disagree about your Part D late enrollment penalty, you or your representative can ask for a review. Generally, you must ask for this review **within 60 days** from the date on the first letter you get stating you have to pay a late enrollment penalty. However, if you were paying a penalty before you joined our plan, you may not have another chance to ask for a review of that late enrollment penalty.

Important: Don't stop paying your Part D late enrollment penalty while you're waiting for a review of the decision about your late enrollment penalty. If you do, you could be disenrolled for failure to pay our plan premiums.

Section 4.4 Income Related Monthly Adjustment Amount

If you lose eligibility for this plan because of changes in income, some members may be required to pay an extra charge for their Medicare plan, known as the Part D Income Related Monthly Adjustment Amount (IRMAA). The extra charge is calculated using your modified adjusted gross income as reported on your IRS tax return from 2 years ago. If this amount is above a certain amount, you'll pay the standard premium amount and the additional IRMAA. For more information on the extra amount you may have to pay based on your income, visit www.Medicare.gov/health-drug-plans/part-d/basics/costs.

If you have to pay an extra IRMAA, Social Security, not your Medicare plan, will send you a letter telling you what that extra amount will be. The extra amount will be withheld from your Social Security, Railroad Retirement Board, or Office of Personnel Management benefit check, no matter how you usually pay our plan premium, unless your monthly benefit isn't enough to cover the extra amount owed. If your benefit check isn't enough to cover the extra amount, you'll get a bill from Medicare. **You must pay the extra IRMAA to the government. It can't be paid with your monthly plan premium. If you don't pay the extra IRMAA, you'll be disenrolled from our plan and lose prescription drug coverage.**

If you disagree about paying an extra IRMAA, you can ask Social Security to review the decision. To find out how to do this, call Social Security at 1-800-772-1213 (TTY users call 1-800-325-0778).

Section 4.5 Medicare Prescription Payment Plan Amount

If you're participating in the Medicare Prescription Payment Plan, each month you'll pay our plan premium (if you have one) and you'll get a bill from your health or drug plan for your prescription drugs (instead of paying the pharmacy). Your monthly bill is based on what you owe for any prescriptions you get, plus your previous month's balance, divided by the number of months left in the year.

Chapter 2, Section 7 tells more about the Medicare Prescription Payment Plan. If you disagree with the amount billed as part of this payment option, you can follow the steps in Chapter 9 to make a complaint or appeal.

SECTION 5 More information about your monthly plan premium

Section 5.1 Our monthly plan premium won't change during the year

We're not allowed to change our plan's monthly plan premium amount during the year. If the monthly plan premium changes for next year, we'll tell you in September, and the new premium will take effect on January 1.

Chapter 1 Get started as a member

However, in some cases, you may be able to stop paying a late enrollment penalty, if you owe one, or you may need to start paying a late enrollment penalty. This could happen if you become eligible for Extra Help or lose your eligibility for Extra Help during the year.

- If you currently pay a Part D late enrollment penalty and become eligible for Extra Help during the year, you'd be able to stop paying your penalty.
- If you lose Extra Help, you may be subject to the Part D late enrollment penalty if you go 63 days or more in a row without Part D or other creditable drug coverage.

Find out more about Extra Help in Chapter 2, Section 7.

SECTION 6 Keep our plan membership record up to date

Your membership record has information from your enrollment form, including your address and phone number. It shows your specific plan coverage including your Primary Care Provider.

The doctors, hospitals, pharmacists, and other providers in our plan's network **use your membership record to know what services and drugs are covered and your cost-sharing amounts**. Because of this, it's very important to help us keep your information up to date.

If you have any of these changes, let us know:

- Changes to your name, address, or phone number
- Changes in any other health coverage you have (such as from your employer, your spouse or domestic partner's employer, workers' compensation, or Medicaid)
- Any liability claims, such as claims from an automobile accident
- If you're admitted to a nursing home
- If you get care in an out-of-area or out-of-network hospital or emergency room
- If your designated responsible party (such as a caregiver) changes
- If you participate in a clinical research study (**Note:** You're not required to tell our plan about clinical research studies you intend to participate in, but we encourage you to do so.)

If any of this information changes, let us know by calling Member Services **855-442-9900** (TTY users call **711**).

It's also important to contact Social Security if you move or change your mailing address. Call Social Security at 1-800-772-1213 (TTY users call 1-800-325-0778).

SECTION 7 How other insurance works with our plan

Medicare requires us to collect information about any other medical or drug coverage you have so we can coordinate any other coverage with your benefits under our plan. This is called **Coordination of Benefits**.

Once a year, we'll send you a letter that lists any other medical or drug coverage we know about. Read this information carefully. If it's correct, you don't need to do anything. If the information isn't correct, or if you have other coverage that's not listed, call Member Services **855-442-9900** (TTY users call **711**). You may need to give our plan member ID number to your other insurers (once you confirm their identity) so your bills are paid correctly and on time.

When you have other insurance (like employer group health coverage), Medicare rules decide whether our plan or your other insurance pays first. The insurance that pays first (the "primary payer") pays up to the limits of its coverage. The insurance that pays second, (the "secondary payer") only pays if there are costs left uncovered by the primary coverage. The secondary payer may not pay all uncovered costs. If you have other insurance, tell your doctor, hospital, and pharmacy.

These rules apply for employer or union group health plan coverage:

- If you have retiree coverage, Medicare pays first.
- If your group health plan coverage is based on your or a family member's current employment, who pays first depends on your age, the number of people employed by your employer, and whether you have Medicare based on age, disability, or End-Stage Renal Disease (ESRD):
 - If you're under 65 and disabled and you (or your family member) are still working, your group health plan pays first if the employer has 100 or more employees or at least one employer in a multiple employer plan has more than 100 employees.
 - If you're over 65 and you (or your spouse or domestic partner) are still working, your group health plan pays first if the employer has 20 or more employees or at least one employer in a multiple employer plan has more than 20 employees.
- If you have Medicare because of ESRD, your group health plan will pay first for the first 30 months after you become eligible for Medicare.

These types of coverage usually pay first for services related to each type:

- No-fault insurance (including automobile insurance)
- Liability (including automobile insurance)

Chapter 1 Get started as a member

- Black lung benefits
- Workers' compensation

Medicaid and TRICARE never pay first for Medicare-covered services. They only pay after Medicare and/or employer group health plans have paid.

How to ask for a coverage decision or appeal about your medical care

A coverage decision is a decision we make about your benefits and coverage or about the amount we pay for your medical services or Part D drugs. An appeal is a formal way of asking us to review and change a coverage decision. For more information on how to ask for coverage decisions or appeals about your medical care or Part D drugs, go to Chapter 9.

SECTION 2 Get help from Medicare

Medicare is the federal health insurance program for people 65 years of age or older, some people under age 65 with disabilities, and people with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a kidney transplant).

The federal agency in charge of Medicare is the Centers for Medicare & Medicaid Services (CMS). This agency contracts with Medicare Advantage organizations including our plan.

SECTION 3 State Health Insurance Assistance Program (SHIP)

The State Health Insurance Assistance Program (SHIP) is a government program with trained counselors in every state that offers free help, information, and answers to your Medicare questions. In Utah, the SHIP is called Senior Health Insurance Information Program.

SHIP is an independent state program (not connected with any insurance company or health plan) that gets money from the federal government to give free local health insurance counseling to people with Medicare.

SHIP counselors can help you understand your Medicare rights, make complaints about your medical care or treatment, and straighten out problems with your Medicare bills. SHIP counselors can also help you with Medicare questions or problems, help you understand your Medicare plan choices, and answer questions about switching plans.

SECTION 4 Quality Improvement Organization (QIO)

A designated Quality Improvement Organization (QIO) serves people with Medicare in each state. For Utah, the Quality Improvement Organization is called Acentra.

Acentra has a group of doctors and other health care professionals paid by Medicare to check on and help improve the quality of care for people with Medicare. Acentra is an independent organization. It's not connected with our plan.

Contact Acentra in any of these situations:

- You have a complaint about the quality of care you got. Examples of quality-of-care concerns include getting the wrong medication, unnecessary tests or procedures, or a misdiagnosis.

- You think coverage for your hospital stay is ending too soon.
- You think coverage for your home health care, skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services is ending too soon.

SECTION 5 Social Security

Social Security determines Medicare eligibility and handles Medicare enrollment. Social Security is also responsible for determining who has to pay an extra amount for Part D drug coverage because they have a higher income. If you got a letter from Social Security telling you that you have to pay the extra amount and have questions about the amount, or if your income went down because of a life-changing event, you can call Social Security to ask for reconsideration.

If you move or change your mailing address, contact Social Security to let them know.

SECTION 6 Medicaid

To be enrolled in this Dual Eligible Special Needs Plan, you must be enrolled in Medicare and also must receive certain levels of assistance from Department of Health and Human Services Division of Health Care Financing and Policy (Medicaid). (See Chapter 1, Section 2.1 "Special eligibility requirements for our plan" for the specific requirements for this plan.)

Medicaid is a joint federal and state government program that helps with medical costs for certain people with limited incomes and resources.

In addition, there are programs offered through Medicaid that help people with Medicare pay their Medicare costs, such as their Medicare premiums. These "Medicare Savings Programs" help people with limited income and resources save money each year:

- **Qualified Medicare Beneficiary Plus (QMB+):** Medicaid pays your Medicare Part A and Part B premiums, and other cost sharing amounts (like deductibles, coinsurance, and copayments). You are also eligible for full Medicaid benefits.
- **Specified Low-Income Medicare Beneficiary Plus (SLMB+):** Medicaid pays your Medicare Part B premiums. You are also eligible for full Medicaid benefits.
- **Qualifying Individual (QI):** Helps pay Part B premiums. You may be eligible for full Medicaid benefits under certain circumstances. Contact the state Medicaid office if you have questions on full Medicaid benefits for Qualifying Individuals.
- **Qualified Disabled & Working Individuals (QDWI):** Helps pay Part A premiums. You may be eligible for full Medicaid benefits under certain circumstances. Contact the state Medicaid office if you have questions on full Medicaid benefits for Qualifying Disabled & Working Individuals.
- **Full-Benefit Dual Eligible (FBDE):** At times, individuals may qualify for both limited coverage of Medicare cost sharing as well as full Medicaid benefits
- **Change Healthcare MyAdvocate** works with Select Health Medicare Dual members to identify and apply for programs that they may qualify for, in addition to assisting members with Recertification. Contact MyAdvocate Monday through Friday, 9 am to 6 pm at:

SECTION 7 Programs to help people pay for prescription drugs

The Medicare website (www.Medicare.gov/basics/costs/help/drug-costs) has information on ways to lower your prescription drug costs. The programs below can help people with limited incomes.

Extra Help from Medicare

Because you're eligible for Medicaid, you qualify for and get Extra Help from Medicare to pay for your prescription drug plan costs. You don't need to do anything further to get this Extra Help.

If you have questions about Extra Help, call:

- 1-800-MEDICARE (1-800-633-4227). TTY users call 1-877-486-2048;
- The Social Security Office at 1-800-772-1213, between 8 am and 7 pm, Monday through Friday. TTY users call 1-800-325-0778; or
- Your State Medicaid Office at 801-538-6155.
- Change Healthcare MyAdvocate works with Select Health Medicare Dual members to identify and apply for programs that they may qualify for, in addition to assisting members with Recertification. Contact MyAdvocate Monday through Friday 9 am to 6 pm at:
 - **844-794-2296** (TTY users should call **711**) - Select Health Medicare Complete and Part D Complete
 - **844-794-2297** (TTY users should call **711**) - Select Health Recert Complete

If you think you're paying an incorrect amount for your prescription at a pharmacy, our plan has a process to help you get evidence of your proper copayment amount. If you already have evidence of the right amount, we can help you share this evidence with us.

- Select Health Medicare Dual will accept any of the following documents as evidence:
 - A copy of your Medicaid card which includes your name and eligibility date during the period for which you believe you qualified for "Extra Help;"
 - A copy of a state document that confirms your active Medicaid status during the discrepant period;
 - A printout from the State electronic enrollment file showing your Medicaid status during the discrepant period;

Chapter 2 Phone numbers and resources

- A screen-print from the State’s Medicaid systems showing your Medicaid status during the discrepant period;
 - Other documentation provided by the State showing your Medicaid status during the discrepant period;
 - A letter from the Social Security Administration (SSA) showing that the individual receives Supplemental Security Income (SSI); or
 - An “Important Information” letter from SSA confirming that the beneficiary is “...automatically eligible for extra help...”
- For beneficiaries that are institutionalized or are receiving home and community based services (HCBS) and qualify for zero cost sharing, the following documents will be accepted as evidence of your proper cost sharing level:
 - A remittance from the facility showing Medicaid payment for a full calendar month for that individual during a month after June of the previous calendar year;
 - A copy of a state document that confirms Medicaid payment on behalf of the individual to the facility for a full calendar month after June of the previous calendar year;
 - A screen print from the State’s Medicaid systems showing that individual’s institutional status based on at least a full calendar month stay for Medicaid payment purposes during a month after June of the previous calendar year;
 - A copy of a State-issued Notice of Action, Notice of Determination, or Notice of Enrollment that includes the member’s name and HCBS eligibility date during a month after June of the previous calendar year;
 - A copy of a State-approved HCBS Service Plan that includes the member’s name and effective date beginning during a month after June of the previous calendar year;
 - A copy of a State-issued prior authorization approval letter for HCBS that includes the member’s name and effective date beginning during a month after June of the previous calendar year;
 - A copy of other documentation provided by the State showing HCBS eligibility status during a month after June of the previous calendar year; or
 - A copy of a state-issued document, such as a remittance advice, confirming payment for HCBS, including the member’s name and the dates of HCBS.
- Please fax your documentation to us at **801-442-6580**. Please include a phone number where we can contact you. If you cannot provide the documentation and need assistance or would like additional information, contact Member Services at **855-442-9900** (toll-free) (TTY users should call **711**). Hours are:

Chapter 2 Phone numbers and resources

- **October 1 to March 31:** Weekdays 7:00 a.m. to 8:00 p.m., Saturday and Sunday 8:00 a.m. to 8:00 p.m.
- **April 1 to September 30:** Weekdays 7:00 a.m. to 8:00 p.m., Saturday 9:00 a.m. to 2:00 p.m., closed Sunday.

Outside of these hours of operation, please leave a message and your call will be returned within one business day.

- When we get the evidence showing the right copayment level, we'll update our system so you can pay the right copayment amount when you get your next prescription. If you overpay your copayment, we'll pay you back, either by check or a future copayment credit. If the pharmacy didn't collect your copayment and you owe them a debt, we may make the payment directly to the pharmacy. If a state paid on your behalf, we may make payment directly to the state. Call Member Services at **855-442-9900** (TTY users call **711**) if you have questions.

What if you have Extra Help and coverage from an AIDS Drug Assistance Program (ADAP)?

The AIDS Drug Assistance Program (ADAP) helps people living with HIV/AIDS access life-saving HIV medications. Medicare Part D drugs that are also on the ADAP formulary qualify for prescription cost-sharing help through the Utah Department of Health, Bureau of Epidemiology.

Note: To be eligible for the ADAP in your state, people must meet certain criteria, including proof of state residence and HIV status, low income (as defined by the state), and uninsured/under-insured status. If you change plans, notify your local ADAP enrollment worker so you can continue to get help. For information on eligibility criteria, covered drugs, or how to enroll in the program, call For more information in Utah, contact the Utah Department of Health, Bureau of Epidemiology at **801-538-6197** (TTY users should call **711**).

Medicare Prescription Payment Plan

The Medicare Prescription Payment Plan is a payment option that works with your current drug coverage to help you manage your out-of-pocket costs for drugs covered by our plan by spreading them across **the calendar year** (January – December). Anyone with a Medicare drug plan or Medicare health plan with drug coverage (like a Medicare Advantage plan with drug coverage) can use this payment option. **This payment option might help you manage your expenses, but it doesn't save you money or lower your drug costs. If you're participating in the Medicare Prescription Payment Plan and stay in the same Part D plan, your participation will be automatically renewed for 2026.** Extra Help from Medicare and help from your SPAP and ADAP, for those who qualify, is more advantageous than

participation in the Medicare Prescription Payment Plan. To learn more about this payment option, call Member Services at **855-442-9900** (TTY users call **711**) or visit www.Medicare.gov.

SECTION 9 If you have group insurance or other health insurance from an employer

If you (or your spouse or domestic partner) get benefits from your (or your spouse or domestic partner’s) employer or retiree group as part of this plan, call the employer/union benefits administrator or Member Services at **855-442-9900** (TTY users call **711**) with any questions. You can ask about your (or your spouse or domestic partner’s) employer or retiree health benefits, premiums, or the enrollment period. (Phone numbers for Member Services are printed on the back cover of this document.) You can call 1-800-MEDICARE (1-800-633-4227) with questions about your Medicare coverage under this plan. TTY users call 1-877-486-2048.

If you have other drug coverage through your (or your spouse or domestic partner’s) employer or retiree group, contact **that group’s benefits administrator**. The benefits administrator can help you understand how your current drug coverage will work with our plan.

CHAPTER 3:

Using our plan for your medical and other covered services

SECTION 1 How to get medical care as a member of our plan

This chapter explains what you need to know about using our plan to get your medical care and other services covered. For details on what medical care is OR and other services our plan covers, go to the Medical Benefits Chart in Chapter 4.

Section 1.1 Network providers and covered services

- **Providers** are doctors and other health care professionals licensed by the state to provide medical services and care. The term “providers” also includes hospitals and other health care facilities.
- **Network providers** are the doctors and other health care professionals, medical groups, hospitals, and other health care facilities that have an agreement with us to accept our payment as payment in full. We arranged for these providers to deliver covered services to members in our plan. The providers in our network bill us directly for care they give you. When you see a network provider, you pay only your share of the cost for covered services.
- **Covered services** include all the medical care, health care services, supplies, equipment, and prescription drugs that are covered by our plan. Your covered services for medical care are listed in the Medical Benefits Chart in Chapter 4. Your covered services for prescription drugs are discussed in Chapter 5.

Section 1.2 Basic rules for your medical care and other services to be covered by our plan

As a Medicare health plan, Select Health Medicare Dual must cover all services covered by Original Medicare and may offer other services in addition to those covered under Original Medicare.

Select Health Medicare Dual will generally cover your medical care as long as:

- **The care you get is included in our plan’s Medical Benefits Chart** in Chapter 4.

Chapter 3 Using our plan for your medical and other covered services

- **The care you get is considered medically necessary.** Medically necessary means that the services, supplies, equipment, or drugs are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.
- **You have a network primary care provider (a PCP) providing and overseeing your care.** As a member of our plan, you must choose a network PCP (go to Section 2.1 for more information).
- **You must get your care from a network provider** (see Section 2). In most cases, care you get from an out-of-network provider (a provider who's not part of our plan's network) won't be covered. This means that you have to pay the provider in full for services you get. Here are 3 exceptions:
 - Our plan covers emergency care or urgently needed services you get from an out-of-network provider. For more information, and to see what emergency or urgently needed services are, go to Section 3.
 - If you need medical care that Medicare requires our plan to cover but there are no specialists in our network that provide this care, you can get this care from an out-of-network provider at the same cost sharing you normally pay in-network. However, you must obtain authorization from our plan prior to seeking care. In this situation, we'll cover these services as if you got the care from a network provider. For information about getting approval to see an out-of-network doctor, go to Section 2.4.
 - Our plan covers kidney dialysis services you get at a Medicare-certified dialysis facility when you're temporarily outside our plan's service area or when your provider for this service is temporarily unavailable or inaccessible. The cost sharing you pay our plan for dialysis can never be higher than the cost sharing in Original Medicare. If you're outside our plan's service area and get dialysis from a provider outside our plan's network, your cost sharing can't be higher than the cost sharing you pay in-network. However, if your usual in-network provider for dialysis is temporarily unavailable and you choose to get services inside our service area from a provider outside our plan's network, your cost sharing for the dialysis may be higher.

SECTION 2 Use providers in our plan's network to get medical care and other services

Section 2.1 You must choose a Primary Care Provider (PCP) to provide and oversee your care**What is a PCP and what does the PCP do for you?**

Chapter 3 Using our plan for your medical and other covered services

Your Primary Care Provider (PCP) is the health care provider that you see to receive the care that you need to keep you healthy. He or she is usually the physician that you see most frequently and will diagnose and treat most common medical problems. Your PCP will help you coordinate all of your medical care and will communicate with specialist physicians and other health care providers to address your medical needs. As an in-network provider, your PCP will request prior authorization when required.

Your Primary Care Provider may be any of the following provider types:

- Family Medicine
- Internal Medicine
- Geriatrician

Services your PCP will usually provide include:

- Welcome to Medicare visit
- Annual Routine Physical and Annual Wellness Visit
- Immunizations
- Preventive Care Services (see preventive care benefit information)
- Chronic Condition management (such as diabetes, hypertension, obesity treatments)
- Urgent Care needs

How to choose a PCP

In-network PCPs can be found in the *Provider Directory*. If you would like us to help you select a PCP, please call Member Services (numbers are printed on the back cover of this booklet). If you already have a PCP when you enroll in Select Health Medicare Dual, make sure that he or she is a network provider listed in the *Provider Directory*. You are responsible to confirm that your provider is contracted with our Plan. For the most updated Provider Directory information, please call Member Services or visit our website at www.selecthealth.org/medicare. If you do not choose a PCP, we will assign one to you. You can change your PCP at any time by contacting us as outlined below.

Member Advocates can also help you choose or change your Primary Care Physician. Member Advocates act as an intermediary for you and in-network providers to achieve effective communication, better care outcomes, and your complete satisfaction. They specialize in helping you find the right doctor for your needs. They can assist you in scheduling an appointment, as well as help you finding the closest facility or doctor with the soonest available appointment. You can reach a Member Advocate by calling toll-free **800-515-2220** (TTY users should call **711**) weekdays from 7:00 a.m. to 8:00 p.m. and Saturdays from 9:00 a.m. to 2:00 p.m.

Chapter 3 Using our plan for your medical and other covered services

How to change your PCP

You can change your PCP for any reason, at any time. It's also possible that your PCP might leave our plan's network of providers, and you'd need to choose a new PCP.

If you need to change your PCP, simply call Member Services and notify us of the change. The change will take effect on the first day of the month following the date of the request.

Section 2.2 How to get care from specialists and other network providers

A specialist is a doctor who provides health care services for a specific disease or part of the body. There are many kinds of specialists. For example:

- Oncologists care for patients with cancer
- Cardiologists care for patients with heart conditions
- Orthopedists care for patients with certain bone, joint, or muscle conditions

Although your plan does not require referrals in order to receive care from a specialist, it is generally good practice to coordinate care through your PCP and allow them to help determine if specialty care is needed. PCPs are able to treat a wide range of problems and can often do so at a lower cost to you than seeing a specialist.

In-network providers are responsible to obtain prior authorization for services when required. As long as you use in-network providers you will not be required to request prior authorization. If you use out-of-network providers, you are responsible to seek prior authorization for services when required. The plan makes the decision on whether the service will be covered. Refer to Chapter 4, Section 2.1 for information about which services require prior authorization.

Finding a Select Health Medicare Specialist Provider

In-network Specialist Providers (SCP) can be found in the *Provider Directory*. You can also go to www.selecthealth.org/medicare click on "Find a Doctor," and choose the type of specialist that is needed from the list to find the most current list of participating providers.

Member Advocates can also help you find a SCP to fit your needs. They specialize in helping you find the right doctor for your needs. They can assist you in scheduling an appointment, as well as help you finding the closest facility or doctor with the soonest available appointment. You can reach a Member Advocate by calling toll-free **800-515-2220** (TTY users should call **711**) weekdays from 7:00 a.m. to 8:00 p.m. and Saturdays from 9:00 a.m. to 2:00 p.m.

If you need a Select Health Medicare *Provider Directory* or want help finding a provider, please call Member Services (phone numbers for Member Services are printed on the back cover of this booklet.). Always make sure your provider is in the network before you get care.

Finding a Select Health Medicare Dental Provider

To find a provider for your dental plan, see the Select Health Medicare Dental *Provider Directory*. You can also go to selecthealth.org/medicare, click on “Find a Doctor,” and choose Dental Medicare from the list to find the most current list of participating dental providers.

If you need a Select Health Medicare Dental *Provider Directory* or want help finding a provider, please call Member Services (phone numbers for Member Services are printed on the back cover of this booklet.). Always make sure your provider is in the network before you get care.

Finding an EyeMed Provider or Vision Care® Hardware Retailer

The EyeMed Access network is for routine eye exams, refractions and vision hardware. This means you are able to use the same provider for your eye exam and vision hardware. You may choose to get vision hardware (contacts, frames, & lenses) or routine eye exams from any EyeMed Vision provider in the Access Network.

To find a provider for eye exams, or a retailer for your vision hardware, or get assistance with questions about your benefit, call EyeMed Vision Member Services at **844-872-8868** (TTY users should call **711**). Hours are:

- **April 1 to September 30:** Monday - Friday 6:00 a.m. to 12:00 a.m., Saturday 6:00 a.m. to 9:00 p.m., and Sunday 9:00 a.m. to 6:00 p.m.
- **October 1 to March 31:** Monday - Saturday 6:00 a.m. to 12:00 a.m., Sunday 6:00 a.m. to 12:00 a.m.

You can also go to www.selecthealth.org/medicare, and log into your member account. Once you log in you will land on the Dashboard page where you will find the EyeMed card. From there you can choose to access your EyeMed account to get to the EyeMed member portal. Use the search tool to find a provider or retailer near you in the Access network.

Finding a Hearing Aid Provider with NationsHearing

Hearing aids, routine hearing exams, and exams to fit hearing aids are not covered unless you use an approved provider with NationsHearing. To find a provider visit **SelectHealth.NationsBenefits.com/Hearing** or call **833-878-0232** (TTY: **711**), 8 a.m. - 8 p.m., seven days a week, 365 days a year.

Finding a Silver&Fit® Healthy Aging and Exercise Program Fitness Center

To find a participating in-network fitness center for your Silver&Fit Healthy Aging and Exercise Program benefit, go to silverandfit.com, create a member account and/or log in to your account. Scroll down to the Fitness Center Network section and enter your zip code to find

Chapter 3 Using our plan for your medical and other covered services

the most up to date list of participating fitness centers near you. From the home page, you can also find information on other programs and features available to you with the Silver&Fit program. You can also call Silver&Fit customer service by calling **877-427-4788** (TTY users should call **711**) weekdays from 6:00 a.m. to 7:00 p.m.

