📍 Croatia - Split

Take part in the construction and renovation activities by working with several local institutions, including NGOs, local schools, sports clubs, etc.

Work on specific projects under the supervision of a local expert to provide a better standard of living for the local community. The projects are defined depending on the needs and urgency of the program. Try your hands on some construction work involving some basic carpentry and painting.

Program Description

You will be busy throughout the day by involving yourself in various renovation activities. Your job will be to carry on basic carpentry work including fencing premises, preparing the concrete mixtures for building, shifting rocks and painting.

Program Duration & Availability

Min duration (weeks): 1

Aims & Objectives

- To renovate the damaged institutions to create better standards of living for local communities in an organized team where you will meet participants sharing the same vision from around the world
- To give you some practical experience in light renovation work

Schedule

Monday to Friday

Your daily work would involve in renovation activities. The activities vary depending on the needs at the time. However, the main tasks include the following:
