Free Up Your Floors with a Floating Vanity

WELLBORN CABINET™

With the popularity of wall mounted cabinetry growing, Wellborn Cabinet's Wall Mounted Vanity provides a spa-like atmosphere and naturally broadens your bathroom making it look and feel larger. This Arcadia door style is dressed in the newly launched Terra Oak Embossed Melamine wrapped with Biscotti Cherry Embossed Melamine featuring natural Maple cabinet interiors. The floating vanity program is also available in a large selection of door profiles and color options.

The drawers in the vanity are dressed in organizational solutions for the lost space of a full-length wall mounted vanity. U-shaped drawers were installed into all of the drawers in the vanity which were designed to eliminate issues with plumbing. Wellborn's Wall Mounted Vanity is available in our Estate, Premier, and Aspire product lines.