Note:

- Participating facilities and fitness chains may vary by location and are subject to change.
- All programs and services are not available in all areas

When a specialist or another network provider leaves our plan

We may make changes to the hospitals, doctors, and specialists (providers) in our plan's network during the year. If your doctor or specialist leaves our plan, you have these rights and protections:

- Even though our network of providers may change during the year, Medicare requires that you have uninterrupted access to qualified doctors and specialists.
- We'll notify you that your provider is leaving our plan so that you have time to choose a new provider.
 - If your primary care or behavioral health provider leaves our plan, we'll notify you if you visited that provider within the past 3 years.
 - If any of your other providers leave our plan, we'll notify you if you're assigned to the provider, currently get care from them, or visited them within the past 3 months.
- We'll help you choose a new qualified in-network provider for continued care.
- If you're undergoing medical treatment or therapies with your current provider, you have the right to ask to continue getting medically necessary treatment or therapies. We'll work with you so you can continue to get care.
- We'll give you information about available enrollment periods and options you may have for changing plans.
- When an in-network provider or benefit is unavailable or inadequate to meet your medical needs, we'll arrange for any medically necessary covered benefit outside of our provider network at in-network cost sharing, after prior authorization has been approved.
- If you find out your doctor or specialist is leaving our plan, contact us so we can help you choose a new provider to manage your care.
- If you believe we haven't furnished you with a qualified provider to replace your previous provider or that your care isn't being appropriately managed, you have the

Chapter 3 Using our plan for your medical and other covered services

right to file a quality-of-care complaint to the QIO, a quality-of-care grievance to our plan, or both (go to Chapter 9).

Section 2.3 How to get care from out-of-network providers

In general, care is not covered from providers that are not part of the Select Health Medicare network. If you need covered services that are not available through a contracted provider, then we will arrange for you to receive care from a provider outside the network. Call Member Services for help arranging for services from out-of-network providers.

Covered services may be received from out-of-network providers for emergency or out of area urgently needed services. In addition, we will cover dialysis services for members with ESRD who have traveled outside our plan's service area and aren't able to access contracted ESRD providers.

SECTION 3 How to get services in an emergency, disaster, or urgent need for care

Section 3.1 Get care if you have a medical emergency

A **medical emergency** is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent your loss of life (and, if you're a pregnant woman, loss of an unborn child), loss of a limb or function of a limb, or loss of or serious impairment to a bodily function. The medical symptoms may be an illness, injury, severe pain, or a medical condition that's quickly getting worse.

If you have a medical emergency:

- **Get help as quickly as possible.** Call 911 for help or go to the nearest emergency room or hospital. Call for an ambulance if you need it. You don't need to get approval or a referral first from your PCP. You don't need to use a network doctor. You can get covered emergency medical care whenever you need it, anywhere in the United States or its territories, and from any provider with an appropriate state license even if they're not part of our network

Covered services in a medical emergency

Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. We also cover medical services during the emergency.

The doctors giving you emergency care will decide when your condition is stable and when the medical emergency is over.

Chapter 3 Using our plan for your medical and other covered services

After the emergency is over, you're entitled to follow-up care to be sure your condition continues to be stable. Your doctors will continue to treat you until your doctors contact us and make plans for additional care. Your follow-up care will be covered by our plan.

If your emergency care is provided by out-of-network providers, we'll try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

What if it wasn't a medical emergency?

Sometimes it can be hard to know if you have a medical emergency. For example, you might go in for emergency care—thinking that your health is in serious danger—and the doctor may say that it wasn't a medical emergency after all. If it turns out that it wasn't an emergency, as long as you reasonably thought your health was in serious danger, we'll cover your care.

However, after the doctor says it wasn't an emergency, we'll cover additional care only if you get the additional care in one of these 2 ways:

- You go to a network provider to get the additional care.
- The additional care you get is considered urgently needed services and you follow the rules below for getting this urgent care.

Section 3.2 Get care when you have an urgent need for services

A service that requires immediate medical attention (but isn't an emergency) is an urgently needed service if you're either temporarily outside our plan's service area, or if it's unreasonable given your time, place, and circumstances to get this service from network providers. Examples of urgently needed services are unforeseen medical illnesses and injuries, or unexpected flare-ups of existing conditions. However, medically necessary routine provider visits, such as annual checkups, aren't considered urgently needed even if you're outside our plan's service area or our plan network is temporarily unavailable.

If you are seeking care after hours, or you are unable to find an in-network provider, you can go to an Intermountain InstaCare® or other in-network urgent care facility or contact our Member Advocates. They specialize in helping you find the right doctor for your needs. They can assist you in scheduling an appointment, including urgent conditions, as well as help you find the closest facility or doctor with the soonest available appointment. You can reach a Member Advocate by calling toll-free **800-515-2220** (TTY users should call **711**) weekdays from 7:00 a.m. to 8:00 p.m. and Saturdays from 9:00 a.m. to 2:00 p.m.

When you are outside the service area and cannot get care from a network provider, our plan will cover urgently needed services that you get from any provider.

Chapter 3 Using our plan for your medical and other covered services

Our plan covers worldwide emergency and urgent care services outside the United States. You pay the same copay amount while traveling that you would pay if you use in-network providers. If you are asked to pay up front for services while traveling outside the United States, and need to seek reimbursement from us, see Chapter 7 (Asking us to pay our share of a bill you have received for covered medical services or drugs) for information on how to ask us to reimburse you.

Section 3.3 Get care during a disaster

If the Governor of your state, the U.S. Secretary of Health and Human Services, or the President of the United States declares a state of disaster or emergency in your geographic area, you're still entitled to care from our plan.

Visit www.ready.gov for information on how to get needed care during a disaster.

If you can't use a network provider during a disaster, our plan will allow you to get care from out-of-network providers at in-network cost sharing. If you can't use a network pharmacy during a disaster, you may be able to fill your prescriptions at an out-of-network pharmacy. Go to Chapter 5, Section 2.5.

SECTION 4 What if you're billed directly for the full cost of covered services?

If you paid more than our plan cost sharing for covered services, or if you get a bill for covered medical services, you can ask us to pay our share of the cost of covered services. Go to Chapter 7 for information about what to do.

Section 4.1 If services aren't covered by our plan

Select Health Medicare Dual covers all medically necessary services as listed in the Medical Benefits Chart in Chapter 4. If you get services that aren't covered by our plan, or you get services out-of-network without authorization, you're responsible for paying the full cost of services.

For covered services that have a benefit limitation, you also pay the full cost of any services you get after you use up your benefit for that type of covered service. Paying for services once a benefit limit has been reached will not count toward an out-of-pocket maximum. You can call Member Services when you want to know how much of your benefit limit you have already used.

SECTION 5 Medical services in a clinical research study

Section 5.1 What is a clinical research study

A clinical research study (also called a *clinical trial*) is a way that doctors and scientists test new types of medical care, like how well a new cancer drug works. Certain clinical research studies are approved by Medicare. Clinical research studies approved by Medicare typically ask for volunteers to participate in the study. When you're in a clinical research study, you can stay enrolled in our plan and continue to get the rest of your care (care that's not related to the study) through our plan.

If you participate in a Medicare-approved study, Original Medicare pays most of the costs for covered services you get as part of the study. If you tell us that you're in a qualified clinical trial, you're only responsible for the in-network cost sharing for the services in that trial. If you paid more—for example, if you already paid the Original Medicare cost-sharing amount—we'll reimburse the difference between what you paid and the in-network cost sharing. You'll need to provide documentation to show us how much you paid.

If you want to participate in any Medicare-approved clinical research study, you don't need to tell us or get approval from us or your PCP. The providers that deliver your care as part of the clinical research study don't need to be part of our plan's network. (This doesn't apply to covered benefits that require a clinical trial or registry to assess the benefit, including certain benefits requiring coverage with evidence development (NCDs-CED) and investigational device exemption (IDE) studies. These benefits may also be subject to prior authorization and other plan rules.)

While you don't need our plan's permission to be in a clinical research study, we encourage you to notify us in advance when you choose to participate in Medicare-qualified clinical trials.

If you participate in a study not approved by Medicare, you'll be responsible for paying all costs for your participation in the study.

Section 5.2 Who pays for services in a clinical research study

Once you join a Medicare-approved clinical research study, Original Medicare covers the routine items and services you get as part of the study, including:

- Room and board for a hospital stay that Medicare would pay for even if you weren't in a study.
- An operation or other medical procedure if it is part of the research study.
- Treatment of side effects and complications of the new care.

Chapter 3 Using our plan for your medical and other covered services

After Medicare pays its share of the cost for these services, our plan will pay the difference between the cost sharing in Original Medicare and your in-network cost sharing as a member of our plan. This means you'll pay the same amount for services you get as part of the study as you would if you got these services from our plan. However, you must submit documentation showing how much cost sharing you paid. Go to Chapter 7 for more information on submitting requests for payments.

Example of cost sharing in a clinical trial: Let's say you have a lab test that costs \$100 as part of the research study. Your share of the costs for this test is \$20 under Original Medicare, but the test would be \$10 under our plan. In this case, Original Medicare would pay \$80 for the test, and you would pay the \$20 copay required under Original Medicare. You would notify our plan that you got a qualified clinical trial service and submit documentation (like a provider bill) to our plan. Our plan would then directly pay you \$10. This makes your net payment for the test \$10, the same amount you'd pay under our plan's benefits.

When you're in a clinical research study, **neither Medicare nor our plan will pay for any of the following:**

- Generally, Medicare won't pay for the new item or service the study is testing unless Medicare would cover the item or service even if you weren't in a study.
- Items or services provided only to collect data and not used in your direct health care. For example, Medicare won't pay for monthly CT scans done as part of a study if your medical condition would normally require only one CT scan.
- Items and services provided by the research sponsors free-of-charge for people in the trial.

SECTION 6 Rules for getting care in a religious non-medical health care institution

Section 6.1 A religious non-medical health care institution

A religious non-medical health care institution is a facility that provides care for a condition that would ordinarily be treated in a hospital or skilled nursing facility. If getting care in a

Chapter 3 Using our plan for your medical and other covered services

hospital or a skilled nursing facility is against a member's religious beliefs, we'll instead cover care in a religious non-medical health care institution. This benefit is provided only for Part A inpatient services (non-medical health care services).

Section 6.2 How to get care from a religious non-medical health care institution

To get care from a religious non-medical health care institution, you must sign a legal document that says you're conscientiously opposed to getting medical treatment that's **non-excepted**.

- **Non-excepted** medical care or treatment is any medical care or treatment that's *voluntary* and *not required* by any federal, state, or local law.
- **Excepted** medical treatment is medical care or treatment you get that's *not* voluntary or *is required* under federal, state, or local law.

To be covered by our plan, the care you get from a religious non-medical health care institution must meet the following conditions:

- The facility providing the care must be certified by Medicare.
- Our plan only covers *non-religious* aspects of care.
- If you get services from this institution provided to you in a facility, the following conditions apply:
 - You must have a medical condition that would allow you to get covered services for inpatient hospital care or skilled nursing facility care.
 - – *and* – you must get approval in advance from our plan before you're admitted to the facility, or your stay won't be covered.

You are covered for an unlimited number of medically-necessary inpatient hospital acute care days. Refer to Chapter 4, Section 2.1, Inpatient Hospital Benefits for additional information.

SECTION 7 Rules for ownership of durable medical equipment

Section 7.1 You won't own some durable medical equipment after making a certain number of payments under our plan

Durable medical equipment (DME) includes items like oxygen equipment and supplies, wheelchairs, walkers, powered mattress systems, crutches, diabetic supplies, speech generating devices, IV infusion pumps, nebulizers, and hospital beds ordered by a provider for members to use in the home. The member always owns some DME items, like prosthetics. Other types of DME you must rent.

Chapter 3 Using our plan for your medical and other covered services

In Original Medicare, people who rent certain types of DME own the equipment after paying copayments for the item for 13 months. **As a member of Select Health Medicare Dual, you won't get ownership of rented DME items no matter how many copayments you make for the item while a member of our plan.** You won't get ownership, even if you made up to 12 consecutive payments for the DME item under Original Medicare before you joined our plan. Under some limited circumstances, we'll transfer ownership of the DME item to you. Call Member Services at **855-442-9900**. (TTY users call **711**) for more information.]

What happens to payments you made for durable medical equipment if you switch to Original Medicare?

If you didn't get ownership of the DME item while in our plan, you'll have to make 13 new consecutive payments after you switch to Original Medicare to own the DME item. The payments you made while enrolled in our plan don't count towards these 13 payments.

Example 1: You made 12 or fewer consecutive payments for the item in Original Medicare and then joined our plan. The payments you made in Original Medicare don't count.

Example 2: You made 12 or fewer consecutive payments for the item in Original Medicare and then joined our plan. You didn't get ownership of the item while in our plan. You then go back to Original Medicare. You'll have to make 13 consecutive new payments to own the item once you rejoin Original Medicare. Any payments you already made (whether to our plan or to Original Medicare) don't count.

Section 7.2 Rules for oxygen equipment, supplies, and maintenance

If you qualify for Medicare oxygen equipment coverage Select Health Medicare Dual will cover:

- Rental of oxygen equipment
- Delivery of oxygen and oxygen contents
- Tubing and related oxygen accessories for the delivery of oxygen and oxygen contents
- Maintenance and repairs of oxygen equipment

If you leave Select Health Medicare Dual or no longer medically require oxygen equipment, the oxygen equipment must be returned.

What happens if you leave our plan and return to Original Medicare?

Chapter 3 Using our plan for your medical and other covered services

Original Medicare requires an oxygen supplier to provide you services for 5 years. During the first 36 months, you rent the equipment. For the remaining 24 months, the supplier provides the equipment and maintenance (you're still responsible for the copayment for oxygen). After 5 years, you can choose to stay with the same company or go to another company. At this point, the 5-year cycle starts over again, even if you stay with the same company, and you're again required to pay copayments for the first 36 months. If you join or leave our plan, the 5-year cycle starts over.

CHAPTER 4:

Medical Benefits Chart

(what's covered and what you pay)

SECTION 1 Understanding covered services

The Medical Benefits Chart lists your covered services as a member of Select Health Medicare Dual. This section also gives information about medical services that aren't covered and explains limits on certain services.

Section 1.1 You pay nothing for your covered services

Because you get help from Medicaid, you pay nothing for your covered services as long as you follow our plans' rules for getting your care. (Go to Chapter 3 for more information about our plans' rules for getting your care.)

Section 1.2 What's the most you'll pay for covered medical services?

Note: Because our members also get help from Medicaid, very few members ever reach this out-of-pocket maximum. You're not responsible for paying any out-of-pocket costs toward the maximum out-of-pocket amount for covered Part A and Part B services.

Medicare Advantage Plans have limits on the amount you have to pay out-of-pocket each year for medical services covered by our plan. This limit is called the maximum out-of-pocket (MOOP) amount for medical services. **For calendar year 2026 the MOOP amount is \$8,850.**

SECTION 2 The Medical Benefits Chart shows your medical benefits and costs

The Medical Benefits Chart on the next pages lists the services Select Health Medicare Dual covers (Part D drug coverage is in Chapter 5). The services listed in the Medical Benefits Chart are covered only when these requirements are met:

- Your Medicare covered services must be provided according to Medicare coverage guidelines.
- Your services (including medical care, services, supplies, equipment, and Part B drugs) *must* be medically necessary. Medically necessary means that the services, supplies, or

Chapter 4 Medical Benefits Chart (what's covered and what you pay)

drugs are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.

- For new enrollees, your MA coordinated care plan must provide a minimum 90-day transition period, during which time the new MA plan may not require prior authorization for any active course of treatment, even if the course of treatment was for a service that commenced with an out-of-network provider.
- You get your care from a network provider. In most cases, care you get from an out-of-network provider won't be covered unless it's emergency or urgent care, or unless our plan or a network provider gave you a referral. This means that you pay the provider in full for out-of-network services you get.
- You have a primary care provider (a PCP) providing and overseeing your care.
- Some services listed in the Medical Benefits Chart are covered *only* if your doctor or other network provider gets approval from us in advance (sometimes called prior authorization). Covered services that need approval in advance are marked in the Medical Benefits Chart by an asterisk. These services not listed in the Medical Benefits Chart also require prior authorization:
 - Abortion procedures
 - Acupuncture services
 - All admissions to facilities, including (but not limited to) rehabilitation, residential treatment, transitional care, skilled nursing facilities and all hospitalizations, partial hospitalizations, or observations that are not for urgent or emergency conditions

Chapter 4 Medical Benefits Chart (what's covered and what you pay)

Other important things to know about our coverage:

- You're covered by both Medicare and Medicaid. Medicare covers health care and prescription drugs. Medicaid covers your cost sharing for Medicare services. Medicaid also covers services Medicare doesn't cover.
- Like all Medicare health plans, we cover everything that Original Medicare covers. (To learn more about the coverage and costs of Original Medicare, go to your *Medicare & You 2026* handbook. View it online at www.Medicare.gov or ask for a copy by calling 1-800-MEDICARE (1-800-633-4227). TTY users call 1-877-486-2048.)
- For preventive services covered at no cost under Original Medicare, we also cover those services at no cost to you. However, if you're also treated or monitored for an existing medical condition during the visit when you get the preventive service, a copayment will apply for the care you got for the existing medical condition.
- If Medicare adds coverage for any new services during 2026, either Medicare or our plan will cover those services.
- If you're within our plan's 3-month period of deemed continued eligibility, we'll continue to provide all Medicare Advantage plan-covered Medicare benefits. However, during this period, we won't continue to cover Medicaid benefits that are included under the applicable Medicaid State Plan, nor will we pay the Medicare premiums or cost sharing for which the state would otherwise be liable had you not lost your Medicaid eligibility. The amount you pay for Medicare-covered services may increase during this period.

You don't pay anything for the Medicare Part A and B services listed in the Medical Benefits Chart, as long as you meet the coverage requirements described above.

Important Benefit Information for People Who Qualify for Extra Help:

- If you get Extra Help to pay your Medicare drug coverage costs, you may be eligible for other targeted supplemental benefits and/or targeted reduced cost sharing.

Important Benefit Information for Enrollees with Chronic Conditions

- If you're diagnosed with any of the chronic condition(s) listed below and meet certain criteria, you may be eligible for special supplemental benefits for the chronically ill.
 - Autoimmune disorders (e.g., rheumatoid arthritis, lupus, vitiligo, hypothyroidism)
 - Cancer (includes any type of cancer or precancer diagnosis, includes cancer diagnoses you are currently being treated for or have been treated for within the past year)

Chapter 4 Medical Benefits Chart (what's covered and what you pay)

- Cardiovascular disorders (e.g., heart attack, heart valve disease, peripheral vascular disease)
 - Chronic alcohol use disorder and other substance use disorders (SUDs)
 - Chronic and disabling mental health conditions (e.g., depression, anxiety, bipolar disorder, ADHD)
 - Chronic heart failure
 - Chronic Kidney Disease (e.g. kidney stones, elevated kidney test results)
 - Chronic gastrointestinal disease
 - Chronic lung disorders (e.g., Chronic Obstructive Pulmonary Disorder (COPD), asthma)
 - Dementia (e.g. significant memory loss, Alzheimer's disease)
 - Diabetes (includes prediabetes)
 - HIV/AIDS
 - Chronic Hypertension (i.e., treatment for high blood pressure)
 - Chronic Malnutrition (e.g., vitamin or mineral deficiencies, eating disorders)
 - Chronic Musculoskeletal Disorders (e.g., arthritis, muscle wasting/weakness, back pain, foot pain, other chronic joint pain)
 - Chronic Hyperlipidemia
 - Neurologic disorders (e.g., migraines, peripheral neuropathy, ALS)
 - Obesity (BMI higher than recommended for your age/gender/ethnicity)
 - Severe hematologic disorders (e.g., anemia, hemophilia, polycythemia (high blood count), leukemia)
 - Stroke
- Once we are notified that you have one of the chronic conditions above, we will do the following to verify that chronic condition:
 - If you are a current member, we will attempt to verify the condition by reviewing claims received within the last year
 - Select Health will fax and call your provider to confirm chronic condition.
 - If we are not able to confirm your condition, we will notify you via letter that we were unsuccessful in our verification.
 - For more detail, go to the *Special Supplemental Benefits for the Chronically Ill* row in the Medical Benefits Chart below.

SECTION 3 Services covered outside of Select Health Medicare Dual

The following services aren't covered by Select Health Medicare Dual but are available through Medicaid: Personal Care Aids, Private duty nursing and Family Planning.

SECTION 4 Services that aren't covered by Select Health Medicare Dual

This section tells you what services are excluded from Medicare coverage.

The chart below lists services and items that either aren't covered under any conditions or are covered only under specific conditions.

If you get services that are excluded (not covered), you must pay for them yourself except under the specific conditions listed below. Even if you get the excluded services at an emergency facility, the excluded services are still not covered, and our plan will not pay for them. The only exception is if the service is appealed and decided: upon appeal to be a medical service that we should have paid for or covered because of your specific situation. (For information about appealing a decision we have made to not cover a medical service, go to Chapter 9, Section 6.3.)

All exclusions or limitations on services are described in the Benefits Chart or in the chart below.

Even if you receive the excluded services at an emergency facility, the excluded services are still not covered and our plan will not pay for them.

- Periodontal surgery is covered only once per quadrant every 36 months.
- Periodontal debridement is covered only once every 36 months.
- Periodontal scaling or root planing is covered only once per quadrant every 24 months.
- Periodontal maintenance is covered only twice per year in lieu of a cleaning.
- Replacement of bridges, dentures, implants, or other prosthodontic devices due to normal wear or use, loss of remaining teeth, or change in supporting tissue, is covered only after five years from the date of placement.
- Repair and/or adjustment of bridges, dentures, implants, or other prosthodontic devices due to normal wear or use is covered only after six months from the date of placement.
- Rebasing of dentures is covered only once every 36 months.
- Relining of dentures is covered only once every 18 months.

Chapter 4 Medical Benefits Chart (what's covered and what you pay)

- Replacement of crowns, crown buildups, veneers, inlays, onlays, or cast restorations is covered only once every 5 years.
- Localized delivery of anti-microbial agents via controlled release vehicle (arestin) procedure should not exceed three teeth per quadrant or 30% of the mouth per calendar year.

CHAPTER 5:

Using plan coverage for Part D drugs

How can you get information about your drug costs?

Because you're eligible for Medicaid, you qualify for and are getting Extra Help from Medicare to pay for your prescription drug plan costs. Because you're in the Extra Help program, **some information in this Evidence of Coverage about the costs for Part D prescription drugs may not apply to you.** We sent you a separate insert, called the *Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs* (also known as the *Low-Income Subsidy Rider* or the *LIS Rider*), which tells you about your drug coverage. If you don't have this insert, call Member Services at **855-442-9900** (TTY users call **711**) and ask for the *LIS Rider*. (Phone numbers for Member Services are printed on the back cover of this document.)

SECTION 1 Basic rules for our plan's Part D drug coverage

Go to the Medical Benefits Chart in Chapter 4 for Medicare Part B drug benefits and hospice drug benefits.

In addition to the drugs covered by Medicare, some prescription drugs are covered under your Medicaid benefits. Our Drug List tells you how to find out about your Medicaid drug coverage.

Our plan will generally cover your drugs as long as you follow these rules:

- You must have a provider (a doctor, dentist, or other prescriber) write you a prescription that's valid under applicable state law.
- Your prescriber must not be on Medicare's Exclusion or Preclusion Lists.
- You generally must use a network pharmacy to fill your prescription (Go to Section 2) *or you can fill your prescription through our plan's mail-order service.*
- Your drug must be on the plan's *List of Covered Drugs (Formulary)* (we call it the Drug List for short). (See Section 3 in this chapter.)
- Your drug must be on our plan's Drug List (Go to Section 3).
- Your drug must be used for a medically accepted indication. A "medically accepted indication" is a use of the drug that's either approved by the FDA or supported by certain references. (Go to Section 3 for more information about a medically accepted indication.)

- Your drug may require approval from our plan based on certain criteria before we agree to cover it. (Go to Section 4 for more information)

SECTION 2 Fill your prescription at a network pharmacy or through our plan's mail-order service

In most cases, your prescriptions are covered *only* if they're filled at our plan's network pharmacies. (Go to Section 2.5 for information about when we cover prescriptions filled at out-of-network pharmacies.)

A network pharmacy is a pharmacy that has a contract with our plan to provide your covered drugs. The term "covered drugs" means all the Part D drugs on our plan's Drug List.

Section 2.1 Network pharmacies

Find a network pharmacy in your area

To find a network pharmacy, go to your *Pharmacy Directory*, visit our website (<https://selecthealth.org/medicare/pharmacy/resources/pharmacy-benefits>), and/or call Member Services at **855-442-9900** (TTY users call **711**).

You may go to any of our network pharmacies.

If your pharmacy leaves the network

If the pharmacy you use leaves our plan's network, you'll have to find a new pharmacy in the network. To find another pharmacy in your area, get help from Member Services at **855-442-9900** (TTY users call **711**) or use the *Pharmacy Directory*. You can also find information on our website at www.selecthealth.org/medicare.

Specialized pharmacies

Some prescriptions must be filled at a specialized pharmacy. Specialized pharmacies include:

- Pharmacies that supply drugs for home infusion therapy.
- Pharmacies that supply drugs for residents of a long-term care (LTC) facility. Usually, a LTC facility (such as a nursing home) has its own pharmacy. If you have difficulty getting your Part D drugs in an LTC facility, call Member Services at **855-442-9900** (TTY users call **711**).
- Pharmacies that serve the Indian Health Service / Tribal / Urban Indian Health Program (not available in Puerto Rico). Except in emergencies, only Native Americans or Alaska Natives have access to these pharmacies in our network.

- Pharmacies that dispense drugs restricted by the FDA to certain locations or that require special handling, provider coordination, or education on its use. To locate a specialized pharmacy, go to your *Pharmacy Directory*
<https://selecthealth.org/medicare/pharmacy/resources/pharmacy-benefits> or call Member Services at **855-442-9900** (TTY users call **711**).

