

water for people

US Water Alliance

**Memorandum of Understanding
between
The US Water Alliance
and
Water For People**

This Memorandum of Understanding (MOU) memorializes the commitment between the US Water Alliance (the Alliance) and Water For People (WFP) to establish a productive and supportive collaboration and to establish WFP as the Alliance’s nonprofit partner of choice.

Background

The Alliance and WFP share common goals for sustainable water services.

WFP exists to develop high quality drinking water and sanitation services, accessible to all, and sustained by strong communities, businesses, and governments. Since its founding in 1991, WFP has grown to become a well-respected 501(c)(3) global organization and a leader in the water, sanitation, and hygiene sector. WFP is accelerating societal change for 4 million people in the 9 countries where it works by facilitating the building of utilities and institutions for water and sanitation.

The Alliance is driving a one water movement—an approach to water stewardship that is innovative, inclusive, and integrated. As a member-supported national nonprofit organization, the Alliance educates the nation about the true value of water and proactively advances policies and programs that manage water resources to advance a better quality of life for everyone.

Purpose

In celebration of this alliance, the US Water Alliance wishes to affirm and memorialize its commitment to support and collaborate with Water For People. This MOU will serve to establish WFP as the Alliance’s nonprofit partner of choice for philanthropic giving. Among other things, the Alliance will promote giving options for WFP and encourage support by its leaders and members.

Duration

This MOU is at-will and may be modified by mutual consent of the parties. This MOU shall become effective upon signature and will remain in effect until modified by mutual consent or terminated by any one of the partners.

Date: September 1, 2016

Radhika Fox
Chief Executive Officer, US Water Alliance

Eleanor Allen, P.E., BCEE
Chief Executive Officer, WFP
