📍 Vietnam - Ho Chi Minh

Lend a helping hand as a caretaker for young children at a local kindergarten in Ho Chi Minh. Play games, sing songs and teach basic English.

Your full energy and assistance is needed as you engage with 3-6 year old children in this kindergarten serving the local community. You will help the dedicated teaching staff with daily tasks, as you feed, play with, and provide one-on-one attention to the young children in attendance.

Program Description

This local kindergarten can really use your help with the day to day tasks required to service local children from ages 3 to 6 years old. You will work at a well organized and nicely run kindergarten in one of the 4 classrooms available and assist the teaching staff. Most classes have between 10-15 children.

In the morning you will pick the kids up, play some games and maybe sing some songs in the school yard and then you will lead them to their classroom. Once they are settled in, you can engage with the children with different learning activities that may include teaching English and helping them practice writing in their notebooks. You can even use other creative and fun ways to help them learn basic tasks through songs, dance or games.

At lunchtime you will help with bringing out the food, helping the children and cleaning up the eating area. After the meal is complete, you will help put the children down for a nap.

The afternoon activities of fun and learning will begin at 14:00 once the children have awakened and will continue until the day is over at 17:00 when they are returned to their parents. Weather permitting, some of these activities may take place outside, so children have space to run and play.

Program Duration & Availability

Min duration (weeks): 1
