## Electric Herbs for your Nerves

Excerpted from the copyrighted works of Dr. A. B. Howard:

By applying ARNICA herbal extract to the head region, stored trauma (continuing electrical disturbance to the nervous system) that is lodged in the brain and associated nervous system, can be removed. This application is helpful with "Parkinson's" type problems and with improving coordination of the brain and speech, for better verbal expression. Repeat morning, noon, and night until control is obtained and/or reestablished. What we are mainly going for here is to remove stored trauma. (continuing electrical disturbance to the nervous system) from the nervous system that is keeping it from functioning properly.

Lightly apply ARNICA herbal extract externally, to the skin on the back of the neck, top of the head, temples, around the ears, and on the scalp.

Other herbs that can be applied in a similar manner are the following herbal extracts:

- BLACK WALNUT HULL
- KLAMATH WEED
- INDIAN TOBACCO
- WORMSEED

All of these have electrical qualities and assist in restoring normal function to the brain and nervous system.
