

OUTDOOR CEILING FANS

Founded in 1996, Monte Carlo Fan Company is a Generation Brands company, a leader and innovator in the lighting, electrical wholesale, home improvement, home décor, and building industries. Monte Carlo specializes in trend inspired, fashion forward ceiling fans and accessories in a wide variety of styles, sizes and finishes. Ceiling fans have changed throughout the years, but our commitment to quality and unprecedented customer service has not.

Fashionable Design

Monte Carlo is proud to present you with the most comprehensive and trend-inspired product line in the history of the company. We design ceiling fans that inspire and accessorize a room. From traditional or understated, to ornately decorative, influenced by fashion trends or nature, there is a Monte Carlo fan for any décor, in any setting.

The Monte Carlo Fan Company is known for its exceptional manufacturing standards; yet it is the attention to design details that wins the hearts of more Monte Carlo customers than others. Every element of the fan is considered a blank canvas for the design team – every element is integrated into the design for complete aesthetics.

Exceptional Performance

Monte Carlo is dedicated to designing fans that are beautiful to look at and also engineering them to work efficiently, so that each element is designed to contribute to exceptional performance and overall savings in energy costs. With powerful energy efficient motors and blades that not only look good but ensure a whisper-quiet, optimal air movement, Monte Carlo has redefined the industry by consistently raising the bar and enhancing lifestyle and room environments.

Unprecedented Service

Our customers are second to none, and our dedication to them matches that. We take delight in offering exceptional customer care and strive to exceed customer expectations each and every time. With commitment to the future, employees from Coast to Coast and from across the Globe all work together to deliver the very best in fans, lighting and service.