Section 2.2 Our plan's mail-order service

For certain kinds of drugs, you can use our plan's network mail-order service. Generally, the drugs provided through mail order are drugs you take on a regular basis, for a chronic or long-term medical condition. The drugs that aren't available through our plan's mail-order service are marked with a "NM" in our Drug List.

Our plan's mail-order service allows you to order **up to a 100-day supply**.

To get order forms and information about filling your prescriptions by mail go to the website at www.selecthealth.org/medicare or call Member Services (phone numbers are on the back cover of this booklet).

Usually, a mail-order pharmacy order will be delivered to you in no more than 7 days. If a medication takes more than 7 days to reach you, you may fill the medication at a local retail pharmacy. You or the pharmacy will need to call us to explain the need for this fill. Please call Member Services (phone numbers are printed on the back cover of this booklet) for more information.

New prescriptions the pharmacy gets directly from your doctor's office.

After the pharmacy gets a prescription from a health care provider, it will contact you to see if you want the medication filled immediately or at a later time. It is important to respond each time you're contacted by the pharmacy, to let them know whether to ship, delay, or stop the new prescription.

Refills on mail order prescriptions. For refills of your drugs, you have the option to sign up for an automatic refill program. Under this program we start to process your next refill automatically when our records show you should be close to running out of your drug. The pharmacy will contact you before shipping each refill to make sure you need more medication, and you can cancel scheduled refills if you have enough medication or your medication has changed.

If you choose not to use our auto-refill program but still want the mail-order pharmacy to send you your prescription, contact your pharmacy 7 days before your current prescription will run out. This will ensure your order is shipped to you in time.

To opt out of our program that automatically prepares mail-order refills, contact us at the phone number printed on the back cover of this document.

If you get a refill automatically by mail that you don't want, you may be eligible for a refund.

Section 2.3 How to get a long-term supply of drugs

When you get a long-term supply of drugs, your cost sharing may be lower. Our plan offers 2 ways to get a long-term supply (also called an extended supply) of maintenance drugs on our plan's Drug List. (Maintenance drugs are drugs you take on a regular basis, for a chronic or long-term medical condition.)

1. Some retail pharmacies in our network allow you to get a long-term supply of maintenance drugs. Your *Pharmacy Directory* <https://selecthealth.org/medicare/pharmacy/resources/pharmacy-benefits> tells you which pharmacies in our network can give you a long-term supply of maintenance drugs. You can also call Member Services at **855-442-9900** (TTY users call **711**) for more information.
2. You can also get maintenance drugs through our mail-order program. Go to Section 2.3 for more information.

Section 2.4 Using a pharmacy that's not in our plan's network

Generally, we cover drugs filled at an out-of-network pharmacy *only* when you aren't able to use a network pharmacy. We also have network pharmacies outside of our service area where you can get prescriptions filled as a member of our plan. **Check first with Member Services at 855-442-9900 (TTY users call 711)** to see if there's a network pharmacy nearby.

We cover prescriptions filled at an out-of-network pharmacy only in these circumstances:

- The prescription is for a medical emergency or urgent care;
- There are no 24-hour network pharmacies within a reasonable driving distance at a time of need; or
- A medication is out of stock at an accessible network pharmacy and no other network pharmacy is accessible.

Normally, we will only cover up to a 30-day supply of medication at an out-of-network pharmacy. You may pay more for your prescription at an out-of-network pharmacy than at a network pharmacy. Except in the event of a national or local disaster you must obtain authorization for us to pay for an out-of-network pharmacy claim. However, you may need to pay the full cost of the prescription and then ask us to reimburse our portion of your costs.

If you must use an out-of-network pharmacy, you'll generally have to pay the full cost (rather than your normal cost share) at the time you fill your prescription. You can ask us to

reimburse you for our share of the cost. (Go to Chapter 7, Section 2 for information on how to ask our plan to pay you back.) You may be required to pay the difference between what you pay for the drug at the out-of-network pharmacy and the cost we would cover at an in-network pharmacy.

SECTION 3 Your drugs need to be on our plan's Drug List

Section 3.1 The Drug List tells which Part D drugs are covered

Our plan has a *List of Covered Drugs* (formulary). In this *Evidence of Coverage*, **we call it the Drug List.**

The drugs on this list are selected by our plan with the help of doctors and pharmacists. The list meets Medicare's requirements and has been approved by Medicare.

The Drug List only shows drugs covered under Medicare Part D. In addition to the drugs covered by Medicare, some prescription drugs are covered under your Medicaid benefits. You can learn about your Medicaid drug coverage by calling your Medicaid plan's customer service.

We generally cover a drug on our plan's Drug List as long as you follow the other coverage rules explained in this chapter and use of the drug for a medically accepted indication. A medically accepted indication is a use of the drug that's *either*:

- Approved by the FDA for the diagnosis or condition for which it's prescribed, or
- Supported by certain references, such as the American Hospital Formulary Service Drug Information and the Micromedex DRUGDEX Information System.

The Drug List includes brand name drugs, generic drugs, and biological products (which may include biosimilars).

A brand name drug is a prescription drug sold under a trademarked name owned by the drug manufacturer. Biological products are drugs that are more complex than typical drugs. On the Drug List, when we refer to drugs, this could mean a drug or a biological product.

A generic drug is a prescription drug that has the same active ingredients as the brand name drug. Biological products have alternatives called biosimilars. Generally, generics and biosimilars work just as well as the brand name or original biological product and usually cost less. There are generic drug substitutes available for many brand name drugs and biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state law, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

Go to Chapter 12 for definitions of types of drugs that may be on the Drug List.

Drugs that aren't on the Drug List

Our plan doesn't cover all prescription drugs.

- In some cases, the law doesn't allow any Medicare plan to cover certain types of drugs. (For more information, go to Section 7.)
- In other cases, we decided not to include a particular drug on the Drug List.
- In some cases, you may be able to get a drug that isn't on our Drug List. (For more information, go to Chapter 9.)

Section 3.2 How to find out if a specific drug is on the Drug List

To find out if a drug is on our Drug List, you have these options:

- Check the most recent Drug List we provided electronically.
- Visit our plan's website (www.selecthealth.org/medicare). The Drug List on the website is always the most current.
- Call Member Services at **855-442-9900** (TTY users call **711**) to find out if a particular drug is on our plan's Drug List or ask for a copy of the list.

SECTION 4 Drugs with restrictions on coverage

Section 4.1 Why some drugs have restrictions

For certain prescription drugs, special rules restrict how and when our plan covers them. A team of doctors and pharmacists developed these rules to encourage you and your provider to use drugs in the most effective way. To find out if any of these restrictions apply to a drug you take or want to take, check the Drug List.

If a safe, lower-cost drug will work just as well medically as a higher-cost drug, our plan's rules are designed to encourage you and your provider to use that lower-cost option.

Note that sometimes a drug may appear more than once in our Drug List. This is because the same drugs can differ based on the strength, amount, or form of the drug prescribed by your health care provider, and different restrictions or cost sharing may apply to the different versions of the drug (for example, 10 mg versus 100 mg; one per day versus 2 per day; tablet versus liquid).

Section 4.2 Types of restrictions

If there's a restriction for your drug, it usually means that you or your provider have to take extra steps for us to cover the drug. Call Member Services at **855-442-9900** (TTY users call **711**) to learn what you or your provider can do to get coverage for the drug. **If you want us to waive the restriction for you, you need to use the coverage decision process and ask us to make an exception.** We may or may not agree to waive the restriction for you. (Go to Chapter 9.)

Getting plan approval in advance

For certain drugs, you or your provider need to get approval from our plan based on specific criteria before we agree to cover the drug for you. This is called **prior authorization**. This is put in place to ensure medication safety and help guide appropriate use of certain drugs. If you don't get this approval, your drug might not be covered by our plan. Our plan's prior authorization criteria can be obtained by calling Member Services at **855-442-9900** (TTY users call **711**) or on our website <https://selecthealth.org/medicare/resources/prior-authorizations>

Trying a different drug first

This requirement encourages you to try less costly but usually just as effective drugs before our plan covers another drug. For example, if Drug A and Drug B treat the same medical condition and Drug A is less costly, our plan may require you to try Drug A first. If Drug A doesn't work for you, our plan will then cover Drug B. This requirement to try a different drug first is called **step therapy**. Our plan's step therapy criteria can be obtained by calling Member Services at **855-442-9900** (TTY users call **711**) or on our website <https://selecthealth.org/medicare/pharmacy/resources/pharmacy-benefits>.

Quantity limits

For certain drugs, we limit how much of a drug you can get each time you fill your prescription. For example, if it's normally considered safe to take only one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day.

SECTION 5 What you can do if one of your drugs isn't covered the way you'd like

There are situations where a prescription drug you take, or that you and your provider think you should take, isn't on our Drug List or has restrictions. For example:

- The drug might not be covered at all. Or a generic version of the drug may be covered but the brand name version you want to take isn't covered.
- The drug is covered, but there are extra rules or restrictions on coverage.

If your drug isn't on the Drug List or is restricted, here are options for what you can do:

- You may be able to get a temporary supply of the drug.
- You can change to another drug.
- You can ask for an **exception** and ask our plan to cover the drug or remove restrictions from the drug.

You may be able to get a temporary supply

Under certain circumstances, our plan must provide a temporary supply of a drug you're already taking. This temporary supply gives you time to talk with your provider about the change.

To be eligible for a temporary supply, the drug you take **must no longer be on our plan's Drug List OR is now restricted in some way.**

- **If you're a new member**, we'll cover a temporary supply of your drug during the first **90 days** of your membership in our plan.
- **If you were in our plan last year**, we'll cover a temporary supply of your drug during the first **90 days** of the calendar year.
- This temporary supply will be for a maximum of a 30-day supply. If your prescription is written for fewer days, we'll allow multiple fills to provide up to a maximum of a 30-day supply of medication. The prescription must be filled at a network pharmacy. (Note that a long-term care pharmacy may provide the drug in smaller amounts at a time to prevent waste.)
- **For members who've been in our plan for more than 90 days and live in a long-term care facility and need a supply right away:** We'll cover one 31-day emergency supply of a particular drug, or less if your prescription is written for fewer days. This is in addition to the above temporary supply.

For questions about a temporary supply, call Member Services at **855-442-9900** (TTY users call **711**).

During the time when you're using a temporary supply of a drug, you should talk with your provider to decide what to do when your temporary supply runs out. You have 2 options:

Option 1. You can change to another drug

Talk with your provider about whether a different drug covered by our plan may work just as well for you. Call Member Services at **855-442-9900** (TTY users call **711**) to ask for a list of

covered drugs that treat the same medical condition. This list can help your provider find a covered drug that might work for you.

Option 2. You can ask for an exception

You and your provider can ask our plan to make an exception and cover the drug in the way you'd like it covered. If your provider says you have medical reasons that justify asking us for an exception, your provider can help you ask for an exception. For example, you can ask our plan to cover a drug even though it's not on our plan's Drug List. Or you can ask our plan to make an exception and cover the drug without restrictions.

If you're a current member and a drug you take will be removed from the formulary or restricted in some way for next year, we'll tell you about any change before the new year. You can ask for an exception before next year and we'll give you an answer within 72 hours after we get your request (or your prescriber's supporting statement). If we approve your request, we'll authorize coverage for the drug before the change takes effect.

If you and your provider want to ask for an exception, go to Chapter 9, Section 7.4 to learn what to do. It explains the procedures and deadlines set by Medicare to make sure your request is handled promptly and fairly.

Section 5.1 What to do if your drug is in a cost-sharing tier you think is too high

If your drug is in a cost-sharing tier you think is too high, here are things you can do:

You can change to another drug

If your drug is in a cost-sharing tier you think is too high, talk to your provider. There may be a different drug in a lower cost-sharing tier that might work just as well for you. Call Member Services at **855-442-9900** (TTY users call **711**) to ask for a list of covered drugs that treat the same medical condition. This list can help your provider find a covered drug that might work for you.

You can ask for an exception

You and your provider can ask our plan to make an exception in the cost-sharing tier for the drug so that you pay less for it. If your provider says you have medical reasons that justify asking us for an exception, your provider can help you ask for an exception to the rule.

If you and your provider want to ask for an exception, go to Chapter 9, Section 7.4 for what to do. It explains the procedures and deadlines set by Medicare to make sure your request is handled promptly and fairly.

SECTION 6 Our Drug List can change during the year

Most changes in drug coverage happen at the beginning of each year (January 1). However, during the year, our plan can make some changes to the Drug List. For example, our plan might:

- **Add or remove drugs from the Drug List.**
- **Add or remove a restriction on coverage for a drug.**
- **Replace a brand name drug with a generic version of the drug.**
- **Replace an original biological product with an interchangeable biosimilar version of the biological product.**

We must follow Medicare requirements before we change our plan's Drug List.

Information on changes to drug coverage

When changes to the Drug List occur, we post information on our website about those changes. We also update our online Drug List regularly. Sometimes you'll get direct notice if changes were made for a drug that you take.

Changes to drug coverage that affect you during this plan year

- **Adding new drugs to the Drug List and immediately removing or making changes to a like drug on the Drug List.**
 - We may immediately remove a like drug from the Drug List, move the like drug to a different cost-sharing tier, add new restrictions, or both. The new version of the drug will be on the same or a lower cost-sharing tier and with the same or fewer restrictions.
 - We'll make these immediate changes only if we add a new generic version of a brand name or add certain new biosimilar versions of an original biological product that was already on the Drug List.
 - We may make these changes immediately and tell you later, even if you take the drug that we remove or make changes to. If you take the like drug at the time we make the change, we'll tell you about any specific change we made.
- **Adding drugs to the Drug List and removing or making changes to a like drug on the Drug List**
 - When adding another version of a drug to the Drug List, we may remove a like drug from the Drug List, move it to a different cost-sharing tier, add new restrictions, or both. The version of the drug that we add will be on the same or a lower cost-sharing tier and with the same or fewer restrictions.

- We'll make these changes only if we add a new generic version of a brand name drug or adding certain new biosimilar versions of an original biological product that was already on the Drug List.
- We'll tell you at least 30 days before we make the change or tell you about the change and cover an 30-day fill of the version of the drug you're taking.
- **Removing unsafe drugs and other drugs on the Drug List that are withdrawn from the market.**
 - Sometimes a drug may be deemed unsafe or taken off the market for another reason. If this happens, we may immediately remove the drug from the Drug List. If you're taking that drug, we'll tell you after we make the change.
- **Making other changes to drugs on the Drug List.**
 - We may make other changes once the year has started that affect drugs you are taking. For example, we based on FDA boxed warnings or new clinical guidelines recognized by Medicare.
 - We'll tell you at least 30 days before we make these changes or tell you about the change and cover an additional 30-day fill of the drug you take.

If we make any of these changes to any of the drugs you take, talk with your prescriber about the options that would work best for you, including changing to a different drug to treat your condition, or ask for a coverage decision to satisfy any new restrictions on the drug you're taking. You or your prescriber can ask us for an exception to continue covering the drug or version of the drug you have been taking. For more information on how to ask for a coverage decision, including an exception, go to Chapter 9.

Changes to the Drug List that don't affect you during this plan year

We may make certain changes to the Drug List that aren't described above. In these cases, the change won't apply to you if you're taking the drug when the change is made; however, these changes will likely affect you starting January 1 of the next plan year if you stay in the same plan.

In general, changes that won't affect you during the current plan year are:

- We put a new restriction on the use of your drug.
- We remove your drug from the Drug List.

If any of these changes happen for a drug you take (except for market withdrawal, a generic drug replacing a brand name drug, or other change noted in the sections above), the change won't affect your use or what you pay as your share of the cost until January 1 of the next year.

We won't tell you about these types of changes directly during the current plan year. You'll need to check the Drug List for the next plan year (when the list is available during the open enrollment period) to see if there are any changes to drugs you take that will impact you during the next plan year.

SECTION 7 Types of drugs we don't cover

Some kinds of prescription drugs are *excluded*. This means Medicare doesn't pay for these drugs.

If you appeal and the drug asked for is found not to be excluded under Part D, we'll pay for or cover it. (For information about appealing a decision, go to Chapter 9.) If the drug is excluded, you must pay for it yourself.

Here are 3 general rules about drugs that Medicare drug plans won't cover under Part D:

- Our plan's Part D drug coverage can't cover a drug that would be covered under Medicare Part A or Part B.
- Our plan can't cover a drug purchased outside the United States or its territories.
- Our plan can't cover *off-label* use of a drug when the use isn't supported by certain references, such as the American Hospital Formulary Service Drug Information and the Micromedex DRUGDEX Information System. *Off-label* use is any use of the drug other than those indicated on a drug's label as approved by the FDA.

In addition, by law, the following categories of drugs listed below aren't covered by Medicare

- Non-prescription drugs (also called over-the-counter drugs)
 - Your plan includes a benefit that covers OTC products, you can find more information on the OTC benefit in Chapter 4 Section 2.1 under Over-the-Counter Drugs and Supplies in the benefit table.
- Drugs used to promote fertility
- Drugs used for the relief of cough or cold symptoms
- Drugs used for cosmetic purposes or to promote hair growth
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Drugs used for the treatment of sexual or erectile dysfunction
- Drugs used for treatment of anorexia, weight loss, or weight gain
- Outpatient drugs for which the manufacturer requires associated tests or monitoring services be purchased only from the manufacturer as a condition of sale

SECTION 8 How to fill a prescription

To fill your prescription, provide our plan membership information which can be found on your membership card at the network pharmacy you choose. The network pharmacy will automatically bill our plan for your drug.

If you don't have our plan membership information with you, you or the pharmacy can call our plan to get the information, or you can ask the pharmacy to look up our plan enrollment information.

If the pharmacy can't get the necessary information, **you may have to pay the full cost of the prescription when you pick it up.** You can then **ask us to reimburse you.** Go to Chapter 7, Section 2 for information about how to ask our plan for reimbursement.

SECTION 9 Part D drug coverage in special situations

Section 9.1 In a hospital or a skilled nursing facility for a stay covered by our plan

If you're admitted to a hospital or to a skilled nursing facility for a stay covered by our plan, we'll generally cover the cost of your prescription drugs during your stay. Once you leave the hospital or skilled nursing facility, our plan will cover your prescription drugs as long as the drugs meet all of our rules for coverage described in this chapter.

Section 9.2 As a resident in a long-term care (LTC) facility

Usually, a long-term care (LTC) facility (such as a nursing home) has its own pharmacy or uses a pharmacy that supplies drugs for all its residents. If you're a resident of an LTC facility, you may get your prescription drugs through the facility's pharmacy or the one it uses, as long as it is part of our network.

Check your *Pharmacy Directory* <https://selecthealth.org/medicare/pharmacy/resources/pharmacy-benefits> to find out if your LTC facility's pharmacy or the one it uses is part of our network. If it isn't, or if you need more information or help, call Member Services at **855-442-9900** (TTY users call **711**). If you're in an LTC facility, we must ensure that you're able to routinely get your Part D benefits through our network of LTC pharmacies.

If you're a resident in an LTC facility and need a drug that isn't on our Drug List or restricted in some way, go to Section 5 for information about getting a temporary or emergency supply.

Section 9.3 If you also get drug coverage from an employer or retiree group plan

If you have other drug coverage through your (or your spouse or domestic partner's) employer or retiree group, contact **that group's benefits administrator**. They can help you understand how your current drug coverage will work with our plan.

In general, if you have employee or retiree group coverage, the drug coverage you get from us will be *secondary* to your group coverage. That means your group coverage pays first.

Special note about creditable coverage:

Each year your employer or retiree group should send you a notice that tells you if your drug coverage for the next calendar year is creditable.

If the coverage from the group plan is creditable, it means that our plan has drug coverage that's expected to pay, on average, at least as much as Medicare's standard drug coverage.

Keep any notices about creditable coverage because you may need these notices later to show that you maintained creditable coverage. If you didn't get a creditable coverage notice, ask for a copy from your employer or retiree plan's benefits administrator or the employer or union.

Section 9.4 If you're in Medicare-certified hospice

Hospice and our plan don't cover the same drug at the same time. If you're enrolled in Medicare hospice and require certain drugs (e.g., anti-nausea drugs, laxatives, pain medication or anti-anxiety drugs) that aren't covered by your hospice because it is unrelated to your terminal illness and related conditions, our plan must get notification from either the prescriber or your hospice provider that the drug is unrelated before our plan can cover the drug. To prevent delays in getting these drugs that should be covered by our plan, ask your hospice provider or prescriber to provide notification before your prescription is filled.

In the event you either revoke your hospice election or are discharged from hospice, our plan should cover your drugs as explained in this document. To prevent any delays at a pharmacy when your Medicare hospice benefit ends, bring documentation to the pharmacy to verify your revocation or discharge.

SECTION 10 Programs on drug safety and managing medications

We conduct drug use reviews to help make sure our members get safe and appropriate care.

We do a review each time you fill a prescription. We also review our records on a regular basis. During these reviews, we look for potential problems like:

- Possible medication errors
- Drugs that may not be necessary because you take another similar drug to treat the same condition
- Drugs that may not be safe or appropriate because of your age or gender
- Certain combinations of drugs that could harm you if taken at the same time
- Prescriptions for drugs that have ingredients you're allergic to
- Possible errors in the amount (dosage) of a drug you take
- Unsafe amounts of opioid pain medications

If we see a possible problem in your use of medications, we'll work with your provider to correct the problem.

Section 10.1 Drug Management Program (DMP) to help members safely use opioid medications

We have a program that helps make sure members safely use prescription opioids and other frequently abused medications. This program is called a Drug Management Program (DMP). If you use opioid medications that you get from several prescribers or pharmacies, or if you had a recent opioid overdose, we may talk to your prescribers to make sure your use of opioid medications is appropriate and medically necessary. Working with your prescribers, if we decide your use of prescription opioid or benzodiazepine medications may not be safe, we may limit how you can get those medications. If we place you in our DMP, the limitations may be:

- Requiring you to get all your prescriptions for opioid or benzodiazepine medications from a certain pharmacy(ies)
- Requiring you to get all your prescriptions for opioid or benzodiazepine medications from a certain prescriber(s)
- Limiting the amount of opioid or benzodiazepine medications we'll cover for you

If we plan on limiting how you get these medications or how much you can get, we'll send you a letter in advance. The letter will tell you if we limit coverage of these drugs for you, or if you'll be required to get the prescriptions for these drugs only from a specific prescriber or pharmacy. You'll have an opportunity to tell us which prescribers or pharmacies you prefer to use, and about any other information you think is important for us to know. After you've had the opportunity to respond, if we decide to limit your coverage for these medications, we'll send you another letter confirming the limitation. If you think we made a mistake or you disagree with our decision or with the limitation, you and your prescriber have the right to appeal. If you appeal, we'll review your case and give you a new decision. If we continue to deny any part of your request related to the limitations that apply to your access to

medications, we'll automatically send your case to an independent reviewer outside of our plan. Go to Chapter 9 for information about how to ask for an appeal.

You won't be placed in our DMP if you have certain medical conditions, such as cancer-related pain or sickle cell disease, you're getting hospice, palliative, or end-of-life care, or live in a long-term care facility.

Section 10.2 Medication Therapy Management (MTM) program to help members manage medications

We have a program that can help our members with complex health needs. Our program is called a Medication Therapy Management (MTM) program. This program is voluntary and free. A team of pharmacists and doctors developed the program for us to help make sure our members get the most benefit from the drugs they take.

Some members who have certain chronic diseases and take medications that exceed a specific amount of drug costs or are in a DMP to help them use opioids safely, may be able to get services through an MTM program. If you qualify for the program, a pharmacist or other health professional will give you a comprehensive review of all your medications. During the review, you can talk about your medications, your costs, and any problems or questions you have about your prescription and over-the-counter medications. You'll get a written summary which has a recommended to-do list that includes steps you should take to get the best results from your medications. You'll also get a medication list that will include all the medications you're taking, how much you take, and when and why you take them. In addition, members in the MTM program will get information on the safe disposal of prescription medications that are controlled substances.

It's a good idea to talk to your doctor about your recommended to-do list and medication list. Bring the summary with you to your visit or anytime you talk with your doctors, pharmacists, and other health care providers. Keep your medication list up to date and with you (for example, with your ID) in case you go to the hospital or emergency room.

If we have a program that fits your needs, we'll automatically enroll you in the program and send you information. If you decide not to participate, notify us and we'll withdraw you. For questions about this program, call Member Services at **855-442-9900** (TTY users call **711**).

CHAPTER 6:

What you pay for Part D drugs

SECTION 1 What you pay for Part D drugs

We use “drug” in this chapter to mean a Part D prescription drug. Not all drugs are Part D drugs. Some drugs are excluded from Part D coverage by law. Some of the drugs excluded from Part D coverage are covered under Medicare Part A or Part B.

To understand the payment information, you need to know what drugs are covered, where to fill your prescriptions, and what rules to follow when you get your covered drugs. Chapter 5 explains these rules. When you use our plan’s “Real-Time Benefit Tool” to look up drug coverage (<https://selecthealth.org/medicare/pharmacy/resources/pharmacy-benefits>), the cost you see shows an estimate of the out-of-pocket costs you’re expected to pay. You can also get information provided in the “Real-Time Benefit Tool” by calling Member Services at **855-442-9900** (TTY users call **711**).

How can you get information about your drug costs?

Because you’re eligible for Medicaid, you qualify for and are getting Extra Help from Medicare to pay for your prescription drug plan costs. Because you have Extra Help, **some information in this Evidence of Coverage about the costs for Part D prescription drugs may not apply to you.** We sent you a separate insert, called the *Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs* (also known as the *Low-Income Subsidy Rider* or the *LIS Rider*), which tells you about your drug coverage. If you don’t have this insert, call Member Services at **855-442-9900** (TTY users call **711**) and ask for the *LIS Rider*.

Section 1.1 Types of out-of-pocket costs you may pay for covered drugs

There are 3 different types of out-of-pocket costs for covered Part D drugs that you may be asked to pay:

- **Deductible** is the amount you pay for drugs before our plan starts to pay our share.
- **Copayment** is a fixed amount you pay each time you fill a prescription.
- **Coinsurance** is a percentage of the total cost you pay each time you fill a prescription.

