2. Read I Samuel 25: 10-17. What about the message delivered to Abigail by one of Nabal's young men inspired her to take immediate action? What difference did her acting quickly make?
3. When have you been in a situation where you felt, immediate action was needed to avoid conflict? What did you do and how did that work?
4. Jesus warned his followers about other issues which might require immediate attention. Read Matthew 5: 23-25 What kinds of solutions does Jesus suggest when there is conflict looming?
5. Consider how you can put practical application to your situations and how to slow down and soothe angry circumstances. How can you bring peace this week?
