FEATURED Vega with White Stacked Refractory Panels and Boulder Mountain Vent-Free Gas Log Set

VEGA

The ultimate choice in Vent-free firebox design, the Vega offers the style and versatility demanded by today's homeowners. Standard features include multiple interior options and circulating smooth-faced or louvered models for increased performance when using a blower. Combined with a Bison Mountain (shown here) vent-free gas log set, the Vega is the choice for affordable comfort without compromise.

Vega with optional Timber Oak Vent-Free Gas Log Set

IMPORTANT NOTES:

As with any fireplace, this appliance is extremely hot during operation. Read and understand all operating instructions before using this appliance. For further information, consult your dealer.

Local conditions, such as elevation, wind, vent configuration and choice of fuel will affect overall appearance of the fire and heating performance. Performance can also vary with home design and insulation, climate, condition and type of fuel used, appliance location, burn rate, accessories chosen, chimney installation and how the appliance is operated.

Diagrams, illustrations and photographs are not to scale—consult installation instructions. Product designs, materials, dimensions, specifications, colors and prices are subject to change or discontinuance without notice.
