

INTRODUCING THE NEW 240 DAUNTLESS PRO

BOSTON
WHALER

240 DAUNTLESS PRO

Step up your game with the new 240 Dauntless Pro. Inshore or offshore, the 240 is a fishing powerhouse with all the amenities for serious action, including a no-step stern casting deck and the new Pro Angler's Tower. Count on Whaler's precision-crafted hull and strong, efficient Mercury® Verado power to get you on the fish, fast—and count on the 240 Dauntless Pro to bring you home a winner.

KEY FEATURES

- 1. PRO ANGLER'S TOWER** – A dedicated portside ladder provides safe access (unlike other fishing boats that require you to step precariously on the console). Enjoy uninterrupted visibility and confident command from the tower's state-of-the-art helm station.
- 2. CASTING DECK** – The Dauntless Pro's single-level stern casting deck features convenient storage and a center livewell. No steps to trip you up, and nothing standing between you and the fish.
- 3. WHALER COMFORT** – Your crew deserves a nice place to rest their feet. The bow of the 240 features plush seats with flip-up backrests for ergonomic comfort, while aft quarter seats with plug-in backrests provide additional seating.
- 4. LEANING POST** – The cockpit's functional leaning post supports you while driving, then serves as a go-to spot for fighting a fish. A row of rod holders keeps your arsenal at hand. Plus, the leaning post accommodates a large cooler, keeping your path clear.