SECTION 2 Drug payment stages for *Select Health Medicare Dual* members

There are **3 drug payment stages** for your drug coverage under *Select Health Medicare Dual*. How much you pay for each prescription depends on what stage you're in when you get a prescription filled or refilled. Details of each stage are explained in this chapter. The stages are:

- **Stage 1: Yearly Deductible Stage**
- **Stage 2: Initial Coverage Stage**
- **Stage 3: Catastrophic Coverage Stage**

SECTION 3 Your *Part D Explanation of Benefits* explains which payment stage you're in

Our plan keeps track of your prescription drug costs and the payments you make when you get prescriptions at the pharmacy. This way, we can tell you when you move from one drug payment stage to the next. We track 2 types of costs:

- **Out-of-Pocket Costs:** this is how much you paid. This includes what you paid when you get a covered Part D drug, any payments for your drugs made by family or friends, and any payments made for your drugs by Extra Help from Medicare, employer or union health plans, Indian Health Service, AIDS drug assistance programs, charities, and most State Pharmaceutical Assistance Programs (SPAPs).
- **Total Drug Costs:** this is the total of all payments made for your covered Part D drugs. It includes what our plan paid, what you paid, and what other programs or organizations paid for your covered Part D drugs.

If you filled one or more prescriptions through our plan during the previous month, we'll send you a *Part D EOB*. The *Part D EOB* includes:

- **Information for that month.** This report gives payment details about prescriptions you filled during the previous month. It shows the total drug costs, what our plan paid, and what you and others paid on your behalf.
- **Totals for the year since January 1.** This shows the total drug costs and total payments for your drugs since the year began.
- **Drug price information.** This displays the total drug price, and information about changes in price from first fill for each prescription claim of the same quantity.
- **Available lower cost alternative prescriptions.** This shows information about other available drugs with lower cost sharing for each prescription claim, if applicable

Section 3.1 Help us keep our information about your drug payments up to date

To keep track of your drug costs and the payments you make for drugs, we use records we get from pharmacies. Here is how you can help us keep your information correct and up to date:

- **Show your membership card every time you get a prescription filled.** This helps make sure we know about the prescriptions you fill and what you pay.
- **Make sure we have the information we need.** There are times you may pay for the entire cost of a prescription drug. In these cases, we won't automatically get the information we need to keep track of your out-of-pocket costs. To help us keep track of your out-of-pocket costs, give us copies of your receipts. **Examples of when you should give us copies of your drug receipts:**
 - When you purchase a covered drug at a network pharmacy at a special price or use a discount card that's not part of our plan's benefit.
 - When you pay a copayment for drugs provided under a drug manufacturer patient assistance program.
 - Any time you buy covered drugs at out-of-network pharmacies or pay the full price for a covered drug under special circumstances.
 - If you're billed for a covered drug, you can ask our plan to pay our share of the cost. For instructions on how to do this, go to Chapter 7, Section 2.
- **Send us information about the payments others make for you.** Payments made by certain other people and organizations also count toward your out-of-pocket costs. For example, payments made by a State Pharmaceutical Assistance Program, an AIDS drug assistance program (ADAP), the Indian Health Service, and charities count toward your out-of-pocket costs. Keep a record of these payments and send them to us so we can track your costs.
- **Check the written report we send you.** When you get the *Part D EOB*, look it over to be sure the information is complete and correct. If you think something is missing or have questions, call Member Services at **855-442-9900** (TTY users call **711**). Be sure to keep these reports.

SECTION 4 There's no deductible for Select Health Medicare Dual

There's no deductible for Select Health Medicare Dual. You begin in the Initial Coverage Stage when you fill your first prescription for the year. Go to Section 5 for information about your coverage in the Initial Coverage Stage.

SECTION 5 The Initial Coverage Stage

Section 5.1 What you pay for a drug depends on the drug and where you fill your prescription

During the Initial Coverage Stage, our plan pays its share of the cost of your covered drugs, and you pay your share (your copayment or coinsurance amount). Your share of the cost will vary depending on the drug and where you fill your prescription.

Your pharmacy choices

How much you pay for a drug depends on whether you get the drug from:

- A network retail pharmacy.
- A pharmacy that isn't in our plan's network. We cover prescriptions filled at out-of-network pharmacies in only limited situations. Go to Chapter 5, Section 2.5 to find out when we'll cover a prescription filled at an out-of-network pharmacy.
- Our plan's mail-order pharmacy.

For more information about these pharmacy choices and filling your prescriptions, go to Chapter 5 and our plan's *Pharmacy Directory* www.selecthealth.org/medicare.

Section 5.2 Your costs for a one-month supply of a covered drug

During the Initial Coverage Stage, your share of the cost of a covered drug will be either a copayment or coinsurance.

Your costs for a one-month supply of a covered Part D drug

Tier	Standard retail cost sharing (up to a 30 day supply)	Standard Mail order cost sharing (up to a 30 day supply)	Long term care (LTC) cost sharing (up to a 31 day supply)	Out of network cost sharing (Coverage is limited to certain situations; go to Chapter 5 for details.) (up to a 30 day supply)
Cost Sharing Generic Drugs (Generic and brand-name drugs treated like generic drugs, and insulins)	Depending on your income and institutional status, you pay the following, either: <i>\$0 copay</i> ; or <i>\$1.60 copay</i> ; or <i>\$4.90 copay</i>			
Cost Sharing Brand Name (Brand-Name and other drugs, and insulins)	Depending on your income and institutional status, you pay the following, either: <i>\$0 copay</i> ; or <i>\$4.80 copay</i> ; or <i>\$12.15 copay</i>			

Go to Section 8 for more information on cost sharing for Part D vaccines.

Section 5.3 If your doctor prescribes less than a full month's supply, you may not have to pay the cost of the entire month's supply

Typically, the amount you pay for a drug covers a full month's supply. There may be times when you or your doctor would like you to have less than a month's supply of a drug (for example, when you're trying a medication for the first time). You can also ask your doctor to prescribe, and your pharmacist to dispense, less than a full month's supply if this will help you better plan refill dates.

If you get less than a full month's supply of certain drugs, you won't have to pay for the full month's supply.

- If you're responsible for coinsurance, you pay a *percentage* of the total cost of the drug. Since the coinsurance is based on the total cost of the drug, your cost will be lower since the total cost for the drug will be lower.

Chapter 6 What you pay for Part D drugs

- If you're responsible for a copayment for the drug, you only pay for the number of days of the drug that you get instead of a whole month. We calculate the amount you pay per day for your drug (the daily cost-sharing rate) and multiply it by the number of days of the drug you get.

Section 5.4 Your costs for a long-term (up to a 100-day) supply of a covered Part D drug

For some drugs, you can get a long-term supply (also called an extended supply). A long-term supply is up to a 100-day supply.

Your costs for a long-term (up to a 100-day) supply of a covered Part D drug

Tier	Standard retail cost sharing (in network) (up to a 100 day supply)	Mail order cost sharing (up to a 100 day supply)
<p>Cost Sharing Generic Drugs (Generic and brand-name drugs treated like generic drugs, and insulins)</p>	<p>Depending on your income and institutional status, you pay the following, either: <i>\$0 copay; or \$1.60 copay; or \$4.90 copay</i></p>	
<p>Cost Sharing Brand Name (Brand-Name and other drugs, and insulins)</p>	<p>Depending on your income and institutional status, you pay the following, either: <i>\$0 copay; or \$4.80 copay; or \$12.15 copay</i></p>	

Section 5.5 You stay in the Initial Coverage Stage until your out-of-pocket costs for the year reach \$2,100

You stay in the Initial Coverage Stage until your total out-of-pocket costs reach \$2,100 You then move to the Catastrophic Coverage Stage.

The *Part D EOB* that you get will help you keep track of how much you, our plan, and any third parties have spent on your behalf during the year. Not all members will reach the \$2,100 out-of-pocket limit in a year.

We'll let you know if you reach this amount. Go to Section 1.3 for more information on how Medicare calculates your out-of-pocket costs.

SECTION 6 The Catastrophic Coverage Stage

In the Catastrophic Coverage Stage, you pay nothing for covered Part D drugs. You enter the Catastrophic Coverage Stage when your out-of-pocket costs reach the \$2,100 limit for the calendar year. Once you're in the Catastrophic Coverage Stage, you stay in this payment stage until the end of the calendar year.

- During this payment stage, you pay nothing for your covered Part D drugs.

SECTION 7 What you pay for Part D vaccines

Important message about what you pay for vaccines – Some vaccines are considered medical benefits and are covered under Part B. Other vaccines are considered Part D drugs. You can find these vaccines listed in our plan's Drug List. Our plan covers most adult Part D vaccines at no cost to you even if you haven't paid your deductible. Go to our plan's Drug List or call Member Services at **855-442-9900** (TTY users call **711**) for coverage and cost-sharing details about specific vaccines.

There are 2 parts to our coverage of Part D vaccines:

- The first part is the cost of **the vaccine itself**.
- The second part is for the cost of **giving you the vaccine**. (This is sometimes called the administration of the vaccine.)

Your costs for a Part D vaccine depend on 3 things:

- Most adult Part D vaccines are recommended by ACIP and cost you nothing.

Where you get the vaccine.

- The vaccine itself may be dispensed by a pharmacy or provided by the doctor's office.
- A pharmacist or another provider may give the vaccine in the pharmacy. Or, a provider may give it in the doctor's office.

What you pay at the time you get the Part D vaccine can vary depending on the circumstances and what **drug payment stage** you're in.

- When you get a vaccine, you may have to pay the entire cost for both the vaccine itself and the cost for the provider to give you the vaccine. You can ask our plan to pay you back for our share of the cost. For most adult Part D vaccines, this means you'll be reimbursed the entire cost you paid.
- Other times, when you get a vaccine, you pay only your share of the cost under your Part D benefit. For most adult Part D vaccines, you pay nothing.

Below are 3 examples of ways you might get a Part D vaccine.

Situation 1:

- For most adult Part D vaccines, you pay nothing.

Chapter 6 What you pay for Part D drugs

- For other Part D vaccines, you pay the pharmacy your copayment for the vaccine itself which includes the cost of giving you the vaccine.
- Our plan will pay the remainder of the costs.

Situation 2:

- When you get the vaccine, you may have to pay the entire cost of the vaccine itself and the cost for the provider to give it to you.
- You can then ask our plan to pay our share of the cost by using the procedures described in Chapter 7.
- For most adult Part D vaccines, you'll be reimbursed the full amount you paid. For other Part D vaccines, you'll be reimbursed the amount you paid less any copayment for the vaccine (including administration)

You buy the Part D vaccine itself at the network pharmacy and take it to your doctor's office where they give you the vaccine.

- For most adult Part D vaccines, you pay nothing for the vaccine itself.
- For other Part D vaccines, you pay the pharmacy your copayment for the vaccine itself.
- When your doctor gives you the vaccine, you may have to pay the entire cost for this service.
- You can then ask our plan to pay our share of the cost by using the procedures in Chapter 7.
- For most adult Part D vaccines, you'll be reimbursed the full amount you paid.

CHAPTER 7:

Asking us to pay a bill for covered medical services or drugs

SECTION 1 Situations when you should ask us to pay our share for covered services or drugs

Our network providers bill our plan directly for your covered services and drugs – you shouldn't get a bill for covered services or drugs. If you get a bill for medical care or drugs you got, send this bill to us so that we can pay it. When you send us the bill, we'll look at the bill and decide whether the services and drugs should be covered. If we decide they should be covered, we'll pay the provider directly.

If you already paid for a Medicare service or item covered by our plan, you can ask our plan to pay you back (paying you back is often called **reimburse** you). It is your right to be paid back by our plan whenever you've paid for medical services or drugs that are covered by our plan. There may be deadlines that you must meet to get paid back. Go to Section 2 of this chapter. When you send us a bill you've already paid, we'll look at the bill and decide whether the services or drugs should be covered. If we decide they should be covered, we'll pay you back for the services or drugs.

There may also be times when you get a bill from a provider for the full cost of medical care you got or for more than your share of cost sharing. First, try to resolve the bill with the provider. If that doesn't work, send the bill to us instead of paying it. We'll look at the bill and decide whether the services should be covered. If we decide they should be covered, we'll pay the provider directly. If we decide not to pay it, we'll notify the provider. You should never pay more than plan-allowed cost-sharing. If this provider is contracted, you still have the right to treatment.

Examples of situations in which you may need to ask our plan to pay you back or to pay a bill you got:

Chapter 7 Asking us to pay a bill for covered medical services or drugs

1. When you got emergency or urgently needed medical care from a provider who's not in our plan's network

- You can get emergency or urgently needed services from any provider, whether or not the provider is a part of our network. In these cases, ask the provider to bill our plan.
- If you pay the entire amount yourself at the time you get the care, ask us to pay you back. Send us the bill, along with documentation of any payments you made.
- You may get a bill from the provider asking for payment that you think you don't owe. Send us this bill, along with documentation of any payments you made.
 - If the provider is owed anything, we'll pay the provider directly.
 - If you already paid for the service, we'll pay you back.

2. When a network provider sends you a bill you think you shouldn't pay

Network providers should always bill our plan directly. But sometimes they make mistakes and ask you to pay more than your share of the cost.

- Whenever you get a bill from a network provider, send us the bill. We'll contact the provider directly and resolve the billing problem.
- If you already paid a bill to a network provider, send us the bill along with documentation of any payment you made. Ask us to pay you back for the difference between the amount you paid and the amount you owed under our plan.

3. If you're retroactively enrolled in our plan

Sometimes a person's enrollment in our plan is retroactive. (This means that the first day of their enrollment has already passed. The enrollment date may even have occurred last year.)

If you were retroactively enrolled in our plan and you paid out of pocket for any of your covered services or drugs after your enrollment date, you can ask us to pay you back. You need to submit paperwork such as receipts and bills for us to handle the reimbursement.

4. When you use an out-of-network pharmacy to fill a prescription

If you go to an out-of-network pharmacy, the pharmacy may not be able to submit the claim directly to us. When that happens, you have to pay the full cost of your prescription.

Save your receipt and send a copy to us when you ask us to pay you back. Remember that we only cover out-of-network pharmacies in limited circumstances. Go to Chapter 5, Section 2.5 to learn more about these circumstances. We may not pay you back the difference between what you paid for the drug at the out-of-network pharmacy and the amount that we'd pay at an in-network pharmacy.

Chapter 7 Asking us to pay a bill for covered medical services or drugs

5. When you pay the full cost for a prescription because you don't have our plan membership card with you

If you don't have our plan membership card with you, you can ask the pharmacy to call our plan or look up our plan enrollment information. If the pharmacy can't get the enrollment information they need right away, you may need to pay the full cost of the prescription yourself.

Save your receipt and send a copy to us when you ask us to pay you back. We may not pay you back the full cost you paid if the cash price you paid is higher than our negotiated price for the prescription.

6. When you pay the full cost for a prescription in other situations

You may pay the full cost of the prescription because you find the drug isn't covered for some reason.

- For example, the drug may not be on our plan's Drug List or it could have a requirement or restriction you didn't know about or don't think should apply to you. If you decide to get the drug immediately, you may need to pay the full cost for it.
- Save your receipt and send a copy to us when you ask us to pay you back. In some situations, we may need to get more information from your doctor to pay you back for the drug. We may not pay you back the full cost you paid if the cash price you paid is higher than our negotiated price for the prescription.

When you send us a request for payment, we'll review your request and decide whether the service or drug should be covered. This is called making a **coverage decision**. If we decide it should be covered, we'll pay for the service or drug. If we deny your request for payment, you can appeal our decision. Chapter 9 has information about how to make an appeal.

SECTION 2 How to ask us to pay you back or pay a bill you got

You can ask us to pay you back by sending us a request in writing. If you send a request in writing, send your bill and documentation of any payment you've made. It's a good idea to make a copy of your bill and receipts for your records. **You must submit your claim to us within 12 months** of the date you got the service, item, or drug.

To make sure you're giving us all the information we need to make a decision, you can fill out our claim form to make your request for payment.

- You don't have to use the form, but it'll help us process the information faster.
- Download a copy of the form from our website (selecthealth.org/medicare) or call Member Services at **855-442-9900** (TTY users should call **711**) and ask for the form.

Chapter 7 Asking us to pay a bill for covered medical services or drugs

Mail your request for payment together with any bills or paid receipts to us at this address:

For Medical claims	Select Health Medicare Attn: Medical Claims PO Box 30196 Salt Lake City, UT 84130
For Pharmacy claims	Select Health Medicare Attn: Pharmacy PO Box 30196 Salt Lake City, UT 84130

SECTION 3 We'll consider your request for payment and say yes or no

When we get your request for payment, we'll let you know if we need any additional information from you. Otherwise, we'll consider your request and make a coverage decision.

- If we decide the medical care or drug is covered and you followed all the rules, we'll pay for the service or drug. If you already paid for the service or drug, we'll mail your reimbursement to you. If you paid the full cost of a drug, you might not be reimbursed the full amount you paid (for example, if you got a drug at an out-of-network pharmacy or if the cash price you paid for a drug is higher than our negotiated price). If you haven't paid for the service or drug yet, we'll mail the payment directly to the provider.
- If we decide that the medical care or drug is *not* covered, or you did *not* follow all the rules, we won't pay for the care or drug. We'll send you a letter explaining the reasons why we aren't sending the payment and your rights to appeal that decision.

Section 3.1 If we tell you we won't pay for the medical care or drug, you can make an appeal

If you think we made a mistake in turning down your request for payment or the amount we're paying, you can make an appeal. If you make an appeal, it means you're asking us to change the decision we made when we turned down your request for payment. The appeals process is a formal process with detailed procedures and important deadlines. For the details on how to make this appeal, go to Chapter 9.

CHAPTER 8:

Your rights and responsibilities

SECTION 1 Our plan must honor your rights and cultural sensitivities

Section 1.1 We must provide information in a way that works for you and consistent with your cultural sensitivities

Our plan is required to ensure that all services, both clinical and non-clinical, are provided in a culturally competent manner and are accessible to all enrollees, including those with limited English proficiency, limited reading skills, hearing incapacity, or those with diverse cultural and ethnic backgrounds. Examples of how our plan may meet these accessibility requirements include, but aren't limited to, provision of translator services, interpreter services, teletypewriters, or TTY (text telephone or teletypewriter phone) connection.

Our plan has free interpreter services available to answer questions from non-English speaking members. We can also give you materials in alternate formats at no cost if you need it. We're required to give you information about our plan's benefits in a format that's accessible and appropriate for you. To get information from us in a way that works for you, call Member Services at **855-442-9900** (TTY users call **711**).

Our plan is required to give female enrollees the option of direct access to a women's health specialist within the network for women's routine and preventive health care services.

If providers in our plan's network for a specialty aren't available, it's our plan's responsibility to locate specialty providers outside the network who will provide you with the necessary care. In this case, you'll only pay in-network cost sharing. If you find yourself in a situation where there are no specialists in our plan's network that cover a service you need, call our plan for information on where to go to get this service at in-network cost sharing.

If you have any trouble getting information from our plan in a format that's accessible and appropriate for you, seeing a women's health specialist or finding a network specialist, call to file a grievance with Select Health Medicare Dual. You can also file a complaint with Medicare by calling 1-800-MEDICARE (1-800-633-4227) or directly with the Office for Civil Rights 1-800-368-1019 or TTY 1-800-537-7697.

Section 1.2 We must ensure you get timely access to covered services and drugs

You have the right to choose a primary care provider (PCP) in our plan's network to provide and arrange for your covered services. You also have the right to go to a women's health specialist (such as a gynecologist) without a referral. We don't require you to get referrals to go to network providers.

You have the right to get appointments and covered services from our plan's network of providers *within a reasonable amount of time*. This includes the right to get timely services from specialists when you need that care. You also have the right to get your prescriptions filled or refilled at any of our network pharmacies without long delays.

If you think that you aren't getting your medical care or Part D drugs within a reasonable amount of time, Chapter 9 tells what you can do.

Section 1.3 We must protect the privacy of your personal health information

Federal and state laws protect the privacy of your medical records and personal health information. We protect your personal health information as required by these laws.

- Your personal health information includes the personal information you gave us when you enrolled in this plan as well as your medical records and other medical and health information.
- You have rights related to your information and controlling how your health information is used. We give you a written notice, called a *Notice of Privacy Practice*, that tells about these rights and explains how we protect the privacy of your health information.

How do we protect the privacy of your health information?

- We make sure that unauthorized people don't see or change your records.
- Except for the circumstances noted below, if we intend to give your health information to anyone who isn't providing your care or paying for your care, *we are required to get written permission from you or someone you've given legal power to make decisions for you first*.
- There are certain exceptions that don't require us to get your written permission first. These exceptions are allowed or required by law.
 - We are required to release health information to government agencies that are checking on quality of care.
 - Because you're a member of our plan through Medicare, we are required to give Medicare your health information including information about your Part D prescription drugs. If Medicare releases your information for research or other

uses, this will be done according to federal statutes and regulations; typically, this requires that information that uniquely identifies you not be shared.

You can see the information in your records and know how it's been shared with others

You have the right to look at your medical records held at our plan, and to get a copy of your records. We're allowed to charge you a fee for making copies. You also have the right to ask us to make additions or corrections to your medical records. If you ask us to do this, we'll work with your health care provider to decide whether the changes should be made.

You have the right to know how your health information has been shared with others for any purposes that aren't routine.

If you have questions or concerns about the privacy of your personal health information, call Member Services at **855-442-9900** (TTY users call **711**).

Notice of Privacy Practices

This notice describes how medical information about you may be used and disclosed and how you can access this information. Please review it carefully.

We understand the importance and sensitivity of your personal health information, and we have security in place to protect it. Access to your information is limited to those who need it to perform assigned tasks. We restrict access to work areas and use locking filing cabinets and password-protected computer systems. We follow all federal and state laws that govern the use of your health information. We use your health information in written, oral, and electronic formats (and allow others to use it) only as permitted by federal and state laws. These laws give you certain rights regarding your health information.

We participate in organized healthcare arrangements (OHCAs) with other entities including but not limited to, Intermountain Healthcare entities, The Intermountain Life and Health Benefit Plan, and the University of Utah Medical Group (with respect to certain defined pediatric specialty services). These OHCA members share information for treatment, payment and healthcare operations to improve, manage, and coordinate your care.

To learn more about activities and see a current list of all OHCA members, visit selecthealth.org/plans/individual/services/Pages/ohca.aspx

Your Health Information Rights

You may:

Chapter 8 Your rights and responsibilities

- Review and get a paper copy of your policy or claims records as allowed by law, usually within 30 days of your request (you can also ask us to provide a copy in electronic form, and we will do that if we can readily produce it).
- Request and be provided a paper copy of our current Notice of Privacy Practices, or receive an electronic copy by email if you have agreed to receive an electronic copy.
- Ask us to contact you at a specific address or phone number if contacting you at your current address or phone number could endanger you.
- Request and receive an accounting, as specified by law, of certain situations when your information was shared without your consent.
- Receive a notice if Select Health or one of its Business Associates causes a breach of your unsecured information.
- Report a privacy concern and be assured that we will investigate your concern thoroughly, supporting you appropriately, and not retaliate against you in any way (in fact, Select Health will provide you with information on how to report any privacy concerns to the Select Health Privacy Coordinator, the Intermountain Corporate Privacy Office, or the Office for Civil Rights, U.S. Department of Health and Human Services).
- Request in writing other restrictions on the use of your health information or amendments to your health information if you think it is wrong, though we may not always be able to grant these requests.

How Your Health Information is Used***Common Uses of Health Information***

As we provide health insurance benefits, we will gather some of your health information. The law allows us to use or share this health information for the following purposes.

- To receive payment of health coverage premiums and to determine and fulfill our responsibility to provide you benefits. For example, to make coverage determinations, administer claims, and coordinate benefits with other coverage you may have.
- To improve the overall Intermountain system as well as to help better manage your care. For example, Intermountain has programs in place to manage the treatment of chronic conditions, such as diabetes or asthma, and as part of these programs, we share information with affiliated providers and Intermountain Healthcare to facilitate improved coordination of the care you may receive for these conditions.
- To support healthcare providers in providing treatment.
- To share in limited circumstances health information with your plan sponsor. However, Select Health will only do so if the plan sponsor specifically requests health

Chapter 8 Your rights and responsibilities

information for the administration of your health plan and agrees in writing not to use your health information for employment-related actions or decisions.

- To identify health-related services that may be beneficial to your health and then contact you about these services.
- To request your support for improving healthcare by contributing to one of Intermountain's charitable foundations. (If you don't want to be contacted for this purpose or other fundraising communications, call Intermountain's Privacy Office at **800-442-4845** (TTY users should call **711**) to let us know).
- To improve our services to you by allowing companies with whom we contract, called "business associates," to perform certain specialized work for us. The law requires these business associates to protect your health information and obey the same privacy laws that we do.
- To perform a very limited, specific type of health-related research, where the researcher keeps any patient-identifiable information safe and confidential. Intermountain reviews every research request to make sure your privacy is appropriately protected before sharing any health information.
- To law enforcement, but only as authorized by law (e.g., to investigate a crime against Select Health or any of its members).

Required Uses of Health Information

The law sometimes requires us to share information for specific purposes, including the following:

- To the Department of Health to report communicable diseases, traumatic injuries, or birth defects, or for vital statistics, such as a baby's birth.
- To a funeral director or an organ-donation agency when a patient dies, or to a medical examiner when appropriate to investigate a suspicious death.
- To state authorities to report child or elderly abuse.
- To law enforcement.
- To a correctional institution, if a member is an inmate, to ensure the correctional institution's safety.
- To the Secret Service or NSA to protect, for example, the country or the President.
- To a medical device's manufacturer, as required by the FDA, to monitor the safety of a medical device.
- To court officers, as required by law, in response to a court order or a valid subpoena.
- To governmental authorities to prevent serious threats to the public's health or safety.

Chapter 8 Your rights and responsibilities

- To governmental agencies and other affected parties, to report a breach of health-information privacy.
- To a worker's compensation program if a person is injured at work and claims benefits under that program.

Uses According to Your Requests

Your preferences matter. If you let us know how you want us to disclose your information in the following situation, we will follow your directions. You decide if you want us to share any health or payment information related to your care with your family members or friends. Please let us know what you want us to share. If you can't tell us what health or payment information you want us to share, we may use our professional judgment to decide what to share with your family or friends for them to be able to help you.

