*What we understand at Healed People, Heal People is most physical things that may go awry in the body, is usually rooted in a life issue. Another word for life issues are undealt with personal sin and/or unaccounted for generational sin throughout the history of the family line.*

*As human beings, we have a physical body that houses our human spirit. If you have a personal relationship with Jesus or Yeshua, your physical body also houses the Holy Spirit. And last, you have a soul, which includes your mind, will and emotions.*

*Your mind tells brain what to do. What's in your mind largely comes from what you believe. That is, what you believe about yourself. What you believe about other people and what you believe about God. It's not possible to separate your physical body from your spirit and your soul. So, what's going on in your physical body is directly connected to the other two parts of you. Now, that's the simplest way to explain it.*

*Given your part of a family, and a community and probably a workplace, then that multiplies more things, people, and the spirits operating in people in your life. You get what we're communicating here. If a person does something wrong to us, that's them. However, if we respond wrongly to their wrong, then we swing the door open to that undealt with personal sin listed above in the first paragraph.*

*The only reason we're sharing a snippet of the information below with you is to provide a glimpse of what your temporary health issue is rooted in. Choosing to minister to the root issue, renders the results you're desiring of God's healing. God is free to deliver His healing how He chooses.*

**Completing your ministry first is the absolute most important thing. Please understand there are approximately 48 different types of Bad Cells. Bad Cells is Bad Cells no matter where is manifests in the physical body. From a ministry perspective, we want to identify the root of Bad Cells. Please see page five for the seven levels that lead to bitterness. Bitterness is not a feeling, but a sin or even a stronghold. The good news is it can be cancelled through ministry.**

Cancer profile denies certain strong needs and represses a lot of feelings – shut down; poor ability to develop and maintain meaningful, long-term relationships without fear; hopelessness and despair; holding resentment; tendency towards self-pity and introspection; unresolved grief from the loss of a love object; getting fired or being rejected in a vocational pursuit.

After ministering, pray a prayer for healing. We encourage you to consider speaking healing in the name of Jesus to the tissue, organ or body part that is in need of healing. Also, command the body to come back into balance and to function as God intended from the foundation of the world. If a creative miracle is needed, call it forth in the name of Jesus.

Please remember that our prayers for healing should not be spoken as a mantra or as a legalistic prayer. Our Father God knows what we need before we ask. We trust that God will meet you through this process.

**Check points before starting your self-ministry or receiving ministry for this**

As a reminder, please incorporate the first 3 R's from the book *A More Excellent Way: Spiritual Roots to Disease* as the beginning of your uninterrupted, consecrated ministry time.

**1st** | Recognize the choices you've made, even unconsciously, in your life that support _____.

**2nd** | Take Responsibility for your choices, and if necessary, these same choices in your generational line that contribute to this generational infirmity continuing.

**3rd** | And Repent aloud with your mouth specifically for each item related to this temporary issue you're experiencing. Please be very specific.

**Blocks to healing are called blocks because they are blocks to healing, even for you**

There are more than 30 blocks to God's healing, but as a minimum, please consider working with these two blocks to healing.

**1st** | Unforgiveness. If unforgiveness is not dealt with exhaustively – towards God, toward yourself, and toward others, you most likely are going no further in this supernatural healing journey that's available 24 hours a day. Did you notice there are three groups of people to make a list to forgive. So, would you get out your piece of paper please. Forgive every person on each of the three lists and when you forgive, you should list specifically what you're forgiving the person for. Forgiveness is done aloud, for each person, by saying through The Blood of Jesus.

**2nd** | Not discerning the Lord's Body. This is most often referred to as communion. Scripture provides details about when to take communion. For example, if you have grudges and unresolved issues harboring that you've not addressed with yourself or others, it's good to consider not partaking in communion – for that particular time. There are consequences to wrongly participating in communion, which are often overlooked. Thus the effects of this sometimes show in our physical health. Be encouraged to study this for yourself.

**For your consideration**

Of all the women we've shared with on every continent, I don't think I've encountered one who didn't have a long-term issue with herself and/or a long-term issue with a woman or multiple women in her family.

It is my experience in confidential ministry sessions that the hardened tumor is simply a physical representation of the hardness resident in the woman's life i.e. her soul, her cycling thoughts, her emotions, her strategy to avoid/withdraw; and, the web of demonic-laden cross wires that form a make shift support system to hold the 783 pieces of her broken heart together.

May I encourage you to take a piece of paper and list each of the spiritual roots listed above. Take an inventory of your life and write everything that relates to each spiritual root.

This is the beginning of how you repair the breaches at The Cross through the power of the Blood of Yeshua.

**Bitterness**

Yes, Bad Cells are rooted in bitterness. It matters not how wonderful the person is, or the great things the person does. It matters not the role the person has in a fellowship or community, or even how nice the person is. Most nice, loving people harbor many things on the inside that they withhold from other people. God did not design the human body to be a receptacle for holding bitterness.

Have you been exposed to bitterness? The person carrying the bitterness is the victim, because they are in agreement with the demonic spirit bitterness. Is your treasure in daily peace, or is your treasure in chaos? Are you at peace with yourself? Are you at peace with others? Have you gone to the person, directly, to seek resolution? Please go to the person privately, alone, to seek understanding and peace. If there's no resolution, schedule time with the person sharing you'd like to bring two other people that have the goal of making peace, as well.

**These are the levels leading up to the Stronghold of Bitterness.**

**Level 1 is Unforgiveness**
Please get a piece of paper to list every person you need to forgive, including yourself if needed. By each name, write what you are forgiving the person for very specifically.

# Biblical Root
# Bad Cells

Then say the name out loud with what you're forgiving them for -- and for each person you'll end the sentence, through the Blood of Jesus.

**Level 2 is Resentment**
On the same sheet of paper, please list every person you have resentment towards, then by each name, list why you resent them. Please repeat your forgiveness step listed above -- and for each person you'll end the sentence, through the Blood of Jesus.

**Level 3 is Retaliation**
Please repeat the instructions listed for Level I, but this time it's for retaliation.

**Level 4 is Anger and Wrath**
Please repeat the instructions listed for Level I, but this time it's for anger and wrath.

**Level 5 is Hatred**
Please repeat the instructions listed for Level I, but this time it's for hatred.

**Level 6 is Violence**
Please repeat the instructions listed for Level I, but this time it's for violence -- whether it's violence you committed, violence you've thought about, or violence done towards you.

**Level 7 is Murder**
Please repeat the instructions listed for Level I, but this time it's for murder.

Lord, I ask Your forgiveness for me willingly participating in each level of the Stronghold of Bitterness. Take time to name these seven levels out. Take a moment to receive His forgiveness for each level. Thank the Lord for forgiving you. You have no right to judge yourself harsher than The Judge Himself. Spirit of Bitterness, I come out of agreement with you. I recognize you in my life. I command you out of my life. Yeshua deliver me from these powers that are stealing my joy.

**Please understand that some people are able to successfully do self ministry, and some people are not – but you can learn. What determines success – for your physical body to have the desired result, which is being healthy and whole. Keep in mind, everything is not**

**up to God, you have responsibility in how you steward your physical body. This includes daily exercise, which is physical ministry to the body. The easiest exercise to do is walking, even if you have to walk slow, around the house or to the mailbox or down the street.**
