📍 Philippines - Aborlan (Palawan)

Come to Palawan and help out at a local kindergarten by taking care of its children and teaching them!

Working alongside the local people on Palawan island, in the caretaking of children at a kindergarten is a unique experience! You will get the chance to teach English to kids and care for them, but you will also enrich your own perspective by working alongside the Philippine people in one of the most beautiful islands in the world!

Program Description

During this program, you will partake in the day-to-day operations of a childcare facility. Not only will this give you an insight into authentic Filipino life, but you will also get engaged into the day-to-day operations of the kindergarten. The kindergarten is located in the Tigman area of Palawan and the children who attend are between the ages of 3 and 5.

Your primary task will be to communicate with the children using English and teaching them the language in a fun way.

Besides teaching, you will also support the local staff with the caretaking of the children. This task can range in activities, from organizing classes, playing games and guiding activities to feeding, cutting nails, combing hair and so on.

The children are always interested in learning more about foreign lands and you are encouraged to bring pictures from your country, friends, family, etc or objects that highlight your culture in order to promote intercultural exchange.

The children will learn from you, but you will also leave the project having learned from them!

Program Duration & Availability

Min duration (weeks): 1

Aims & Objectives

- Widen the Island children's cultural interactions
- Give you invaluable, practical experience in teaching
- Assist the local staff by providing an extra hand
