Fiji - Coral Coast

This new and proactive project is designed to create a relationship between children and you through recreational activities. Visit this beautiful island country and coach children in various sports. Take part in this fun-filled and action-packed program coaching children and imparting education based concepts. Create an impact on their physical health as much as in their intellectual health. Put your sneakers on!

Culture

Learning

Leisure

Community Engagement

Physical Demand

Program Description

Our very own Sports Academy was created keeping these factors in mind and was designed in such a way that your interest in sports and the enthusiasm to share your knowledge and energy could come and spend meaningful time in the playground. Children from the nearby community come after school hours and are grouped in teams. So, along with a local coach, you can impart your training to these budding sportsmen, give them workouts and at the end of the session enjoy some refreshments with them.

We hope someday these young sportsmen will proudly represent their country on an international field.

A sport in a child's life is of great importance for his/her physical development and will affect their future. We encourage you to be creative and propose different sports-related activities depending on the students' ages, likes and interests.

Learn a sport or teach one if you chose to work on the Fiji Teaching or Sports Coaching project in Sigatoka, you'll soon see that education is a crucial part of achieving sustainable development. By teaching in these communities, you can make a real difference to the lives of young people growing up in Fiji and learn about life in Fiji as a teacher. Sports education plays a crucial role in the lives of the young Fijians, with Rugby being the most popular sport. The program activities could be either one or all the activities such as teach sports rules, teach basics of games, show examples of sports, organize sport-related activities, play sports with children, teach respect and fairness in sports.

Program Duration & Availability

Min duration (weeks): 1

Aims & Objectives

The objective is to teach and educate through various sports to different age groups of children at different levels. The participants are free to be creative.

Schedule

Monday to Friday

Begin your day's scheduled work at the local schools at 9hr in the morning. Your session along with the kids will go on until 2.30hr. The timing can be changed depending on the schedule of the school.

This schedule can be changed and/or amended depending on weather conditions, local conditions and unforeseen circumstances.
