

WE Magazine for Women Announces the Who's Who Among Women in Ecommerce™ for 2012

Fort Lauderdale, FL (Wednesday, February 8, 2012). WE Magazine for Women and Women in Ecommerce are excited to announce the list of 100 Women in Ecommerce for 2012. These accomplished women are as different as their professions and ages (from early 20's to late 60's). These 100 Women in Ecommerce™ represent their industries and professions as artists, astrologers, authors, internet marketers, photographers, coaches, consultants, manufacturers, clothing designers, inventors, event planners, personal trainers and everything in between. Some of the women have been in business for more than 20 years and others as few as two years. And what does each of these women have in common? They all promote their products and services on the Internet. **Successfully.**

According to Heidi Richards Mooney, Publisher & Editor-in-Chief, "The women WE chose are considered to top in their respective professions and industries. Some are household names and some are known to a small niche of business owners and people they serve. Some were suggested to us by our readers and others we have been following online for years.
