**Wellborn Cabinet, Inc. Introduces Antigua in Oak and Hickory**

Ashland, AL-Wellborn Cabinet, Inc.'s Antigua door style will now be available in Oak and Hickory. Antigua is a cope and tenon construction in which the louvered door rests on a plywood center panel. This louvered appearance on Antigua makes this the perfect door for a coastal design theme. For additional detail to enhance the appearance of the door, the classic drawer front option is available to order.

Premier Series and Estate Collection will now offer the availability of Oak and Hickory as of May 2, 2016, and on July 11, 2016, the Antigua door style will be available on Oak and Hickory in the Elegant Bath Collection.

Choose from the wide array of finishes offered by Wellborn Cabinet, Inc. in the Hickory and Oak families. With this collection of finishes including stains, stains with glazes, paints, paints with glazes, and additional finish techniques, everyone can find a finish to fit their style.