Uses with Your Authorization

Any sharing of your health information, other than as explained above, requires your written authorization. For example, we will not use your health information unless you authorize us in writing to:

- Share any of your health information with marketing companies.
- Sell any of your health information.

You can change your mind at any time about sharing your health information. Simply notify us in writing. Please understand that we may not be able to get back health information that was shared before you changed your mind.

When enrolling for health insurance coverage on **selecthealth.org** you are giving permission for Select Health to collect the necessary PII to assist in enrolling you for coverage. Providing PII for the purposes of seeking health insurance coverage/enrollment is a voluntary submission of PII under the applicable law. If you do not provide all the necessary PII Select Health may not be able to verify your eligibility for APTC and CSR subsidies or other enrollment options.

Select Health will collect and uses this information in accordance with the permissible functions outlined in Federal regulations and agreements between CMS. This information may be shared with the Federally Facilitated Marketplace to verify your eligibility for coverage.

Special Legal Protections for Certain Health Information

Select Health complies with federal laws that require extra protection for your health

information if you receive treatment in an addiction treatment program, or from a psychotherapist who keeps notes on your therapy that are kept outside of your regular medical record.

Select Health is prohibited from using or disclosing genetic information for underwriting purposes.

Notice Regarding the Collection and Use of Sexual Orientation and Gender Identity (SOGI) Data

Select Health collects Sexual Orientation and Gender Identity (SOGI) data to enhance the provision of healthcare services and to comply with applicable legal and regulatory requirements. This data collection is intended to facilitate the delivery of culturally competent and member-centered care, particularly for individuals within the LGBTQIA+ community.

Permissible Uses of SOGI Data:

- **Healthcare Service Enhancement:** SOGI data may be utilized to identify and address health disparities, develop targeted interventions, and improve care coordination and management programs.
- **Resource Allocation and Planning:** This data may inform the allocation of resources to communities and populations in need, as well as the planning of community health initiatives and preventive care programs.
- **Member Engagement and Education:** SOGI data may be used to personalize member communications, enhance health literacy, and provide tailored health education materials.
- **Quality Improvement:** This data may be employed to evaluate and improve the quality and effectiveness of healthcare services and to monitor and enhance population health management strategies.
- **Compliance and Reporting:** SOGI data may be used to meet regulatory requirements for data reporting and health equity initiatives, and to support public health reporting and collaboration efforts.

Prohibited Uses of SOGI Data:

- **Non-Discrimination:** Select Health shall not utilize SOGI data for discriminatory practices, including but not limited to, the denial of coverage or services based on SOGI or other protected characteristics.
- **Pricing and Underwriting Restrictions:** SOGI data shall not be used for the adjustment of premiums, deductibles, or other cost-sharing measures, nor shall it influence underwriting decisions in a manner that disadvantages specific populations.
- **Prohibition of Non-Health Related Uses:** Select Health shall not sell or share SOGI data with third parties for purposes unrelated to member health and wellness, nor shall it use such data for marketing purposes without explicit member consent.

- **Data Privacy and Security:** Select Health shall implement and maintain appropriate security measures to protect SOGI data from unauthorized access or breaches. The collection, storage, and use of SOGI data shall be conducted in accordance with applicable privacy laws and regulations, and with due regard for member consent and transparency.

Right to Refusal:

Members retain the right to decline to provide SOGI data. The provision of such data is voluntary. Select Health acknowledges and respects the individual's right to privacy and the decision to withhold such information.

If You Still Have Questions

Our Privacy Coordinator can help you with any questions you may have about the privacy of your health information. He can also address any privacy concerns you may have about your health information and can help you fill out any forms that are needed to exercise your privacy rights.

This privacy notice became effective on May 26, 2015. We may change this privacy notice at any time, and we may use new ways to protect your health information. We always post our current privacy notice on selecthealth.org.

You can request a copy of this notice by visiting our website or calling our Privacy Office at **801-442-7253** (TTY users should call **711**).

This notice of privacy practices describes the practices of Select Health and of our employees and volunteers. (For more information about the specific privacy practices of Intermountain Healthcare and its employees or volunteers working in its hospitals, clinics, doctors' offices or service departments, please contact them directly by visiting intermountainhealthcare.org, or by calling Intermountain's Privacy Office at **800-442-4845** (TTY users should call **711**).

Section 1.4 We must give you information about our plan, our network of providers, and your covered services

As a member of *Select Health Medicare Dual*, you have the right to get several kinds of information from us.

If you want any of the following kinds of information, call Member Services at **855-442-9900** (TTY users call **711**):

- **Information about our plan.** This includes, for example, information about our plan's financial condition.

Chapter 8 Your rights and responsibilities

- **Information about our network providers and pharmacies.** You have the right to get information about the qualifications of the providers and pharmacies in our network and how we pay the providers in our network.
- **Information about your coverage and the rules you must follow when using your coverage.** Chapters 3 and 4 provide information regarding medical services. Chapters 5 and 6 provide information about Part D drug coverage.
- **Information about why something isn't covered and what you can do about it.** Chapter 9 provides information on asking for a written explanation on why a medical service or Part D drug isn't covered or if your coverage is restricted. Chapter 9 also provides information on asking us to change a decision, also called an appeal.

Section 1.5 You have the right to know about your treatment options and participate in decisions about your care

You have the right to get full information from your doctors and other health care providers. Your providers must explain your medical condition and your treatment choices *in a way that you can understand*.

You also have the right to participate fully in decisions about your health care. To help you make decisions with your doctors about what treatment is best for you, your rights include the following:

- **To know about all your choices.** You have the right to be told about all treatment options recommended for your condition, no matter what they cost or whether they're covered by our plan. It also includes being told about programs our plan offers to help members manage their medications and use drugs safely.
- **To know about the risks.** You have the right to be told about any risks involved in your care. You must be told in advance if any proposed medical care or treatment is part of a research experiment. You always have the choice to refuse any experimental treatments.
- **The right to say "no."** You have the right to refuse any recommended treatment. This includes the right to leave a hospital or other medical facility, even if your doctor advises you not to leave. You also have the right to stop taking your medication. If you refuse treatment or stop taking medication, you accept full responsibility for what happens to your body as a result.

You have the right to give instructions about what's to be done if you can't make medical decisions for yourself

Sometimes people become unable to make health care decisions for themselves due to accidents or serious illness. You have the right to say what you want to happen if you're in this situation. This means *if you want to*, you can:

- Fill out a written form to give **someone the legal authority to make medical decisions for you** if you ever become unable to make decisions for yourself.
- **Give your doctors written instructions** about how you want them to handle your medical care if you become unable to make decisions for yourself.

Legal documents you can use to give directions in advance in these situations are called **advance directives**. Documents like a **living will** and **power of attorney for health care** are examples of advance directives.

How to set up an advance directive to give instructions:

- **Get a form.** You can get an advance directive form from your lawyer, a social worker, or some office supply stores. You can sometimes get advance directive forms from organizations that give people information about Medicare. You can also call Member Services at **855-442-9900** (TTY users call **711**) to ask for the forms.
- **Fill out the form and sign it.** No matter where you get this form, it's a legal document. Consider having a lawyer help you prepare it.
- **Give copies of the form to the right people.** Give a copy of the form to your doctor and to the person you name on the form who can make decisions for you if you can't. You may want to give copies to close friends or family members. Keep a copy at home.

If you know ahead of time that you're going to be hospitalized, and you signed an advance directive, **take a copy with you to the hospital.**

- The hospital will ask whether you signed an advance directive form and whether you have it with you.
- If you didn't sign an advance directive form, the hospital has forms available and will ask if you want to sign one.

Filling out an advance directive is your choice (including whether you want to sign one if you're in the hospital). According to law, no one can deny you care or discriminate against you based on whether or not you signed an advance directive.

If your instructions aren't followed

If you sign an advance directive and you believe that a doctor or hospital did not follow the instructions in it, you can file a complaint with the State Department of Health or with the Department of Public Licensing.

Section 1.6 You have the right to make complaints and ask us to reconsider decisions we made

If you have any problems, concerns, or complaints and need to ask for coverage, or make an appeal, Chapter 9 of this document tells what you can do. Whatever you do—ask for a coverage decision, make an appeal, or make a complaint—**we’re required to treat you fairly.**

Section 1.7 If you believe you’re being treated unfairly, or your rights aren’t being respected

If you believe you’ve been treated unfairly or your rights haven’t been respected due to your race, disability, religion, sex, health, ethnicity, creed (beliefs), age, or national origin, call the Department of Health and Human Services’ **Office for Civil Rights** at 1-800-368-1019 (TTY users call 1-800-537-7697), or call your local Office for Civil Rights.

If you believe you’ve been treated unfairly or your rights haven’t been respected *and it’s not* about discrimination, you can get help dealing with the problem you’re having from these places:

- **Call our plan’s Member Services at 855-442-9900 (TTY users call 711)**
- **Call your local SHIP** at 1-800-541-7735
- **Call Medicare** at 1-800-MEDICARE (1-800-633-4227) (TTY users call 1-877-486-2048)

Section 1.8 How to get more information about your rights

Get more information about your rights from these places:

- **Call Member Services at 855-442-9900 (TTY users call 711)**
- **Call your local SHIP** at 1-800-541-7735
- **Contact Medicare**
 - Visit www.Medicare.gov to read the publication *Medicare Rights & Protections* (available at: [Medicare Rights & Protections](#))
 - Call 1-800-MEDICARE (1-800-633-4227) (TTY users call 1-877-486-2048)

SECTION 2 Your responsibilities as a member of our plan

Things you need to do as a member of our plan are listed below. For questions, call Member Services at **855-442-9900** (TTY users call **711**).

- **Get familiar with your covered services and the rules you must follow to get these covered services.** Use this *Evidence of Coverage* to learn what's covered and the rules you need to follow to get covered services.
 - Chapters 3 and 4 give details about medical services.
 - Chapters 5 and 6 give details about Part D drug coverage.
- **If you have any other health coverage or drug coverage in addition to our plan, you're required to tell us.** Chapter 1 tells you about coordinating these benefits.
- **Tell your doctor and other health care providers that you're enrolled in our plan.** Show our plan membership card whenever you get medical care or Part D drugs.
- **Help your doctors and other providers help you by giving them information, asking questions, and following through on your care.**
 - To help get the best care, tell your doctors and other health providers about your health problems. Follow the treatment plans and instructions you and your doctors agree on.
 - Make sure your doctors know all the drugs you're taking, including over-the-counter drugs, vitamins, and supplements.
 - If you have questions, be sure to ask and get an answer you can understand.
- **Be considerate.** We expect our members to respect the rights of other patients. We also expect you to act in a way that helps the smooth running of your doctor's office, hospitals, and other offices.
- **Pay what you owe.** As a plan member, you're responsible for these payments:
 - You must continue to pay your Medicare premiums to stay a member of our plan.
- **If you move *within* our plan service area, we need to know** so we can keep your membership record up to date and know how to contact you.
- **If you move *outside* our plan service area, you can't stay a member of our plan.**
- **If you move, tell Social Security (or the Railroad Retirement Board).**

CHAPTER 9:

If you have a problem or complaint (coverage decisions, appeals, complaints)

SECTION 1 What to do if you have a problem or concern

This chapter explains the processes for handling problems and concerns. The process you use to handle your problem depends on 2 things:

1. Whether your problem is about benefits covered by **Medicare** or **Medicaid**. If you'd like help deciding whether to use the Medicare process or the Medicaid process, or both, call Member Services at **855-442-9900** (TTY users call **711**).
2. The type of problem you're having:
 - For some problems, you need to use the **process for coverage decisions and appeals**.
 - For other problems, you need to use the **process for making complaints** (also called grievances).

Both processes have been approved by Medicare. Each process has a set of rules, procedures, and deadlines that must be followed by us and by you.

The information in this chapter will help you identify the right process to use and what to do.

Section 1.1 Legal terms

There are legal terms for some of the rules, procedures, and types of deadlines explained in this chapter. Many of these terms are unfamiliar to most people. To make things easier, this chapter uses more familiar words in place of some legal terms.

However, it's sometimes important to know the correct legal terms. To help you know which terms to use to get the right help or information, we include these legal terms when we give details for handling specific situations.

SECTION 2 Where to get more information and personalized help

We're always available to help you. Even if you have a complaint about our treatment of you, we're obligated to honor your right to complain. You should always call Member Services at **855-442-9900** (TTY users call **711**) for help. In some situations, you may also want help or guidance from someone who isn't connected with us. Two organizations that can help are:

State Health Insurance Assistance Program (SHIP).

Each state has a government program with trained counselors. The program isn't connected with us or with any insurance company or health plan. The counselors at this program can help you understand which process you should use to handle a problem you're having. They can also answer questions, give you more information, and offer guidance on what to do.

The services of SHIP counselors are free. You will find phone numbers and website URLs in Chapter 2, Section 3 of this document.

Medicare

You can also contact Medicare for help:

- Call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users call 1-877-486-2048.
- You visit www.Medicare.gov.

You can get help and information from Medicaid

For questions about your Utah Department of Health Medicaid benefits, contact Utah Department of Health Medicaid at:

- **801-538-6155** (Salt Lake City area)
- **800-662-9651** (toll-free from Utah, Idaho, Wyoming, Colorado, New Mexico, Arizona, and Nevada).
- 801-538-6155 (all other states)
- TTY users should call **711**

Hours of operation, Monday through Friday, 8:00 a.m. – 5:00 p.m. (Thursday hours are 11:00 a.m. – 5:00 p.m.) Closed on all state and federal holidays.

SECTION 3 Which process to use for your problem

Because you have Medicare and get help from Medicaid, you have different processes you can use to handle your problem or complaint. Which process you use depends on if the problem is about Medicare benefits or Medicaid benefits. If your problem is about a benefit covered by Medicare, use the Medicare process. If your problem is about a benefit covered by Medicaid, use the Medicaid process. If you'd like help deciding whether to use the Medicare process or the Medicaid process, call Member Services at **855-442-9900** (TTY users call **711**).

The Medicare process and Medicaid process are described in different parts of this chapter. To find out which part you should read, use the chart below.

Is your problem about Medicare benefits or Medicaid benefits?

My problem is about **Medicare** benefits.

Go to **Section 4, Handling problems about your Medicare benefits.**

My problem is about **Medicaid** coverage.

Go to **Section 12, Handling problems about your Medicaid benefits.**

SECTION 4 Handling problems about your Medicare benefits

Is your problem or concern about your benefits or coverage?

This includes problems about whether medical care (medical items, services and/or Part B drugs) are covered or not, the way they're covered, and problems related to payment for medical care.

Yes.

Go to **Section 5, A guide to coverage decisions and appeals.**

No.

Go to **Section 11, How to make a complaint about quality of care, waiting times, customer service, or other concerns.**

Coverage decisions and appeals

SECTION 5 A guide to coverage decisions and appeals

Coverage decisions and appeals deal with problems related to your benefits and coverage for your medical care (services, items, and Part B drugs, including payment). To keep things simple, we generally refer to medical items, services, and Medicare Part B drugs as **medical care**. You use the coverage decision and appeals process for issues such as whether something is covered or not and the way in which something is covered.

Asking for coverage decisions before you get services

If you want to know if we'll cover medical care before you get it, you can ask us to make a coverage decision for you. A coverage decision is a decision we make about your benefits and coverage or about the amount we'll pay for your medical care. For example, if our plan network doctor refers you to a medical specialist not inside the network, this referral is considered a favorable coverage decision unless either you or your network doctor can show that you got a standard denial notice for this medical specialist, or the *Evidence of Coverage* makes it clear that the referred service is never covered under any condition. You or your doctor can also contact us and ask for a coverage decision if your doctor is unsure whether we'll cover a particular medical service or refuses to provide medical care you think you need.

In limited circumstances a request for a coverage decision will be dismissed, which means we won't review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn't legally authorized to do so or if you ask for your request to be withdrawn. If we dismiss a request for a coverage decision, we'll send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

We make a coverage decision whenever we decide what's covered for you and how much we pay. In some cases, we might decide medical care isn't covered or is no longer covered for you. If you disagree with this coverage decision, you can make an appeal.

Making an appeal

If we make a coverage decision, whether before or after you get a benefit, and you aren't satisfied, you can **appeal** the decision. An appeal is a formal way of asking us to review and change a coverage decision we made. Under certain circumstances, you can ask for an expedited or **fast appeal** of a coverage decision. Your appeal is handled by different reviewers than those who made the original decision.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

When you appeal a decision for the first time, this is called a Level 1 appeal. In this appeal, we review the coverage decision we made to check to see if we properly followed the rules. When we complete the review, we give you our decision.

In limited circumstances, a request for a Level 1 appeal will be dismissed, which means we won't review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn't legally authorized to do so, or if you ask for your request to be withdrawn. If we dismiss a request for a Level 1 appeal, we'll send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

If we say no to all or part of your Level 1 appeal for medical care, your appeal will automatically go on to a Level 2 appeal conducted by an independent review organization not connected to us.

- You don't need to do anything to start a Level 2 appeal. Medicare rules require we automatically send your appeal for medical care to Level 2 if we don't fully agree with your Level 1 appeal.
- Go to **Section 6.4** for more information about Level 2 appeals for medical care.
- Part D appeals are discussed in Section 7.

If you aren't satisfied with the decision at the Level 2 appeal, you may be able to continue through additional levels of appeal (this chapter explains the Level 3, 4, and 5 appeals processes).

Section 5.1 Get help asking for a coverage decision or making an appeal

Here are resources if you decide to ask for any kind of coverage decision or appeal a decision:

- **Call Member Services at 855-442-9900 (TTY users call 711)**
- **Get free help** from your State Health Insurance Assistance Program
- **Your doctor can make a request for you.** If your doctor helps with an appeal past Level 2, they need to be appointed as your representative. Call Member Services and ask for the *Appointment of Representative* form (The form is also available at www.CMS.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf or on our website at www.selecthealth.org/medicare.)
 - For medical care, your doctor can ask for a coverage decision or a Level 1 appeal on your behalf. If your appeal is denied at Level 1, it will be automatically forwarded to Level 2.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

- For Part D drugs, your doctor or other prescriber can ask for a coverage decision or a Level 1 appeal on your behalf. If your Level 1 appeal is denied, your doctor or prescriber can ask for a Level 2 appeal.
- **You can ask someone to act on your behalf.** You can name another person to act for you as your representative to ask for a coverage decision or make an appeal.
 - If you want a friend, relative, or other person to be your representative, call Member Services at **855-442-9900** (TTY users call **711**) and ask for the *Appointment of Representative* form. (The form is also available at www.CMS.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf or on our website at www.selecthealth.org/medicare.) This form gives that person permission to act on your behalf. It must be signed by you and by the person you want to act on your behalf. You must give us a copy of the signed form.
 - We can accept an appeal request from a representative without the form, but we can't complete our review until we get it. If we don't get the form before our deadline for making a decision on your appeal, your appeal request will be dismissed. If this happens, we'll send you a written notice explaining your right to ask the independent review organization to review our decision to dismiss your appeal.
- **You also have the right to hire a lawyer.** You can contact your own lawyer or get the name of a lawyer from your local bar association or other referral service. There are groups that will give you free legal services if you qualify. However, **you aren't required to hire a lawyer** to ask for any kind of coverage decision or appeal a decision.

Section 5.2 Rules and deadlines for different situations

There are 4 different situations that involve coverage decisions and appeals. Each situation has different rules and deadlines. We give the details for each of these situations:

- **Section 6:** Medical care: How to ask for a coverage decision or make an appeal
- **Section 7:** Part D drugs: How to ask for a coverage decision or make an appeal
- **Section 8:** How to ask us to cover a longer inpatient hospital stay if you think you're being discharged too soon
- **Section 9:** How to ask us to keep covering certain medical services if you think your coverage is ending too soon (*Applies only to these services:* home health care, skilled nursing facility care, and Comprehensive Outpatient Rehabilitation Facility (CORF) services)

If you're not sure which information applies to you, call Member Services at **855-442-9900** (TTY users call **711**). You can also get help or information from your SHIP.

SECTION 6 Medical care: How to ask for a coverage decision or make an appeal

Section 6.1 What to do if you have problems getting coverage for medical care or want us to pay you back for our share of the cost of your care

Your benefits for medical care are described in Chapter 4 in the Medical Benefits Chart. In some cases, different rules apply to a request for a Part B drug. In those cases, we'll explain how the rules for Part B drugs are different from the rules for medical items and services.

This section tells what you can do if you're in any of the 5 following situations:

1. You aren't getting certain medical care you want, and you believe our plan covers this care. **Ask for a coverage decision. Section 6.2.**
2. Our plan won't approve the medical care your doctor or other medical provider wants to give you, and you believe our plan covers this care. **Ask for a coverage decision. Section 6.2.**
3. You got medical care that you believe our plan should cover, but we said we won't pay for this care. **Make an appeal. Section 6.3.**
4. You got and paid for medical care that you believe our plan should cover, and you want to ask our plan to reimburse you for this care. **Send us the bill. Section 6.5.**
5. You're told that coverage for certain medical care you've been getting that we previously approved will be reduced or stopped, and you believe that reducing or stopping this care could harm your health. **Make an appeal. Section 6.3.**

Note: If the coverage that will be stopped is for hospital care, home health care, skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services, go to Sections 8 and 9. Special rules apply to these types of care.

Section 6.2 How to ask for a coverage decision

Legal Terms:

A coverage decision that involves your medical care is called an **organization determination**.

A fast coverage decision is called an **expedited determination**.

Step 1: Decide if you need a standard coverage decision or a fast coverage decision.

A standard coverage decision is usually made within 7 calendar days when the medical item or service is subject to our prior authorization rules, 14 calendar days for all other items and services, or 72 hours for Part B drugs. A fast coverage decision is generally made within 72 hours, for medical services, or 24 hours for Part B drugs. You can get a

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

fast coverage decision *only* if using the standard deadlines could cause serious harm to your health or hurt your ability to regain function.

If your doctor tells us that your health requires a fast coverage decision, we'll automatically agree to give you a fast coverage decision.

If you ask for a fast coverage decision on your own, without your doctor's support, we'll decide whether your health requires that we give you a fast coverage decision. If we don't approve a fast coverage decision, we'll send you a letter that:

- Explains that we'll use the standard deadlines.
- Explains if your doctor asks for the fast coverage decision, we'll automatically give you a fast coverage decision.
- Explains that you can file a fast complaint about our decision to give you a standard coverage decision instead of the fast coverage decision you asked for.

Step 2: Ask our plan to make a coverage decision or fast coverage decision.

- Start by calling, writing, or faxing our plan to make your request for us to authorize or provide coverage for the medical care you want. You, your doctor, or your representative can do this. Chapter 2 has contact information.

Step 3: We consider your request for medical care coverage and give you our answer.

For standard coverage decisions we use the standard deadlines.

This means we'll give you an answer within 7 calendar days after we get your request for a medical item or service that is subject to our prior authorization rules. If your requested medical item or service is not subject to our prior authorization rules, we'll give you an answer within 14 calendar days after we get your request. If your request is for a Part B drug, we'll give you an answer within 72 hours after we get your request.

- **However**, if you ask for more time, or if we need more information that may benefit you, **we can take up to 14 more calendar days** if your request is for a medical item or service. If we take extra days, we'll tell you in writing. We can't take extra time to make a decision if your request is for a Part B drug.
- If you believe we *shouldn't* take extra days, you can file a fast complaint. We'll give you an answer to your complaint as soon as we make the decision. (The process for making a complaint is different from the process for coverage decisions and appeals. Go to Section 11 of this chapter for information on complaints.)

For fast coverage decisions we use an expedited timeframe.

A fast coverage decision means we'll answer within 72 hours if your request is for a medical item or service. If your request is for a Part B drug, we'll answer within 24 hours.

- **However**, if you ask for more time, or if we need more information that may benefit you, **we can take up to 14 more calendar days**. If we take extra days, we'll tell you in writing. We can't take extra time to make a decision if your request is for a Part B drug.
- If you believe we *shouldn't* take extra days, you can file a *fast complaint*. (Go to Section 11 for information on complaints.) We'll call you as soon as we make the decision.
- If our answer is no to part or all of what you asked for, we'll send you a written statement that explains why we said no.

Step 4: If we say no to your request for coverage for medical care, you can appeal.

If we say no, you have the right to ask us to reconsider this decision by making an appeal. This means asking again to get the medical care coverage you want. If you make an appeal, it means you're going on to Level 1 of the appeals process.

Section 6.3 How to make a Level 1 appeal

Legal Terms:

An appeal to our plan about a medical care coverage decision is called a plan **reconsideration**.

A fast appeal is also called an **expedited reconsideration**.

Step 1: Decide if you need a standard appeal or a fast appeal.

A standard appeal is usually made within 30 calendar days or 7 calendar days for Part B drugs. A fast appeal is generally made within 72 hours.

- If you're appealing a decision we made about coverage for care, you and/or your doctor need to decide if you need a fast appeal. If your doctor tells us that your health requires a fast appeal, we'll give you a fast appeal.
- The requirements for getting a fast appeal are the same as those for getting a fast coverage decision in Section 6.2 of this chapter.

Step 2: Ask our plan for an appeal or a fast appeal

- **If you're asking for a standard appeal, submit your standard appeal in writing.** Chapter 2 has contact information.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

- **If you're asking for a fast appeal, make your appeal in writing or call us.** Chapter 2 has contact information.
- **You must make your appeal request within 65 calendar days** from the date on the written notice we sent to tell you our answer on the coverage decision. If you miss this deadline and have a good reason for missing it, explain the reason your appeal is late when you make your appeal. We may give you more time to make your appeal. Examples of good cause may include a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for asking for an appeal.
- **You can ask for a copy of the information regarding your medical decision. You and your doctor may add more information to support your appeal.**

Step 3: We consider your appeal, and we give you our answer.

- When we are reviewing your appeal, we take a careful look at all the information. We check to see if we were following all the rules when we said no to your request.
- We'll gather more information if needed and may contact you or your doctor.

