About Singapore as a Key Market for Creating Opportunities

Singapore is one of Wholesale Investor's most popular markets for companies raising capital and for active investor engagement within our network. Over the last 18 months, this market has grown for Wholesale Investor by 300% making it a very connected place for deals and opportunities to thrive.

Why Singapore and Why SATBIC?

- Singapore is widely regarded as the Asia-Pacific's leading market for Venture Capital.
- 57% of 37,400 international companies have headquarters in Singapore due to its favourable EntrePass business visa, its active government supporting businesses, a seamless company registration process and very accessible financing, both through the major banking system and leading venture capital.
- Singapore's government budget 2019 projected over 220 venture capital deals, worth US\$2.4 billion a year.
- SATBIC provides access to 500+ investors across 2 days of dealmaking and opportunity.

In 2018, demand for Singaporean capital, and access to the market resulted in WI holding 8 events in Singapore, taking 74 deals to showcase in front of over 2000+ investors and investment groups.

Along with world class speakers, SATBIC will feature investor and founder workshops, unrivalled networking, opportunity and deal creation – along with an exclusive WI Private function where companies will meet high-net-worth and game-changing connections.
