Biblical Root
High Blood Pressure

What we understand at Healed People, Heal People is most physical things that may go awry in the body, is usually rooted in a life issue. Another word for life issues are undealt with personal sin and/or unaccounted for generational sin throughout the history of the family line.

As human beings, we have a physical body that houses our human spirit. If you have a personal relationship with Jesus or Yeshua, your physical body also houses the Holy Spirit. And last, you have a soul, which includes your mind, will and emotions.

Your mind tells brain what to do. What's in your mind largely comes from what you believe. That is, what you believe about yourself. What you believe about other people and what you believe about God. It's not possible to separate your physical body from your spirit and your soul. So, what's going on in your physical body is directly connected to the other two parts of you. Now, that's the simplest way to explain it.

Given your part of a family, and a community and probably a workplace, then that multiplies more things, people, and the spirits operating in people in your life. You get what we're communicating here. If a person does something wrong to us, that's them. However, if we respond wrongly to their wrong, then we swing the door open to that undealt with personal sin listed above in the first paragraph.

The only reason we're sharing a snippet of the information below with you is to provide a glimpse of what your temporary health issue is rooted in. Choosing to minister to the root issue, renders the results you're desiring of God's healing. God is free to deliver His healing how He chooses.

Spiritual root

In looking at the possible spiritual root issues of high blood pressure, we have found often there would be: spirits of: fear [as in stress and anxiety]; fear of tomorrow; projecting fear into the future; anger against self, others and/or God. Any number of these spiritual root issues may be generational iniquities, meaning that the same spiritual root issues were present in the father or mother or grandparents even though they might not have had the disease.

Biblical Root
High Blood Pressure

After ministering, pray a prayer for healing. We encourage you to consider speaking healing in the name of Jesus to the tissue, organ or body part that is in need of healing. Also, command the body to come back into balance and to function as God intended from the foundation of the world. If a creative miracle is needed, call it forth in the name of Jesus.

Please remember that our prayers for healing should not be spoken as a mantra or as a legalistic prayer. Our Father God knows what we need before we ask. We trust that God will meet you through this process.

High blood pressure defined

High blood pressure/Hypertension - Rigidity of the cell walls that produces a vasoconstriction of the blood vessels, coupled with an increase of cardiac output.

Check points before starting your self-ministry or receiving ministry for this

As a reminder, please incorporate the first 3 R's from the book *A More Excellent Way: Spiritual Roots to Disease* as the beginning of your uninterrupted, consecrated ministry time.

1st | Recognize the choices you've made, even unconsciously, in your life that support _____.

Biblical Root
High Blood Pressure

2nd | Take Responsibility for your choices, and if necessary, these same choices in your generational line that contribute to this generational infirmity continuing.

3rd | And Repent aloud with your mouth specifically for each item related to this temporary issue you're experiencing. Please be very specific.

Blocks to healing are called blocks because they are blocks to healing, even for you

There are more than 30 blocks to God's healing, but as a minimum, please consider working with these two blocks to healing.

1st | Unforgiveness. If unforgiveness is not dealt with exhaustively – towards God, toward yourself, and toward others, you most likely are going no further in this supernatural healing journey that's available 24 hours a day. Did you notice there are three groups of people to make a list to forgive. So, would you get out your piece of paper please. Forgive every person on each of the three lists and when you forgive, you should list specifically what you're forgiving the person for. Forgiveness is done aloud, for each person, by saying through The Blood of Jesus.

2nd | Not discerning the Lord's Body. This is most often referred to as communion. Scripture provides details about when to take communion. For example, if you have grudges and unresolved issues harboring that you've not addressed with yourself or others, it's good to consider not partaking in communion – for that particular time. There are consequences to wrongly participating in communion, which are often overlooked. Thus the effects of this sometimes show in our physical health. Be encouraged to study this for yourself.

The book A More Excellent Way is on our HealedPeople.com web site. Or, you may study using your Bible. HealedPeople.com and Be In Health are separate marketplace ministries. We honor them for their work related to health from the Bible's principles.