Deadlines for a fast appeal

- For fast appeals, we must give you our answer **within 72 hours after we get your appeal**. We'll give you our answer sooner if your health requires us to.
 - If you ask for more time, or if we need more information that may benefit you, we **can take up to 14 more calendar days** if your request is for a medical item or service. If we take extra days, we'll tell you in writing. We can't take extra time if your request is for a Part B drug.
 - If we don't give you an answer within 72 hours (or by the end of the extended time period if we took extra days), we're required to automatically send your request to Level 2 of the appeals process, where it will be reviewed by an independent review organization. Section 6.4 explains the Level 2 appeal process.
- **If our answer is yes to part or all of what you asked for**, we must authorize or provide the coverage we agreed to within 72 hours after we get your appeal.
- **If our answer is no to part or all of what you asked for**, we'll send you our decision in writing and automatically forward your appeal to the independent review organization for a Level 2 appeal. The independent review organization will notify you in writing when it gets your appeal.

Deadlines for a standard appeal

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

- For standard appeals, we must give you our answer **within 30 calendar days** after we get your appeal. If your request is for a Part B drug you didn't get yet, we'll give you our answer **within 7 calendar days** after we get your appeal. We'll give you our decision sooner if your health condition requires us to.
 - However, if you ask for more time, or if we need more information that may benefit you, **we can take up to 14 more calendar days** if your request is for a medical item or service. If we take extra days, we'll tell you in writing. We can't take extra time to make a decision if your request is for a Part B drug.
 - If you believe we *shouldn't* take extra days, you can file a fast complaint. When you file a fast complaint, we'll give you an answer to your complaint within 24 hours. (Go to Section 11 for information on complaints.)
 - If we don't give you an answer by the deadline (or by the end of the extended time period), we'll send your request to a Level 2 appeal where an independent review organization will review the appeal. Section 6.4 explains the Level 2 appeal process.
- **If our answer is yes to part or all of what you asked for**, we must authorize or provide the coverage within 30 calendar days if your request is for a medical item or service, or **within 7 calendar days** if your request is for a Part B drug.
- **If our plan says no to part or all of your appeal**, we'll automatically send your appeal to the independent review organization for a Level 2 appeal.

Section 6.4 The Level 2 appeal process**Legal Term:**

The formal name for the independent review organization is the **Independent Review Entity**. It's sometimes called the **IRE**.

The **independent review organization is an independent organization hired by Medicare**. It isn't connected with us and isn't a government agency. This organization decides whether the decision we made is correct or if it should be changed. Medicare oversees its work.

Step 1: The independent review organization reviews your appeal.

- We'll send the information about your appeal to this organization. This information is called your **case file**. **You have the right to ask us for a copy of your case file.**
- You have a right to give the independent review organization additional information to support your appeal.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

- Reviewers at the independent review organization will take a careful look at all the information about your appeal.

If you had a fast appeal at Level 1, you'll also have a fast appeal at Level 2.

- For the fast appeal, the independent review organization must give you an answer to your Level 2 appeal **within 72 hours** of when it gets your appeal.
- If your request is for a medical item or service and the independent review organization needs to gather more information that may benefit you, **it can take up to 14 more calendar days**. The independent review organization can't take extra time to make a decision if your request is for a Part B drug.

If you had a standard appeal at Level 1, you'll also have a standard appeal at Level 2.

- For the standard appeal, if your request is for a medical item or service, the independent review organization must give you an answer to your Level 2 appeal **within 30 calendar days** of when it gets your appeal. If your request is for a Part B drug, the independent review organization must give you an answer to your Level 2 appeal **within 7 calendar days** of when it gets your appeal.
- If your request is for a medical item or service and the independent review organization needs to gather more information that may benefit you, **it can take up to 14 more calendar days**. The independent review organization can't take extra time to make a decision if your request is for a Part B drug.

Step 2: The independent review organization gives you its answer.

The independent review organization will tell you its decision in writing and explain the reasons for it.

- **If the independent review organization says yes to part or all of a request for a medical item or service**, we must authorize the medical care coverage within **72 hours** or provide the service within 14 calendar days after we get the decision from the independent review organization for **standard requests**. For **expedited requests**, we have **72 hours** from the date we get the decision from the independent review organization.
- **If the independent review organization says yes to part or all of a request for a Part B drug**, we must authorize or provide the Part B drug within **72 hours** after we get the decision from the independent review organization for **standard requests**. For **expedited requests** we have **24 hours** from the date we get the decision from the independent review organization.
- **If the independent review organization says no to part or all of your appeal**, it means they agree with our plan that your request (or part of your request) for coverage for medical care shouldn't be approved. (This is called **upholding the decision** or

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

turning down your appeal.) In this case, the independent review organization will send you a letter that:

- Explains the decision.
- Lets you know about your right to a Level 3 appeal if the dollar value of the medical care coverage you're requesting meets a certain minimum. The written notice you get from the independent review organization will tell you the dollar amount you must meet to continue the appeals process.
- Tells you how to file a Level 3 appeal.

Step 3: If your case meets the requirements, you choose whether you want to take your appeal further.

- There are 3 additional levels in the appeals process after Level 2 (for a total of 5 levels of appeal). If you want to go to a Level 3 appeal the details on how to do this are in the written notice you get after your Level 2 appeal.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 10 explains the Level 3, 4, and 5 appeals processes.

Section 6.5 If you're asking us to pay you back for our share of a bill you got for medical care

If you have already paid for a Medicaid service or item covered by our plan, ask our plan to pay you back (reimburse you). It's your right to be paid back by our plan whenever you've paid more than your share of the cost for medical services or drugs that are covered by our plan. When you send us a bill you have already paid, we'll look at the bill and decide whether the services or drugs should be covered. If we decide they should be covered, we'll pay you back for the services or drugs.

Asking for reimbursement is asking for a coverage decision from us

If you send us the paperwork asking for reimbursement, you're asking for a coverage decision. To make this decision, we'll check to see if the medical care you paid for is covered. We'll also check to see if you followed the rules for using your coverage for medical care.

- **If we say yes to your request:** If the medical care is covered and you followed the rules, we'll send you the payment for our share of the cost typically within 30 calendar days, but no later than 60 calendar days after we get your request. If you haven't paid for the medical care, we'll send the payment directly to the provider.
- **If we say no to your request:** If the medical care isn't covered, or you did *not* follow all the rules, we won't send payment. Instead, we'll send you a letter that says we won't pay for the medical care and the reasons why.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

If you don't agree with our decision to turn you down, **you can make an appeal**. If you make an appeal, it means you're asking us to change the coverage decision we made when we turned down your request for payment.

To make this appeal, follow the process for appeals in Section 6.3. For appeals concerning reimbursement, note:

- We must give you our answer within 60 calendar days after we get your appeal. If you're asking us to pay you back for medical care you already got and paid for, you aren't allowed to ask for a fast appeal.
- If the independent review organization decides we should pay, we must send you or the provider the payment within 30 calendar days. If the answer to your appeal is yes at any stage of the appeals process after Level 2, we must send the payment you asked for to you or the provider within 60 calendar days.

SECTION 7 Part D drugs: How to ask for a coverage decision or make an appeal

Section 7.1 This section tells you what to do if you have problems getting a Part D drug or you want us to pay you back for a Part D drug

Your benefits include coverage for many prescription drugs. To be covered, the drug must be used for a medically accepted indication. (Go to Chapter 5 for more information about a medically accepted indication.) For details about Part D drugs, rules, restrictions, and costs go to Chapters 5 and 6. **This section is about your Part D drugs only.** To keep things simple, we generally say *drug* in the rest of this section, instead of repeating *covered outpatient prescription drug* or *Part D drug* every time. We also use the term Drug List instead of *List of Covered Drugs* or formulary.

- If you don't know if a drug is covered or if you meet the rules, you can ask us. Some drugs require that you get approval from us before we'll cover it.
- If your pharmacy tells you that your prescription can't be filled as written, the pharmacy will give you a written notice explaining how to contact us to ask for a coverage decision.

Part D coverage decisions and appeals

Legal Term:

An initial coverage decision about your Part D drugs is called a **coverage determination**.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

A coverage decision is a decision we make about your benefits and coverage or about the amount we'll pay for your drugs. This section tells what you can do if you're in any of the following situations:

- Asking to cover a Part D drug that's not on our plan's Drug List. **Ask for an exception. Section 7.2**
- Asking to waive a restriction on our plan's coverage for a drug (such as limits on the amount of the drug you can get) **Ask for an exception. Section 7.2**
- Asking to get pre-approval for a drug. **Ask for a coverage decision. Section 7.4**
- Pay for a prescription drug you already bought. **Ask us to pay you back. Section 7.4**

If you disagree with a coverage decision we made, you can appeal our decision.

This section tells you both how to ask for coverage decisions and how to request an appeal.

Section 7.2 Asking for an exception**Legal Terms:**

Asking for coverage of a drug that's not on the Drug List is a **formulary exception**.

Asking for removal of a restriction on coverage for a drug is a **formulary exception**.

Asking to pay a lower price for a covered non-preferred drug is a **tiering exception**.

If a drug isn't covered in the way you'd like it to be covered, you can ask us to make an **exception**. An exception is a type of coverage decision.

For us to consider your exception request, your doctor or other prescriber will need to explain the medical reasons why you need the exception approved. Here are 2 examples of exceptions that you or your doctor or other prescriber can ask us to make:

1. Covering a Part D drug that's not on our Drug List. If we agree to cover a drug not on the Drug List, you'll need to pay the cost-sharing amount that applies to for brand name drugs or for generic drugs. You can't ask for an exception to the cost-sharing amount we require you to pay for the drug.

2. Removing a restriction for a covered drug. Chapter 5 describes the extra rules or restrictions that apply to certain drugs on our Drug List. If we agree to make an exception and waive a restriction for you, you can ask for an exception to the cost-sharing amount we require you to pay for the drug.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

- If we approve your tiering exception request and there's more than one lower cost-sharing tier with alternative drugs you can't take, you usually pay the lowest amount.

Section 7.3 Important things to know about asking for exceptions**Your doctor must tell us the medical reasons**

Your doctor or other prescriber must give us a statement that explains the medical reasons you're asking for an exception. For a faster decision, include this medical information from your doctor or other prescriber when you ask for the exception.

Our Drug List typically includes more than one drug for treating a particular condition. These different possibilities are called **alternative** drugs. If an alternative drug would be just as effective as the drug you're requesting and wouldn't cause more side effects or other health problems, we generally won't approve your request for an exception.

We can say yes or no to your request

- If we approve your request for an exception, our approval usually is valid until the end of our plan year. This is true as long as your doctor continues to prescribe the drug for you and that drug continues to be safe and effective for treating your condition.
- If we say no to your request, you can ask for another review by making an appeal.

Section 7.4 How to ask for a coverage decision, including an exception**Legal term:**

A fast coverage decision is called an **expedited coverage determination**.

Step 1: Decide if you need a standard coverage decision or a fast coverage decision.

Standard coverage decisions are made within **72 hours** after we get your doctor's statement. **Fast coverage decisions** are made within **24 hours** after we get your doctor's statement.

If your health requires it, ask us to give you a fast coverage decision. To get a fast coverage decision, you must meet 2 requirements:

- You must be asking for a drug you didn't get yet. (You can't ask for fast coverage decision to be paid back for a drug you have already bought.)
- Using the standard deadlines could cause serious harm to your health or hurt your ability to function.
- **If your doctor or other prescriber tells us that your health requires a fast coverage decision, we'll automatically give you a fast coverage decision.**

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

- **If you ask for a fast coverage decision on your own, without your doctor or prescriber's support, we'll decide whether your health requires that we give you a fast coverage decision.** If we don't approve a fast coverage decision, we'll send you a letter that:
 - Explains that we'll use the standard deadlines.
 - Explains if your doctor or other prescriber asks for the fast coverage decision, we'll automatically give you a fast coverage decision.
 - Tells you how you can file a fast complaint about our decision to give you a standard coverage decision instead of the fast coverage decision you asked for. We'll answer your complaint within 24 hours of receipt.

Step 2: Ask for a standard coverage decision or a fast coverage decision.

Start by calling, writing, or faxing our plan to ask us to authorize or provide coverage for the medical care you want. You can also access the coverage decision process through our website. We must accept any written request, including a request submitted on the *CMS Model Coverage Determination Request Form* on our plan's form, which are available on our website. Chapter 2 has contact information. To help us process your request, include your name, contact information, and information that shows which denied claim is being appealed.

You, your doctor, (or other prescriber) or your representative can do this. You can also have a lawyer act on your behalf. Section 4 of this chapter tells how you can give written permission to someone else to act as your representative.

- **If you're asking for an exception, provide the supporting statement,** which is the medical reasons for the exception. Your doctor or other prescriber can fax or mail the statement to us. Or your doctor or other prescriber can tell us on the phone and follow up by faxing or mailing a written statement if necessary.

Step 3: We consider your request and give you our answer.***Deadlines for a fast coverage decision***

- We must generally give you our answer **within 24 hours** after we get your request.
 - For exceptions, we'll give you our answer within 24 hours after we get your doctor's supporting statement. We'll give you our answer sooner if your health requires us to.
 - If we don't meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

- **If our answer is yes to part or all of what you asked for**, we must provide the coverage we agreed to within 24 hours after we get your request or doctor's statement supporting your request.
- **If our answer is no to part or all of what you asked for**, we'll send you a written statement that explains why we said no. We'll also tell you how you can appeal.

Deadlines for a standard coverage decision about a drug you didn't get yet

- We must generally give you our answer **within 72 hours** after we get your request.
 - For exceptions, we'll give you our answer within 72 hours after we get your doctor's supporting statement. We'll give you our answer sooner if your health requires us to.
 - If we don't meet this deadline, we are required to send your request to Level 2 of the appeals process, where it will be reviewed by an independent review organization.
- **If our answer is yes to part or all of what you asked for**, we must **provide the coverage** we agreed to **within 72 hours** after we get your request or doctor's statement supporting your request.
- **If our answer is no to part or all of what you asked for**, we'll send you a written statement that explains why we said no. We'll also tell you how you can appeal.

Deadlines for a standard coverage decision about payment for a drug you already bought

- We must give you our answer **within 14 calendar days** after we get your request.
 - If we don't meet this deadline, we're required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization.
- **If our answer is yes to part or all of what you asked for**, we're also required to make payment to you within 14 calendar days after we get your request.
- **If our answer is no to part or all of what you asked for**, we'll send you a written statement that explains why we said no. We'll also tell you how you can appeal.

Step 4: If we say no to your coverage request, you can make an appeal.

- If we say no, you have the right to ask us to reconsider this decision by making an appeal. This means asking again to get the drug coverage you want. If you make an appeal, it means you're going to Level 1 of the appeals process.

Section 7.5 How to make a Level 1 appeal**Legal Terms:**

An appeal to our plan about a Part D drug coverage decision is called a plan redetermination.

A fast appeal is called an **expedited redetermination**.

Step 1: Decide if you need a standard appeal or a fast appeal.

A standard appeal is usually made within 7 calendar days. A fast appeal is generally made within 72 hours. If your health requires it, ask for a fast appeal.

- If you're appealing a decision, we made about a drug you didn't get yet, you and your doctor or other prescriber will need to decide if you need a fast appeal.
- The requirements for getting a fast appeal are the same as those for getting a fast coverage decision in Section 7.4 of this chapter.

Step 2: You, your representative, doctor or other prescriber must contact us and make your Level 1 appeal. If your health requires a quick response, you must ask for a fast appeal.

- **For standard appeals, submit a written request.** Chapter 2 has contact information.
- **For fast appeals, either submit your appeal in writing or call us at 844-208-9012.** Chapter 2 has contact information.
- **We must accept any written request,** including a request submitted on the *CMS Model Redetermination Request Form*, which is available on our website selecthealth.org/medicare. Include your name, contact information, and information about your claim to help us process your request.
- **You must make your appeal request within 65 calendar days** from the date on the written notice we sent to tell you our answer on the coverage decision. If you miss this deadline and have a good reason for missing it, explain the reason your appeal is late when you make your appeal. We may give you more time to make your appeal. Examples of good cause may include a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for asking for an appeal.
- **You can ask for a copy of the information in your appeal and add more information.** You and your doctor may add more information to support your appeal.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

Step 3: We consider your appeal and give you our answer.

- When we review your appeal, we take another careful look at all the information about your coverage request. We check to see if we were following all the rules when we said no to your request.
- We may contact you or your doctor or other prescriber to get more information.

Deadlines for a fast appeal

- For fast appeals, we must give you our answer **within 72 hours after we get your appeal**. We'll give you our answer sooner if your health requires us to.
 - If we don't give you an answer within 72 hours, we're required to send your request to Level 2 of the appeals process, where it will be reviewed by an independent review organization. Section 7.6 explains the Level 2 appeal process.
- **If our answer is yes to part or all of what you asked for**, we must provide the coverage we have agreed to provide within 72 hours after we get your appeal.
- **If our answer is no to part or all of what you asked for**, we'll send you a written statement that explains why we said no and how you can appeal our decision.

Deadlines for a standard appeal for a drug you didn't get yet

- For standard appeals, we must give you our answer **within 7 calendar days** after we get your appeal. We'll give you our decision sooner if you didn't get the drug yet and your health condition requires us to do so.
 - If we don't give you a decision within 7 calendar days, we're required to send your request to Level 2 of the appeals process, where it will be reviewed by an independent review organization. Section 7.6 explains the Level 2 appeal process.
- **If our answer is yes to part or all of what you asked for**, we must provide the coverage as quickly as your health requires, but no later than **7 calendar days** after we get your appeal.
- **If our answer is no to part or all of what you asked for**, we'll send you a written statement that explains why we said no and how you can appeal our decision.

Deadlines for a standard appeal about payment for a drug you already bought

- We must give you our answer **within 14 calendar days** after we get your request.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

- If we don't meet this deadline, we are required to send your request to Level 2 of the appeals process, where it will be reviewed by an independent review organization.
- **If our answer is yes to part or all of what you asked for**, we're also required to make payment to you within 30 calendar days after we get your request.
- **If our answer is no to part or all of what you asked for**, we'll send you a written statement that explains why we said no. We'll also tell you how you can appeal.

Step 4: If we say no to your appeal, you decide if you want to continue with the appeals process and make *another* appeal.

- If you decide to make another appeal, it means your appeal is going on to Level 2 of the appeals process.

Section 7.6 How to make a Level 2 appeal**Legal Term**

The formal name for the independent review organization is the **Independent Review Entity**. It is sometimes called the **IRE**.

The **independent review organization is an independent organization hired by Medicare**. It isn't connected with us and isn't a government agency. This organization decides whether the decision we made is correct or if it should be changed. Medicare oversees its work.

Step 1: You (or your representative or your doctor or other prescriber) must contact the independent review organization and ask for a review of your case.

- If we say no to your Level 1 appeal, the written notice we send you'll include **instructions on how to make a Level 2 appeal** with the independent review organization. These instructions will tell who can make this Level 2 appeal, what deadlines you must follow, and how to reach the independent review organization.
- **You must make your appeal request within 65 calendar days** from the date on the written notice.
- If we did not complete our review within the applicable timeframe or make an unfavorable decision regarding an **at-risk** determination under our drug management program, we'll automatically forward your request to the independent review entity.
- We'll send the information about your appeal to the independent review organization. This information is called your **case file**. **You have the right to ask us for a copy of your case file**.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

- You have a right to give the independent review organization additional information to support your appeal.

Step 2: The independent review organization reviews your appeal.

- Reviewers at the independent review organization will take a careful look at all the information about your appeal.

Deadlines for fast appeal

- If your health requires it, ask the independent review organization for a fast appeal.
- If the independent review organization agrees to give you a fast appeal, the independent review organization must give you an answer to your Level 2 appeal **within 72 hours** after it gets your appeal request.

Deadlines for standard appeal

- For standard appeals, the independent review organization must give you an answer to your Level 2 appeal **within 7 calendar days** after it gets your appeal if it is for a drug you didn't get yet. If you're asking us to pay you back for a drug you already bought, the independent review organization must give you an answer to your Level 2 appeal **within 14 calendar days** after it gets your request.

Step 3: The independent review organization gives you its answer.***For fast appeals:***

- **If the independent review organization says yes to part or all of what you asked for**, we must **provide the drug coverage** that was approved by the independent review organization **within 24 hours** after we get the decision from the independent review organization.

For standard appeals:

- **If the independent review organization says yes to part or all of your request for coverage**, we must **provide the drug coverage** that was approved by the independent review organization **within 72 hours** after we get the decision from the independent review organization.
- **If the independent review organization says yes to part or all of your request to pay you back** for a drug you already bought, we're required to **send payment to you within 30 calendar days** after we get the decision from the independent review organization.

What if the independent review organization says no to your appeal?

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

If the independent review organization says no to part or all of your appeal, it means they agree with our decision not to approve your request (or part of your request). (This is called **upholding the decision**. It's also called **turning down your appeal**.) In this case, the independent review organization will send you a letter that:

- Explains the decision.
- Lets you know about your right to a Level 3 appeal if the dollar value of the drug coverage you're asking for meets a certain minimum. If the dollar value of the drug coverage you're asking for is too low, you can't make another appeal and the decision at Level 2 is final.
- Tells you the dollar value that must be in dispute to continue with the appeals process.

Step 4: If your case meets the requirements, you choose whether you want to take your appeal further.

- There are 3 additional levels in the appeals process after Level 2 (for a total of 5 levels of appeal).
- If you want to go to a Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 10 explains the Level 3, 4, and 5 appeals process.

SECTION 8 How to ask us to cover a longer inpatient hospital stay if you think you're being discharged too soon

When you're admitted to a hospital, you have the right to get all covered hospital services necessary to diagnose and treat your illness or injury.

During your covered hospital stay, your doctor and the hospital staff will work with you to prepare for the day you leave the hospital. They'll help arrange for care you may need after you leave.

- The day you leave the hospital is called your **discharge date**.
- When your discharge date is decided, your doctor or the hospital staff will tell you.
- If you think you're being asked to leave the hospital too soon, you can ask for a longer hospital stay and your request will be considered.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

Section 8.1 During your inpatient hospital stay, you'll get a written notice from Medicare that tells you about your rights

Within 2 calendar days of being admitted to the hospital, you'll be given a written notice called *An Important Message from Medicare about Your Rights*. Everyone with Medicare gets a copy of this notice. If you don't get the notice from someone at the hospital (for example, a caseworker or nurse), ask any hospital employee for it. If you need help, call Member Services at **855-442-9900** (TTY users call **711**) or 1-800-MEDICARE (1-800-633-4227). (TTY users call 1-877-486-2048).

1. Read this notice carefully and ask questions if you don't understand it. It tells you:

- Your right to get Medicare-covered services during and after your hospital stay, as ordered by your doctor. This includes the right to know what these services are, who will pay for them, and where you can get them.
- Your right to be involved in any decisions about your hospital stay.
- Where to report any concerns you have about quality of your hospital care.
- Your right to **ask for an immediate review** of the decision to discharge you if you think you're being discharged from the hospital too soon. This is a formal, legal way to ask for a delay in your discharge date, so we'll cover your hospital care for a longer time.

2. You'll be asked to sign the written notice to show that you got it and understand your rights.

- You or someone who is acting on your behalf will be asked to sign the notice.
- Signing the notice shows *only* that you got the information about your rights. The notice doesn't give your discharge date. Signing the notice **doesn't mean** you're agreeing on a discharge date.

3. Keep your copy of the notice so you'll have the information about making an appeal (or reporting a concern about quality of care) if you need it.

- If you sign the notice more than 2 calendar days before your discharge date, you'll get another copy before you're scheduled to be discharged.
- To look at a copy of this notice in advance, call Member Services at **855-442-9900** (TTY users call **711**) or 1-800 MEDICARE (1-800-633-4227). TTY users call 1-877-486-2048. You can also get the notice online at www.CMS.gov/medicare/forms-notices/beneficiary-notices-initiative/ffs-ma-im.

Section 8.2 How to make a Level 1 appeal to change your hospital discharge date

To ask us to cover your inpatient hospital services for a longer time, use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

- **Follow the process**
- **Meet the deadlines**
- **Ask for help if you need it.** If you have questions or need help, call Member Services at **855-442-9900** (TTY users call **711**). Or call your State Health Insurance Assistance Program (SHIP) for personalized help. SHIP contact information is available in Chapter 2, Section 3.

During a Level 1 appeal, the Quality Improvement Organization reviews your appeal. It checks to see if your planned discharge date is medically appropriate for you. The **Quality Improvement Organization** is a group of doctors and other health care professionals paid by the federal government to check on and help improve the quality of care for people with Medicare. This includes reviewing hospital discharge dates for people with Medicare. These experts aren't part of our plan.

Step 1: Contact the Quality Improvement Organization for your state and ask for an immediate review of your hospital discharge. You must act quickly.

How can you contact this organization?

- The written notice you got (*An Important Message from Medicare About Your Rights*) tells you how to reach this organization. Or find the name, address, and phone number of the Quality Improvement Organization for your state in Chapter 2.

Act quickly:

- To make your appeal, you must contact the Quality Improvement Organization *before* you leave the hospital and **no later than midnight the day of your discharge**.
 - **If you meet this deadline**, you can stay in the hospital *after* your discharge date *without paying for it* while you wait to get the decision from the Quality Improvement Organization.
 - **If you don't meet this deadline, contact us.** If you decide to stay in the hospital after your planned discharge date, *you may have to pay all the costs* for hospital care you get after your planned discharge date.
- Once you ask for an immediate review of your hospital discharge the Quality Improvement Organization will contact us. By noon of the day after we are contacted, we'll give you a **Detailed Notice of Discharge**. This notice gives your planned discharge date and explains in detail the reasons why your doctor, the hospital, and we think it is right (medically appropriate) for you to be discharged on that date.
- You can get a sample of the **Detailed Notice of Discharge** by calling Member Services at **855-442-9900** (TTY users call **711**) or 1-800-MEDICARE (1-800-633-4227).

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

(TTY users call 1-877-486-2048.) Or you can get a sample notice online at www.CMS.gov/medicare/forms-notices/beneficiary-notices-initiative/ffs-ma-im.

Step 2: The Quality Improvement Organization conducts an independent review of your case.

- Health professionals at the Quality Improvement Organization (the reviewers) will ask you (or your representative) why you believe coverage for the services should continue. You don't have to prepare anything in writing, but you can if you want to.
- The reviewers will also look at your medical information, talk with your doctor, and review information that we and the hospital gave them.
- By noon of the day after the reviewers told us of your appeal, you'll get a written notice from us that gives your planned discharge date. This notice also explains in detail the reasons why your doctor, the hospital, and we think it is right (medically appropriate) for you to be discharged on that date.

