
Baptism Weekend
Mark Pope
June 23/24, 2018

1. Which testimony from the weekend service struck you the most? What about it connected with you?
2. Part of the baptism process is sharing the story of how you came to have faith in Christ – how He transformed your heart and life, and how you’ve changed as a result of trusting in His life, death, resurrection, and power. What is your story?
3. Have you ever been baptized? Discuss your experience if you have, or the reason you haven’t if you’ve never been.
4. Acts 1:5 says that there is a baptism with water and also with the Holy Spirit. Can you have one without the other? Explain.
5. Baptism is about a public expression of a new life in Christ (read Romans 6:4). Other than being baptized, what are ways in which you can publicly express your faith in Jesus? Are you actively doing any of these things? Why or why not?
