

Fighting for the Next Generation – Pastor Mark Pope
January 13 & 14, 2024

1. Share one thing that would you do for the sake of the next generation?
2. Read I Samuel 3:11-14 What encouragement can be gained from this scripture? In grasping the seriousness of our affect on the next generation, what spurs you on to care for and/or equip them?
3. Eli lost a generation by being “too tolerant of sin.” How has society become too tolerant of sin? Where do you find yourself being too tolerant?
4. Read Galatians 6:1, 7-8 As believers in Christ, there is a responsibility that is required. How do you address sin appropriately? What are some things that you are doing to become a spiritual teacher or mentor for the next generation?
5. Read Proverbs 22:15 & Galatians 5:22-23 Share how you might instill restraint in a child or another person? How does one confront and also empower another individual?
6. What are some practical ways you can invite the next generation to experience God? Consider someone that helped you find your way. What did they do?
7. Consider what effect you can personally have on the next generation. What will you do differently starting this week to equip the next generation?