Step 3: Within one full day after it has all the needed information, the Quality Improvement Organization will give you its answer to your appeal.***What happens if the answer is yes?***

- If the independent review organization says **yes**, **we must keep providing your covered inpatient hospital services for as long as these services are medically necessary**.
- You'll have to keep paying your share of the costs (such as deductibles or copayments, if these apply). In addition, there may be limitations on your covered hospital services.

What happens if the answer is no?

- If the independent review organization says **no**, they're saying that your planned discharge date is medically appropriate. If this happens, **our coverage for your inpatient hospital services will end** at noon on the day *after* the Quality Improvement Organization gives you its answer to your appeal.
- If the independent review organization says **no** to your appeal and you decide to stay in the hospital, **you may have to pay the full cost** of hospital care you get after noon on the day after the Quality Improvement Organization gives you its answer to your appeal.

Step 4: If the answer to your Level 1 appeal is no, you decide if you want to make another appeal.

- If the Quality Improvement Organization said **no** to your appeal, *and* you stay in the hospital after your planned discharge date, you can make another appeal. Making another appeal means you're going to **Level 2** of the appeals process.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

Section 8.3 How to make a Level 2 appeal to change your hospital discharge date

During a Level 2 appeal, you ask the Quality Improvement Organization to take another look at its decision on your first appeal. If the Quality Improvement Organization turns down your Level 2 appeal, you may have to pay the full cost for your stay after your planned discharge date.

Step 1: Contact the Quality Improvement Organization again and ask for another review.

- You must ask for this review **within 60 calendar days** after the day the Quality Improvement Organization said *no* to your Level 1 appeal. You can ask for this review only if you stay in the hospital after the date your coverage for the care ended.

Step 2: The Quality Improvement Organization does a second review of your situation.

- Reviewers at the Quality Improvement Organization will take another careful look at all the information related to your appeal.

Step 3: Within 14 calendar days of receipt of your request for a Level 2 appeal, the reviewers will decide on your appeal and tell you it's decision.***If the independent review organization says yes:***

- **We must reimburse you** for our share of the costs of hospital care you got since noon on the day after the date your first appeal was turned down by the Quality Improvement Organization. **We must continue providing coverage for your inpatient hospital care for as long as it is medically necessary.**
- You must continue to pay your share of the costs and coverage limitations may apply.

If the independent review organization says no:

- It means they agree with the decision they made on your Level 1 appeal.
- The notice you get will tell you in writing what you can do if you want to continue with the review process.

Step 4: If the answer is no, you need to decide whether you want to take your appeal further by going to Level 3.

- There are 3 additional levels in the appeals process after Level 2 (for a total of 5 levels of appeal). If you want to go to a Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 10 of this chapter tells more about Levels 3, 4, and 5 of the appeals process.

SECTION 9 How to ask us to keep covering certain medical services if you think your coverage is ending too soon

When you're getting covered **home health services, skilled nursing care, or rehabilitation care (Comprehensive Outpatient Rehabilitation Facility)**, you have the right to keep getting your services for that type of care for as long as the care is needed to diagnose and treat your illness or injury.

When we decide it is time to stop covering any of these 3 types of care for you, we're required to tell you in advance. When your coverage for that care ends, *we'll stop paying our share of the cost for your care.*

If you think we're ending the coverage of your care too soon, **you can appeal our decision.** This section tells you how to ask for an appeal.

Section 9.1 We'll tell you in advance when your coverage will be ending

Legal Term:

Notice of Medicare Non-Coverage. It tells you how you can ask for a **fast-track appeal.**

Asking for a fast-track appeal is a formal, legal way to ask for a change to our coverage decision about when to stop your care.

- 1. You get a notice in writing** at least 2 calendar days before our plan is going to stop covering your care. The notice tells you:
 - The date when we'll stop covering the care for you.
 - How to ask for a fast-track appeal to ask us to keep covering your care for a longer period of time.
- 2. You, or someone who is acting on your behalf, will be asked to sign the written notice to show that you got it.** Signing the notice shows *only* that you got the information about when your coverage will stop. **Signing it doesn't mean you agree** with our plan's decision to stop care.

Section 9.2 How to make a Level 1 appeal to have our plan cover your care for a longer time

If you want to ask us to cover your care for a longer period of time, you'll need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are.

- **Follow the process**
- **Meet the deadlines**

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

- **Ask for help if you need it.** If you have questions or need help, call Member Services at **855-442-9900** (TTY users call **711**). Or call your State Health Insurance Assistance Program (SHIP) for personalized help. SHIP contact information is available in Chapter 2, Section 3.

During a Level 1 appeal, the Quality Improvement Organization reviews your appeal. It decides if the end date for your care is medically appropriate. The **Quality Improvement Organization** is a group of doctors and other health care experts paid by the federal government to check on and help improve the quality of care for people with Medicare. This includes reviewing plan decisions about when it's time to stop covering certain kinds of medical care. These experts aren't part of our plan.

Step 1: Make your Level 1 appeal: contact the Quality Improvement Organization and ask for a fast-track appeal. You must act quickly.

How can you contact this organization?

- The written notice you got (*Notice of Medicare Non-Coverage*) tells you how to reach this organization. (Or find the name, address, and phone number of the Quality Improvement Organization for your state in Chapter 2.)

Act quickly:

- You must contact the Quality Improvement Organization to start your appeal **by noon of the day before the effective date** on the *Notice of Medicare Non-Coverage*.
- If you miss the deadline, and you want to file an appeal, you still have appeal rights. Contact the Quality Improvement Organization using the contact information on the *Notice of Medicare Non-coverage*. The name, address, and phone number of the Quality Improvement Organization for your state may also be found in Chapter 2.

Step 2: The Quality Improvement Organization conducts an independent review of your case.

Legal Term:

Detailed Explanation of Non-Coverage. Notice that gives details on reasons for ending coverage.

What happens during this review?

- Health professionals at the Quality Improvement Organization (the reviewers) will ask you, or your representative) why you believe coverage for the services should continue. You don't have to prepare anything in writing, but you can if you want to.
- The independent review organization will also look at your medical information, talk with your doctor, and review information our plan gives them.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

- By the end of the day the reviewers tell us of your appeal, you'll get the *Detailed Explanation of Non-Coverage* from us that explains in detail our reasons for ending our coverage for your services.

Step 3: Within one full day after they have all the information they need; the reviewers will tell you it's decision.

What happens if the reviewers say yes?

- If the reviewers say *yes* to your appeal, then **we must keep providing your covered service for as long as it's medically necessary.**
- You'll have to keep paying your share of the costs (such as deductibles or copayments, if these apply). There may be limitations on your covered services.

What happens if the reviewers say no?

- If the reviewers say *no*, then **your coverage will end on the date we told you.**
- If you decide to keep getting the home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services *after* this date when your coverage ends, **you'll have to pay the full cost** of this care yourself.

Step 4: If the answer to your Level 1 appeal is no, you decide if you want to make another appeal.

- If reviewers say *no* to your Level 1 appeal – and you choose to continue getting care after your coverage for the care has ended – then you can make a Level 2 appeal.

Section 9.3 How to make a Level 2 appeal to have our plan cover your care for a longer time

During a Level 2 appeal, you ask the Quality Improvement Organization to take another look at the decision on your first appeal. If the Quality Improvement Organization turns down your Level 2 appeal, you may have to pay the full cost for your home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services *after* the date when we said your coverage would end.

Step 1: Contact the Quality Improvement Organization again and ask for another review.

- You must ask for this review **within 60 calendar days** after the day when the Quality Improvement Organization said *no* to your Level 1 appeal. You could ask for this review only if you continued getting care after the date your coverage for the care ended.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

Step 2: The Quality Improvement Organization does a second review of your situation.

- Reviewers at the Quality Improvement Organization will take another careful look at all the information related to your appeal.

Step 3: Within 14 calendar days of receipt of your appeal request, reviewers will decide on your appeal and tell you it's decision.***What happens if the independent review organization says yes?***

- **We must reimburse you** for our share of the costs of care you got since the date when we said your coverage would end. **We must continue providing coverage** for the care for as long as it's medically necessary.
- You must continue to pay your share of the costs and there may be coverage limitations that apply.

What happens if the independent review organization says no?

- It means they agree with the decision made to your Level 1 appeal.
- The notice you get will tell you in writing what you can do if you want to continue with the review process. It will give you details about how to go to the next level of appeal, which is handled by an Administrative Law Judge or attorney adjudicator.

Step 4: If the answer is no, you'll need to decide whether you want to take your appeal further.

- There are 3 additional levels of appeal after Level 2 (for a total of 5 levels of appeal). If you want to go on to a Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 10 of this chapter talks more about Levels 3, 4, and 5 of the appeals process.

SECTION 10 Taking your appeal to Levels 3, 4 and 5

Section 10.1 Appeal Levels 3, 4 and 5 for Medical Service Requests

This section may be right for you if you made a Level 1 appeal and a Level 2 appeal, and both of your appeals were turned down.

If the dollar value of the item or medical service you appealed meets certain minimum levels, you may be able to go on to additional levels of appeal. If the dollar value is less than the minimum level, you can't appeal any further. The written response you get to your Level 2 appeal will explain how to make a Level 3 appeal.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

For most situations that involve appeals, the last 3 levels of appeal work in much the same way as the first 2 levels. Here's who handles the review of your appeal at each of these levels.

Level 3 appeal

An **Administrative Law Judge or an attorney adjudicator** who works for the federal government will review your appeal and give you an answer.

- **If the Administrative Law Judge or attorney adjudicator says yes to your appeal, the appeals process *may* or *may not* be over.** Unlike a decision at Level 2 appeal, we have the right to appeal a Level 3 decision that's favorable to you. If we decide to appeal it will go to a Level 4 appeal.
 - If we decide *not* to appeal, we must authorize or provide you with the medical care within 60 calendar days after we get the Administrative Law Judge's or attorney adjudicator's decision.
 - If we decide to appeal the decision, we'll send you a copy of the Level 4 appeal request with any accompanying documents. We may wait for the Level 4 appeal decision before authorizing or providing the medical care in dispute.
- **If the Administrative Law Judge or attorney adjudicator says no to your appeal, the appeals process *may* or *may not* be over.**
 - If you decide to accept the decision that turns down your appeal, the appeals process is over.
 - If you don't want to accept the decision, you can continue to the next level of the review process. The notice you get will tell you what to do for a Level 4 appeal.

Level 4 appeal

The **Medicare Appeals Council** (Council) will review your appeal and give you an answer. The Council is part of the federal government.

- **If the answer is yes, or if the Council denies our request to review a favorable Level 3 appeal decision, the appeals process *may* or *may not* be over.** Unlike a decision at Level 2, we have the right to appeal a Level 4 decision that's favorable to you. We'll decide whether to appeal this decision to Level 5.
 - If we decide *not* to appeal the decision, we must authorize or provide you with the medical care within 60 calendar days after getting the Council's decision.
 - If we decide to appeal the decision, we'll let you know in writing.
- **If the answer is no or if the Council denies the review request, the appeals process *may* or *may not* be over.**
 - If you decide to accept this decision that turns down your appeal, the appeals process is over.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

- If you don't want to accept the decision, you may be able to continue to the next level of the review process. If the Council says no to your appeal, the notice you get will tell you whether the rules allow you to go to a Level 5 appeal and how to continue with a Level 5 appeal.

Level 5 appeal

A judge at the **Federal District Court** will review your appeal.

- A judge will review all the information and decide *yes* or *no* to your request. This is a final answer. There are no more appeal levels after the Federal District Court.

Section 10.2 Appeal Levels 3, 4 and 5 for Part D Drug Requests

This section may be right for you if you made a Level 1 appeal and a Level 2 appeal, and both of your appeals were turned down.

If the value of the drug you appealed meets a certain dollar amount, you may be able to go to additional levels of appeal. If the dollar amount is less, you can't appeal any further. The written response you get to your Level 2 appeal will explain who to contact and what to do to ask for a Level 3 appeal.

For most situations that involve appeals, the last 3 levels of appeal work in much the same way as the first 2 levels. Here's who handles the review of your appeal at each of these levels.

Level 3 appeal

An Administrative Law Judge or an attorney adjudicator who works for the federal government will review your appeal and give you an answer.

- **If the answer is yes, the appeals process is over.** We must **authorize or provide the drug coverage** that was approved by the Administrative Law Judge or attorney adjudicator **within 72 hours (24 hours for expedited appeals) or make payment no later than 30 calendar days** after we get the decision.
- **If the Administrative Law Judge or attorney adjudicator says no to your appeal, the appeals process *may* or *may not* be over.**
 - If you decide to accept this decision that turns down your appeal, the appeals process is over.
 - If you don't want to accept the decision, you can continue to the next level of the review process. The notice you get will tell you what to do for a Level 4 appeal.

Level 4 appeal

The **Medicare Appeals Council** (Council) will review your appeal and give you an answer. The Council is part of the federal government.

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

- **If the answer is yes, the appeals process is over.** We must **authorize or provide the drug coverage** that was approved by the Council **within 72 hours (24 hours for expedited appeals) or make payment no later than 30 calendar days** after we get the decision.
- **If the answer is no or if the Council denies the review request, the appeals process may or may not be over.**
 - If you decide to accept this decision that turns down your appeal, the appeals process is over.
 - If you don't want to accept the decision, you may be able to continue to the next level of the review process. If the Council says no to your appeal, the notice you get will tell you whether the rules allow you to go to a Level 5 appeal and how to continue with a Level 5 appeal.

Level 5 appeal

A judge at the **Federal District Court** will review your appeal.

- A judge will review all the information and decide *yes* or *no* to your request. This is a final answer. There are no more appeal levels after the Federal District Court.

Making complaints

SECTION 11 How to make a complaint about quality of care, waiting times, customer service, or other concerns

Section 11.1 What kinds of problems are handled by the complaint process?

The complaint process is *only* used for certain types of problems. This includes problems about quality of care, waiting times, and customer service. Here are examples of the kinds of problems handled by the complaint process.

Complaint	Example
Quality of your medical care	<ul style="list-style-type: none"> • Are you unhappy with the quality of the care you got (including care in the hospital)?
Respecting your privacy	<ul style="list-style-type: none"> • Did someone not respect your right to privacy or share confidential information?

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

Complaint	Example
Disrespect, poor customer service, or other negative behaviors	<ul style="list-style-type: none"> • Has someone been rude or disrespectful to you? • Are you unhappy with our Member Services? • Do you feel you're being encouraged to leave our plan?
Waiting times	<ul style="list-style-type: none"> • Are you having trouble getting an appointment, or waiting too long to get it? • Have you been kept waiting too long by doctors, pharmacists, or other health professionals? Or by our Member Services or other staff at our plan? <ul style="list-style-type: none"> ○ Examples include waiting too long on the phone, in the waiting or exam room, or getting a prescription.
Cleanliness	<ul style="list-style-type: none"> • Are you unhappy with the cleanliness or condition of a clinic, hospital, or doctor's office?
Information you get from us	<ul style="list-style-type: none"> • Did we fail to give you a required notice? • Is our written information hard to understand?
Timeliness (These types of complaints are all about the <i>timeliness</i> of our actions related to coverage decisions and appeals)	<p>If you asked for a coverage decision or made an appeal, and you think we aren't responding quickly enough, you can make a complaint about our slowness. Here are examples:</p> <ul style="list-style-type: none"> • You asked us for a <i>fast coverage decision</i> or a <i>fast appeal</i>, and we said no; you can make a complaint. • You believe we aren't meeting the deadlines for coverage decisions or appeals; you can make a complaint. • You believe we aren't meeting deadlines for covering or reimbursing you for certain medical items or services or drugs that were approved; you can make a complaint. • You believe we failed to meet required deadlines for forwarding your case to the independent review organization; you can make a complaint.

Section 11.2 How to make a complaint**Legal Terms:**

A **complaint** is also called a **grievance**.

Making a complaint is called **filing a grievance**.

Using the process for complaints is called **using the process for filing a grievance**.

A **fast complaint** is called an **expedited grievance**.

Step 1: Contact us promptly – either by phone or in writing.

- **Calling Member Services at 855-442-9900 (TTY users call 711) is usually the first step.** If there's anything else you need to do, Member Services will let you know.
- **If you don't want to call (or you called and weren't satisfied), you can put your complaint in writing and send it to us.** If you put your complaint in writing, we'll respond to your complaint in writing.
- The **deadline** for making a complaint is 60 calendar days from the time you had the problem you want to complain about.

Step 2: We look into your complaint and give you our answer.

- **If possible, we'll answer you right away.** If you call us with a complaint, we may be able to give you an answer on the same phone call.
- **Most complaints are answered within 30 calendar days.** If we need more information and the delay is in your best interest or if you ask for more time, we can take up to 14 more calendar days (44 calendar days total) to answer your complaint. If we decide to take extra days, we'll tell you in writing.
- **If you're making a complaint because we denied your request for a fast coverage decision or a fast appeal, we'll automatically give you a fast complaint.** If you have a fast complaint, it means we'll give you **an answer within 24 hours**.
- **If we don't agree** with some or all of your complaint or don't take responsibility for the problem you're complaining about, we'll include our reasons in our response to you.

Section 11.3 You can also make complaints about quality of care to the Quality Improvement Organization

When your complaint is about *quality of care*, you have 2 extra options:

- **You can make your complaint directly to the Quality Improvement Organization.** The Quality Improvement Organization is a group of practicing doctors and other

Chapter 9 If you have a problem or complaint (coverage decisions, appeals, complaints)

health care experts paid by the federal government to check and improve the care given to Medicare patients. Chapter 2 has contact information.

Or

- **You can make your complaint to both the Quality Improvement Organization and us at the same time.**

Section 11.4 You can also tell Medicare about your complaint

You can submit a complaint about *Select Health Medicare Dual* directly to Medicare. To submit a complaint to Medicare, go to www.Medicare.gov/my/medicare-complaint. You can also call 1-800-MEDICARE (1-800-633-4227). TTY/TDD users call 1-877-486-2048.

Problems about your Medicaid benefits

SECTION 12 Handling problems about your Medicaid benefits

For more information on Medicaid-covered benefits and/or processes, you should contact Member Services (phone numbers are printed on the back cover of this booklet) or your State Medicaid Office (the contact information is listed in Chapter 2, Section 6).

CHAPTER 10:

Ending membership in our plan

SECTION 1 Ending your membership in our plan

Ending your membership in *Select Health Medicare Dual* may be **voluntary** (your own choice) or **involuntary** (not your own choice):

- You might leave our plan because you decide you *want* to leave. Sections 2 and 3 give information on ending your membership voluntarily.
- There are also limited situations where we're required to end your membership. Section 5 tells you about situations when we must end your membership.

If you're leaving our plan, our plan must continue to provide your medical care and prescription drugs, and you'll continue to pay your cost share until your membership ends.

SECTION 2 When can you end your membership in our plan?

Section 2.1 You may be able to end your membership because you have Medicare and Medicaid

Most people with Medicare can end their membership only during certain times of the year. Because you have Medicaid, you can end your membership in our plan by choosing one of the following Medicare options in any month of the year:

- Original Medicare *with* a separate Medicare prescription drug plan,
- Original Medicare *without* a separate Medicare prescription drug plan (If you choose this option and receive Extra Help, Medicare may enroll you in a drug plan, unless you have opted out of automatic enrollment.), or
- If eligible, an integrated D-SNP that provides your Medicare and most or all of your Medicaid benefits and services in one plan.

Note: If you disenroll from Medicare drug coverage, no longer receive Extra Help, and go without creditable drug coverage for a continuous period of 63 days or more, you may have to pay a Part D late enrollment penalty if you join a Medicare drug plan later.

Chapter 10 Ending membership in our plan

- Call your State Medicaid Office at 801-538-6155 to learn about your Medicaid plan options.
- Other Medicare health plan options are available during the **Open Enrollment Period**. Section 2.2 tells you more about the Open Enrollment Period.
- **Your membership will usually end on the first day of the month after we get your request to change your plans.** Your enrollment in your new plan will also begin on this day.

Section 2.2 You can end your membership during the Open Enrollment Period

You can end your membership during the **Open Enrollment Period** each year. During this time, review your health and drug coverage and decide about coverage for the upcoming year.

- The **Open Enrollment Period** is from **October 15 to December 7**.
- **Choose to keep your current coverage or make changes to your coverage for the upcoming year.** If you decide to change to a new plan, you can choose any of the following types of plans:
 - Another Medicare health plan, with or without drug coverage.
 - Original Medicare *with* a separate Medicare drug plan
 - Original Medicare *without* a separate Medicare drug plan.
 - If eligible, an integrated D-SNP that provides your Medicare and most or all of your Medicaid benefits and services in one plan.

You get Extra Help from Medicare to pay for your prescription drugs: If you switch to Original Medicare and don't enroll in a separate Medicare prescription drug plan, Medicare may enroll you in a drug plan, unless you've opted out of automatic enrollment.

Note: If you disenroll from Medicare drug coverage, no longer receive Extra Help, and go without creditable drug coverage for 63 days or more in a row, you may have to pay a Part D late enrollment penalty if you join a Medicare drug plan later.

- **Your membership will end in our plan** when your new plan's coverage begins on January 1.

Section 2.3 You can end your membership during the Medicare Advantage Open Enrollment Period

You can make *one* change to your health coverage during the **Medicare Advantage Open Enrollment Period** each year.

- **The Medicare Advantage Open Enrollment Period** is from January 1 to March 31 and also for new Medicare beneficiaries who are enrolled in an MA plan, from the month of entitlement to Part A and Part B until the last day of the 3rd month of entitlement.
- **During the Medicare Advantage Open Enrollment Period** you can:
 - Switch to another Medicare Advantage Plan with or without drug coverage.
 - Disenroll from our plan and get coverage through Original Medicare. If you switch to Original Medicare during this period, you can also join a separate Medicare drug plan at the same time.
- **Your membership will end** on the first day of the month after you enroll in a different Medicare Advantage plan, or we get your request to switch to Original Medicare. If you also choose to enroll in a Medicare drug plan, your membership in the drug plan will start the first day of the month after the drug plan gets your enrollment request.

Section 2.4 In certain situations, you can end your membership during a Special Enrollment Period

In certain situations, you may be eligible to end your membership at other times of the year. This is known as a **Special Enrollment Period**.

You may be eligible to end your membership during a Special Enrollment Period if any of the following situations apply to you. These are just examples. For the full list you can contact our plan, call Medicare, or visit www.Medicare.gov.

- Usually, when you move
- If you have Medicaid
- If you're eligible for Extra Help paying for your Medicare drug coverage
- If we violate our contract with you
- If you're getting care in an institution, such as a nursing home or long-term care (LTC) hospital
- **Note:** If you're in a drug management program, you may only be eligible for certain Special Enrollment Periods. Chapter 5, Section 10 tells you more about drug management programs.
- **Note:** Section 2.1 tells you more about the special enrollment period for people with Medicaid.

Enrollment time periods vary depending on your situation.

To find out if you're eligible for a Special Enrollment Period, call Medicare at 1-800-MEDICARE (1-800-633-4227). TTY users call 1-877-486-2048. If you're eligible to end your

membership because of a special situation, you can choose to change both your Medicare health coverage and drug coverage. You can choose:

- Another Medicare health plan with or without drug coverage,
- Original Medicare *with* a separate Medicare drug plan,
- Original Medicare *without* a separate Medicare drug plan.
- If eligible, an integrated D-SNP that provides your Medicare and most or all of your Medicaid benefits and services in one plan.

Note: If you disenroll from Medicare drug coverage, no longer receive Extra Help, and go without creditable drug coverage for 63 days or more in a row, you may have to pay a Part D late enrollment penalty if you join a Medicare drug plan later.

If you get Extra Help from Medicare to pay for your drug coverage drugs: If you switch to Original Medicare and don't enroll in a separate Medicare drug plan, Medicare may enroll you in a drug plan, unless you opt out of automatic enrollment.

Your membership will usually end on the first day of the month after your request to change our plan.

Note: Sections 2.1 and 2.2 tell you more about the special enrollment period for people with Medicaid and Extra Help.

Section 2.5 Get more information about when you can end your membership

If you have questions about ending your membership you can:

- **Call Member Services at 855-442-9900 (TTY users call 711)**
- Find the information in the ***Medicare & You 2026*** handbook
- Call **Medicare** at 1-800-MEDICARE (1-800-633-4227) (TTY users call 1-877-486-2048)

SECTION 3 How to end your membership in our plan

The table below explains how you can end your membership in our plan.

To switch from our plan to:	Here's what to do:
Another Medicare health plan	<ul style="list-style-type: none">• Enroll in the new Medicare health plan.• You'll automatically be disenrolled from <i>Select Health Medicare Dual</i> when your new plan's coverage starts.
Original Medicare <i>with</i> a separate Medicare drug plan	<ul style="list-style-type: none">• Enroll in the new Medicare drug plan.

Original Medicare *without* a separate Medicare drug plan

- You'll automatically be disenrolled from *Select Health Medicare Dual* when your new drug plan's coverage starts.
- **Send us a written request to disenroll.** Call Member Services at **855-442-9900** (TTY users call **711**) if you need more information on how to do this.
- You can also call **Medicare** at 1-800-MEDICARE (1-800-633-4227) and ask to be disenrolled. TTY users call 1-877-486-2048.
- You'll be disenrolled from *Select Health Medicare Dual* when your coverage in Original Medicare starts.

Note: If you disenroll from Medicare drug coverage, no longer receive Extra Help, and go without creditable drug coverage for 63 days or more in a row, you may have to pay a Part D late enrollment penalty if you join a Medicare drug plan later.

For questions about your Utah Department of Health Medicaid benefits, call Utah Department of Health Medicaid at:

- **801-538-6155** (Salt Lake City area)
- **800-662-9651** (toll-free from Utah, Idaho, Wyoming, Colorado, New Mexico, Arizona, and Nevada)

Hours of operation, Monday through Friday, 8:00 a.m. – 5:00 p.m. (Thursday hours are 11:00 a.m. – 5:00 p.m.) Closed on all state and federal holidays.

Ask how joining another plan or returning to Original Medicare affects how you get your Medicaid coverage.

SECTION 4 Until your membership ends, you must keep getting your medical items, services and drugs through our plan

Until your membership *Select Health Medicare Dual* ends, and your new Medicare coverage starts, you must continue to get your medical items, services and prescription drugs through our plan.

