

Spiritual Curiosity – Pastor Steve Huffman  
July 1 & 2, 2023

1. Who do you know that's curious about the world around them and asks a lot of questions? What have you learned because of their curiosity?
2. How curious are you about the things of God or your own spiritual journey? Explain. What benefits would there be from being more spiritually curious?
3. Read Proverbs 13:20 & 15:22 Who helps answer your spiritual questions? How do you discern who to seek guidance from?
4. Pastor Steve encouraged us not to shy away from asking questions; asking questions helps us to grow in our spiritual life. What prevents you from asking questions? Where do you turn when you need answers?
5. Read John 3:1-12 Describe what it means to have your "mind already made up"? What limitations does that create for spiritual growth?
6. We miss God's best when we limit our curiosity to our own opinions; how can we become more child-like in our curiosity of who God is? If you could ask God any question today, what would it be?
7. What steps will you take this week to increase your spiritual curiosity and begin to ask questions to draw closer to God?