- **Continue to use our network providers to get medical care.**

- **Continue to use our network pharmacies or mail order to get your prescriptions filled.**
- **If you're hospitalized on the day your membership ends, your hospital stay will be covered by our plan until you're discharged** (even if you're discharged after your new health coverage starts).

SECTION 5 *Select Health Medicare Dual* must end our plan membership in certain situations

***Select Health Medicare Dual* must end your membership in our plan if any of the following happen:**

- If you no longer have Medicare Part A and Part B
- If you're no longer eligible for Medicaid. As stated in Chapter 1, Section 2.1, our plan is for people who are eligible for both Medicare and Medicaid.
- If you don't pay your medical spenddown, if applicable
- If you move out of our service area
- If you're away from our service area for more than 6 months.
 - If you move or take a long trip, call Member Services at **855-442-9900** (TTY users call **711**) to find out if the place you're moving or traveling to is in our plan's area.
- If you become incarcerated (go to prison)
- If you're no longer a United States citizen or lawfully present in the United States
- If you lie or withhold information about other insurance, you have that provides drug coverage
- If you intentionally give us incorrect information when you're enrolling in our plan and that information affects your eligibility for our plan. (We can't make you leave our plan for this reason unless we get permission from Medicare first.)
- If you continuously behave in a way that's disruptive and makes it difficult for us to provide medical care for you and other members of our plan. (We can't make you leave our plan for this reason unless we get permission from Medicare first.)
- If you let someone else use your membership card to get medical care. (We can't make you leave our plan for this reason unless we get permission from Medicare first.)
 - If we end your membership because of this reason, Medicare may have your case investigated by the Inspector General.

Chapter 10 Ending membership in our plan

If you have questions or want more information on when we can end your membership, call Member Services at **855-442-9900** (TTY users call **711**).

Section 5.1 We can't ask you to leave our plan for any health-related reason

Select Health Medicare Dual isn't allowed to ask you to leave our plan for any health-related reason.

What should you do if this happens?

If you feel you're being asked to leave our plan because of a health-related reason, call Medicare at 1-800-MEDICARE (1-800-633-4227). TTY users call 1-877-486-2048.

Section 5.2 You have the right to make a complaint if we end your membership in our plan

If we end your membership in our plan, we must tell you our reasons in writing for ending your membership. We must also explain how you can file a grievance or make a complaint about our decision to end your membership.

CHAPTER 11:

Legal notices

SECTION 1 Notice about governing law

The principal law that applies to this *Evidence of Coverage* document is Title XVIII of the Social Security Act and the regulations created under the Social Security Act by the Centers for Medicare & Medicaid Services (CMS). In addition, other federal laws may apply and, under certain circumstances, the laws of the state you live in. This may affect your rights and responsibilities even if the laws aren't included or explained in this document.

SECTION 2 Notice about nondiscrimination

We don't discriminate based on race, ethnicity, national origin, color, religion, sex, age, mental or physical disability, health status, claims experience, medical history, genetic information, evidence of insurability, or geographic location within the service area. All organizations that provide Medicare Advantage plans, like our plan, must obey federal laws against discrimination, including Title VI of the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, the Americans with Disabilities Act, Section 1557 of the Affordable Care Act, all other laws that apply to organizations that get federal funding, and any other laws and rules that apply for any other reason.

If you want more information or have concerns about discrimination or unfair treatment, call the Department of Health and Human Services' **Office for Civil Rights** at 1-800-368-1019 (TTY 1-800-537-7697) or your local Office for Civil Rights. You can also review information from the Department of Health and Human Services' Office for Civil Rights at www.HHS.gov/ocr/index.html.

If you have a disability and need help with access to care, call Member Services at **855-442-9900** (TTY users call **711**). If you have a complaint, such as a problem with wheelchair access, Member Services can help.

SECTION 3 Notice about Medicare Secondary Payer subrogation rights

We have the right and responsibility to collect for covered Medicare services for which Medicare isn't the primary payer. According to CMS regulations at 42 CFR sections 422.108 and 423.462, *Select Health Medicare Dual*, as a Medicare Advantage Organization, will exercise the same rights of recovery that the Secretary exercises under CMS regulations in subparts B through D of part 411 of 42 CFR and the rules established in this section supersede any state laws.

CHAPTER 12: Definitions

Advanced Imaging – Computed Tomography Imaging (CT/CAT) Scan, Magnetic Resonance Angiography (MRA), Magnetic Resonance Imaging (MRI), and Positron Emission Tomography (PET) Scan.

Allowed Amount – The amount that providers are paid for covered services. The allowed amount is the amount that a network provider has agreed to accept as payment in full for services provided and is usually less than the provider's billed charges. For out-of-network providers, the allowed amount is the amount Original Medicare would pay for the services provided.

Ambulatory Surgical Center – An Ambulatory Surgical Center is an entity that operates exclusively for the purpose of furnishing outpatient surgical services to patients not requiring hospitalization and whose expected stay in the center doesn't exceed 24 hours.

Annual Enrollment Period – A set time each fall when members can change their health or drug plans or switch to Original Medicare. The Annual Enrollment Period is from October 15 until December 7.

Appeal – An appeal is something you do if you disagree with our decision to deny a request for coverage of health care services or prescription drugs or payment for services or drugs you already got. You may also make an appeal if you disagree with our decision to stop services that you're getting.

Benefit Period – The way that Original Medicare measures your use of hospital and skilled nursing facility (SNF) services. A benefit period begins the day you go into a hospital or skilled nursing facility. The benefit period ends when you haven't received any inpatient hospital care (or skilled care in a SNF) for 60 days in a row. If you go into a hospital or a skilled nursing facility after one benefit period has ended, a new benefit period begins. *Select Health Medicare Dual* does not use benefit periods for inpatient hospital stays, but does use them for SNF services. There's no limit to the number of benefit periods. Select Health Medicare does not use benefit periods for inpatient hospital stays but does use them for SNF services.

Biological Product – A prescription drug that's made from natural and living sources like animal cells, plant cells, bacteria, or yeast. Biological products are more complex than other

drugs and can't be copied exactly, so alternative forms are called biosimilars. (go to "**Original Biological Product**" and "**Biosimilar**").

Biosimilar – A biological product that's very similar, but not identical, to the original biological product. Biosimilars are as safe and effective as the original biological product. Some biosimilars may be substituted for the original biological product at the pharmacy without needing a new prescription (go to "**Interchangeable Biosimilar**").

Brand Name Drug – A prescription drug that's manufactured and sold by the pharmaceutical company that originally researched and developed the drug. Brand name drugs have the same active-ingredient formula as the generic version of the drug. However, generic drugs are manufactured and sold by other drug manufacturers and are generally not available until after the patent on the brand name drug has expired.

Catastrophic Coverage Stage – The stage in the Part D Drug Benefit that begins when you (or other qualified parties on your behalf) have spent \$2,100 for Part D covered drugs during the covered year. During this payment stage, you pay nothing for your covered Part D drugs.

Centers for Medicare & Medicaid Services (CMS) – The federal agency that administers Medicare.

Chronic-Care Special Needs Plan (C-SNP) – C-SNPs are SNPs that restrict enrollment to MA eligible people who have specific severe and chronic diseases.

Coinsurance – An amount you may be required to pay, expressed as a percentage (for example 20%) as your share of the cost for services or prescription drugs after you pay any deductibles.

Complaint – The formal name for making a complaint is **filing a grievance**. The complaint process is used *only* for certain types of problems. This includes problems about quality of care, waiting times, and the customer service you get. It also includes complaints if our plan doesn't follow the time periods in the appeal process.

Comprehensive Outpatient Rehabilitation Facility (CORF) – A facility that mainly provides rehabilitation services after an illness or injury, including physical therapy, social or psychological services, respiratory therapy, occupational therapy and speech-language pathology services, and home environment evaluation services.

Copayment (or copay) – An amount you may be required to pay as your share of the cost for a medical service or supply, like a doctor's visit, hospital outpatient visit, or a prescription drug. A copayment is a set amount (for example \$10), rather than a percentage.

Cost Sharing – Cost sharing refers to amounts that a member has to pay when services or drugs are gotten. Cost sharing includes any combination of the following 3 types of payments: (1) any deductible amount a plan may impose before services or drugs are

Chapter 12 Definitions

covered; (2) any fixed copayment amount that a plan requires when a specific service or drug is received; or (3) any coinsurance amount, a percentage of the total amount paid for a service or drug that a plan requires when a specific service or drug is received.

Coverage Determination – A decision about whether a drug prescribed for you is covered by our plan and the amount, if any, you’re required to pay for the prescription. In general, if you bring your prescription to a pharmacy and the pharmacy tells you the prescription isn’t covered under our plan, that isn’t a coverage determination. You need to call or write to our plan to ask for a formal decision about the coverage. Coverage determinations are called **coverage decisions** in this document.

Covered Drugs – The term we use to mean all the drugs covered by our plan.

Covered Services – The term we use to mean all the health care services and supplies that are covered by our plan.

Creditable Prescription Drug Coverage – Prescription drug coverage (for example, from an employer or union) that’s expected to pay, on average, at least as much as Medicare’s standard prescription drug coverage. People who have this kind of coverage when they become eligible for Medicare can generally keep that coverage without paying a penalty if they decide to enroll in Medicare prescription drug coverage later.

Custodial Care – Custodial care is personal care provided in a nursing home, hospice, or other facility setting when you don’t need skilled medical care or skilled nursing care. Custodial care, provided by people who don’t have professional skills or training, includes help with activities of daily living like bathing, dressing, eating, getting in or out of a bed or chair, moving around, and using the bathroom. It may also include the kind of health-related care that most people do themselves, like using eye drops. Medicare doesn’t pay for custodial care.

Daily cost-sharing rate – A daily cost-sharing rate may apply when your doctor prescribes less than a full month’s supply of certain drugs for you and you’re required to pay a copayment. A daily cost-sharing rate is the copayment divided by the number of days in a month’s supply. Here is an example: If your copayment for a one-month supply of a drug is \$30, and a one-month’s supply in our plan is 30 days, then your daily cost-sharing rate is \$1 per day.

Deductible – The amount you must pay for health care or prescriptions before our plan pays.

Disenroll or **Disenrollment** – The process of ending your membership in our plan.

Dispensing Fee – A fee charged each time a covered drug is dispensed to pay for the cost of filling a prescription, such as the pharmacist’s time to prepare and package the prescription.

Dual Eligible Special Needs Plans (D-SNP) – D-SNPs enroll people who are entitled to both Medicare (Title XVIII of the Social Security Act) and medical assistance from a state plan under Medicaid (Title XIX). States cover some or all Medicare costs, depending on the state and the person’s eligibility.

Dually Eligible Individual – A person who is eligible for Medicare and Medicaid coverage.

Durable Medical Equipment (DME) – Certain medical equipment that's ordered by your doctor for medical reasons. Examples include walkers, wheelchairs, crutches, powered mattress systems, diabetic supplies, IV infusion pumps, speech generating devices, oxygen equipment, nebulizers, or hospital beds ordered by a provider for use in the home.

Emergency – A medical emergency is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life (and if you’re a pregnant woman, loss of an unborn child), loss of a limb, or loss of function of a limb, or loss of or serious impairment to a bodily function. The medical symptoms may be an illness, injury, severe pain, or a medical condition that’s quickly getting worse.

Emergency Care – Covered services that are: 1) provided by a provider qualified to furnish emergency services; and 2) needed to treat, evaluate, or stabilize an emergency medical condition.

Evidence of Coverage (EOC) and Disclosure Information – This document, along with your enrollment form and any other attachments, riders, or other optional coverage selected, which explains your coverage, what we must do, your rights, and what you have to do as a member of our plan.

Exception – A type of coverage decision that, if approved, allows you to get a drug that isn’t on our formulary (a formulary exception), or get a non-preferred drug at a lower cost-sharing level (a tiering exception). You may also ask for an exception if our plan requires you to try another drug before getting the drug you’re asking for, if our plan requires a prior authorization for a drug and you want us to waive the criteria restriction, or if our plan limits the quantity or dosage of the drug you’re asking for (a formulary exception).

Extra Help – A Medicare program to help people with limited income and resources pay Medicare prescription drug program costs, such as premiums, deductibles, and coinsurance.

Generic Drug – A prescription drug that’s approved by the FDA as having the same active ingredient(s) as the brand name drug. Generally, a generic drug works the same as a brand name drug and usually costs less.

Chapter 12 Definitions

Grievance –A type of complaint you make about our plan, providers, or pharmacies, including a complaint concerning the quality of your care. This doesn't involve coverage or payment disputes.

Home Health Aide – A person who provides services that don't need the skills of a licensed nurse or therapist, such as help with personal care (e.g., bathing, using the toilet, dressing, or carrying out the prescribed exercises).

Hospice – A benefit that provides special treatment for a member who has been medically certified as terminally ill, meaning having a life expectancy of 6 months or less. Our plan must provide you with a list of hospices in your geographic area. If you elect hospice and continue to pay premiums, you're still a member of our plan. You can still get all medically necessary services as well as the supplemental benefits we offer.

Hospital Inpatient Stay – A hospital stay when you have been formally admitted to the hospital for skilled medical services. Even if you stay in the hospital overnight, you might still be considered an outpatient.

Income Related Monthly Adjustment Amount (IRMAA) –If your modified adjusted gross income as reported on your IRS tax return from 2 years ago is above a certain amount, you'll pay the standard premium amount and an Income Related Monthly Adjustment Amount, also known as IRMAA. IRMAA is an extra charge added to your premium. Less than 5% of people with Medicare are affected, so most people will not pay a higher premium.

Initial Coverage Stage – This is the stage before your out-of-pocket costs for the year have reached the out-of-pocket threshold amount.

Initial Enrollment Period – When you're first eligible for Medicare, the period of time when you can sign up for Medicare Part A and Part B. If you're eligible for Medicare when you turn 65, your Initial Enrollment Period is the 7-month period that begins 3 months before the month you turn 65, includes the month you turn 65, and ends 3 months after the month you turn 65.

Integrated D-SNP – A D-SNP that covers Medicare and most or all Medicaid services under a single health plan for certain groups of people eligible for both Medicare and Medicaid. These people are also known as full-benefit dually eligible people.

Institutional Special Needs Plan (I-SNP) – I-SNPs restrict enrollment to MA eligible people who live in the community but need the level of care a facility offers, or who live (or are expected to live) for at least 90 days straight in certain long-term facilities. I-SNPs include the following types of plans: Institutional-equivalent SNPs (IE-SNPs) Hybrid Institutional SNPs (HI-SNPs), and Facility-based Institutional SNPs (FI-SNPs).

Institutional-Equivalent Special Needs Plan (IE-SNP) – An IE-SNP restricts enrollment to MA eligible people who live in the community but need the level of care a facility offers.

Interchangeable Biosimilar – A biosimilar that may be used as a substitute for an original biosimilar product at the pharmacy without needing a new prescription because it meets additional requirements about the potential for automatic substitution. Automatic substitution at the pharmacy is subject to state law.

List of Covered Drugs (formulary or Drug List) – A list of prescription drugs covered by our plan.

Low Income Subsidy (LIS) – Go to Extra Help.

Manufacturer Discount Program – A program under which drug manufacturers pay a portion of our plan’s full cost for covered Part D brand name drugs and biologics. Discounts are based on agreements between the federal government and drug manufacturers.

Maximum Fair Price – The price Medicare negotiated for a selected drug.

Maximum Out-of-Pocket Amount – The most that you pay out-of-pocket during the calendar year for covered Part A and Part B services. Amounts you pay for our plan premiums, Medicare Part A and Part B premiums, and prescription drugs don’t count toward the maximum out-of-pocket amount. (**Note:** Because our members also get help from Medicaid, very few members ever reach this out-of-pocket maximum.)

Medicaid (or Medical Assistance) – A joint federal and state program that helps with medical costs for some people with low incomes and limited resources. State Medicaid programs vary, but most health care costs are covered if you qualify for both Medicare and Medicaid.

Medically Accepted Indication – A use of a drug that’s either approved by the FDA or supported by certain references, such as the American Hospital Formulary Service Drug Information and the Micromedex DRUGDEX Information system.

Medically Necessary – Services, supplies, or drugs that are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.

Medicare – The federal health insurance program for people 65 years of age or older, some people under age 65 with certain disabilities, and people with End-Stage Renal Disease (generally those with permanent kidney failure who need dialysis or a kidney transplant).

Medicare Advantage Open Enrollment Period – The time period from January 1 to March 31 when members in a Medicare Advantage plan can cancel its plan enrollment and switch to another Medicare Advantage plan or get coverage through Original Medicare. If you choose to switch to Original Medicare during this period, you can also join a separate Medicare

Chapter 12 Definitions

prescription drug plan at that time. The Medicare Advantage Open Enrollment Period is also available for a 3-month period after a person is first eligible for Medicare.

Medicare Advantage (MA) Plan – Sometimes called Medicare Part C. A plan offered by a private company that contracts with Medicare to provide you with all your Medicare Part A and Part B benefits. A Medicare Advantage Plan can be i) an HMO, ii) a PPO, iii) a Private Fee-for-Service (PFFS) plan, or iv) a Medicare Medical Savings Account (MSA) plan. Besides choosing from these types of plans, a Medicare Advantage HMO or PPO plan can also be a Special Needs Plan (SNP). In most cases, Medicare Advantage Plans also offer Medicare Part D (prescription drug coverage). These plans are called **Medicare Advantage Plans with Prescription Drug coverage**.

Medicare-Covered Services – Services covered by Medicare Part A and Part B. All Medicare health plans must cover all the services that are covered by Medicare Part A and B. The term Medicare-Covered Services doesn't include the extra benefits, such as vision, dental, or hearing, that a Medicare Advantage plan may offer.

Medicare Health Plan – A Medicare health plan is offered by a private company that contracts with Medicare to provide Part A and Part B benefits to people with Medicare who enroll in our plan. This term includes all Medicare Advantage Plans, Medicare Cost Plans, Special Needs Plans, Demonstration/Pilot Programs, and Programs of All-inclusive Care for the Elderly (PACE).

Medicare Drug coverage (Medicare Part D) – Insurance to help pay for outpatient prescription drugs, vaccines, biologicals, and some supplies not covered by Medicare Part A or Part B.

Medication Therapy Management (MTM) program – A Medicare Part D program for complex health needs provided to people who meet certain requirements or are in a Drug Management Program. MTM services usually include a discussion with a pharmacist or health care provider to review medications.

Medigap (Medicare Supplement Insurance) Policy – Medicare supplement insurance sold by private insurance companies to fill *gaps* in Original Medicare. Medigap policies only work with Original Medicare. (A Medicare Advantage plan isn't a Medigap policy.)

Member (member of our plan, or plan member) – A person with Medicare who is eligible to get covered services, who has enrolled in our plan, and whose enrollment has been confirmed by the Centers for Medicare & Medicaid Services (CMS).

Member Services – A department within our plan responsible for answering your questions about your membership, benefits, grievances, and appeals.

Chapter 12 Definitions

Network Pharmacy –A pharmacy that contracts with our plan where members of our plan can get their prescription drug benefits. In most cases, your prescriptions are covered only if they're filled at one of our network pharmacies.

Network Provider – Provider is the general term for doctors, other health care professionals, hospitals, and other health care facilities that are licensed or certified by Medicare and by the state to provide health care services. **Network providers** have an agreement with our plan to accept our payment as payment in full, and in some cases to coordinate as well as provide covered services to members of our plan. Network providers are also called **plan providers**.

Nuclear Medicine – Nuclear medicine is a medical specialty involving the application of radioactive substances in the diagnosis and treatment of disease.

Organization Determination – A decision our plan makes about whether items or services are covered or how much you have to pay for covered items or services. Organization determinations are called coverage decisions in this document.

Original Biological Product – A biological product that has been approved by the FDA and serves as the comparison for manufacturers making a biosimilar version. It is also called a reference product.

Original Medicare (Traditional Medicare or Fee-for-Service Medicare) – Original Medicare is offered by the government, and not a private health plan like Medicare Advantage plans and prescription drug plans. Under Original Medicare, Medicare services are covered by paying doctors, hospitals, and other health care providers payment amounts established by Congress. You can see any doctor, hospital, or other health care provider that accepts Medicare. You must pay the deductible. Medicare pays its share of the Medicare-approved amount, and you pay your share. Original Medicare has 2 parts: Part A (Hospital Insurance) and Part B (Medical Insurance) and is available everywhere in the United States.

Out-of-Network Pharmacy – A pharmacy that doesn't have a contract with our plan to coordinate or provide covered drugs to members of our plan. Most drugs you get from out-of-network pharmacies aren't covered by our plan unless certain conditions apply.

Out-of-Network Provider or Out-of-Network Facility – A provider or facility that doesn't have a contract with our plan to coordinate or provide covered services to members of our plan. Out-of-network providers are providers that aren't employed, owned, or operated by our plan.

Out-of-Pocket Costs – Go to the definition for cost sharing above. A member's cost-sharing requirement to pay for a portion of services or drugs received is also referred to as the member's out-of-pocket cost requirement.

Out-of-Pocket Threshold – The maximum amount you pay out of pocket for Part D drugs.

Part C – Go to Medicare Advantage (MA) plan.

Part D – The voluntary Medicare Prescription Drug Benefit Program.

Part D Drugs – Drugs that can be covered under Part D. We may or may not offer all Part D drugs. Certain categories of drugs have been excluded from Part D coverage by Congress. Certain categories of Part D drugs must be covered by every plan.

Part D Late Enrollment Penalty – An amount added to your monthly plan premium for Medicare drug coverage if you go without creditable coverage (coverage that's expected to pay, on average, at least as much as standard Medicare drug coverage) for a continuous period of 63 days or more after you're first eligible to join a Part D plan. If you lose Extra Help, you may be subject to the late enrollment penalty if you go 63 days or more in a row without Part D or other creditable drug coverage.

Preferred Provider Organization (PPO) plan – A Preferred Provider Organization plan is a Medicare Advantage Plan that has a network of contracted providers that have agreed to treat plan members for a specified payment amount. A PPO plan must cover all plan benefits whether they're received from network or out-of-network providers. Member cost sharing will generally be higher when plan benefits are received from out-of-network providers. PPO plans have an annual limit on your out-of-pocket costs for services received from network (preferred) providers and a higher limit on your total combined out-of-pocket costs for services from both network (preferred) and out-of-network (non-preferred) providers.

Premium – The periodic payment to Medicare, an insurance company, or a health care plan for health or prescription drug coverage.

Prescription Drug Benefit Manager (PBM) – A PBM is a company that manages the prescription drug benefit and contracted pharmacy network for your health insurance plan. For *Select Health Medicare Dual*, Select Health is the PBM so you have one point of contact for medical and prescription drug coverage.

Preventive services – Health care to prevent illness or detect illness at an early stage, when treatment is likely to work best (for example, preventive services include Pap tests, flu shots, and screening mammograms).

Primary Care Provider (PCP) – The doctor or other provider you see first for most health problems. In many Medicare health plans, you must see your primary care provider before you see any other health care provider.

Prior Authorization – Approval in advance to get services or certain drugs based on specific criteria. Covered services that need prior authorization are marked in the Medical Benefits

Chart in Chapter 4. Covered drugs that need prior authorization are marked in the formulary and our criteria are posted on our website.

Prosthetics and Orthotics – Medical devices including, but not limited to, arm, back, and neck braces; artificial limbs; artificial eyes; and devices needed to replace an internal body part or function, including ostomy supplies and enteral and parenteral nutrition therapy.

Quality Improvement Organization (QIO) – A group of practicing doctors and other health care experts paid by the federal government to check and improve the care given to Medicare patients.

Quantity Limits – A management tool that's designed to limit the use of a drug for quality, safety, or utilization reasons. Limits may be on the amount of the drug that we cover per prescription or for a defined period of time.

“Real-Time Benefit Tool” – A portal or computer application in which enrollees can look up complete, accurate, timely, clinically appropriate, enrollee-specific formulary and benefit information. This includes cost-sharing amounts, alternative formulary medications that may be used for the same health condition as a given drug, and coverage restrictions (Prior Authorization, Step Therapy, Quantity Limits) that apply to alternative medications.

Referral – A written order from your primary care doctor for you to visit a specialist or get certain medical services. Without a referral, our plan may not pay for services from a specialist.

Rehabilitation Services – These services include inpatient rehabilitation care, physical therapy (outpatient), speech and language therapy, and occupational therapy.

Selected Drug – A drug covered under Part D for which Medicare negotiated a Maximum Fair Price.

Service Area – A geographic area where you must live to join a particular health plan. For plans that limit which doctors and hospitals you may use, it's also generally the area where you can get routine (non-emergency) services. Our plan must disenroll you if you permanently move out of our plan's service area.

Skilled Nursing Facility (SNF) Care – Skilled nursing care and rehabilitation services provided on a continuous, daily basis, in a skilled nursing facility. Examples of care include physical therapy or intravenous injections that can only be given by a registered nurse or doctor.

Special Enrollment Period – A set time when members can change their health or drug plans or return to Original Medicare. Situations in which you may be eligible for a Special Enrollment Period include: if you move outside the service area, if you are getting "Extra

Chapter 12 Definitions

Help" with your prescription drug costs, if you move into a nursing home, or if we violate our contract with you.

Special Needs Plan – A special type of Medicare Advantage plan that provides more focused health care for specific groups of people, such as those who have both Medicare and Medicaid, who live in a nursing home, or who have certain chronic medical conditions.

Standard Cost Sharing– Standard cost sharing is cost sharing other than preferred cost sharing offered at a network pharmacy.

Step Therapy – A utilization tool that requires you to first try another drug to treat your medical condition before we'll cover the drug your physician may have initially prescribed.

Supplemental Security Income (SSI) – A monthly benefit paid by Social Security to people with limited income and resources who are disabled, blind, or age 65 and older. SSI benefits aren't the same as Social Security benefits.

Urgently Needed Services – A plan-covered service requiring immediate medical attention that's not an emergency is an urgently needed service if either you're temporarily outside our plan's service area, or it's unreasonable given your time, place, and circumstances to get this service from network providers. Examples of urgently needed services are unforeseen medical illnesses and injuries, or unexpected flare-ups of existing conditions. Medically necessary routine provider visits (like annual checkups) aren't considered urgently needed even if you're outside our plan's service area or our plan network is temporarily unavailable.
