

Learn about some of the exciting products that will be on display at the AAEP Convention trade show.

Asto CT

Discover the Equina by Asto CT at Booth #1861! Our advanced standing CT technology delivers high-quality imaging for equine limb pairs and head/neck scans. Visit us for exclusive giveaways and to learn how Equina can elevate your practice. Plus, don't miss the announcement of our annual CT contest winners on Dec. 8 at 5:00 p.m. during the trade show reception!

COSEQUIN® Cosequin

Joint Health Supplement

Cosequin ASU Balance contains high-quality ingredients backed by research to support joint, immune, and digestive health—areas commonly impacted by daily stressors. This multipurpose formula includes an innovative postbiotic yeast and beta-glucan blend, along with ASU, ALA, Boswellia serrata extract, and HA. Cosequin ASU Balance provides the support your clients need when performance matters. Booth #981.

Endoscopy Support Services Inc.: USB 3.5-Meter Large Animal Videoscope

The GU-1B0FHPL is a cutting-edge veterinary videoscope featuring a 350-centimeter length and high-resolution output for capturing detailed images and videos during examinations. It integrates with the iCap Image Capture and Reporting System and connects easily with OLYMPUS Light Sources, making it an essential tool for veterinarians to improve their diagnostic capabilities. Booth #447.

iUPOD: Drug-Free Estrus Suppression for Mares

You know the familiar signs: swishing tails, ears pinned, unwilling attitude. It's likely your client's riding session might not go as smoothly as planned. Many mare owners search for ways to suppress undesirable estrus-related behaviors for their horse's show performance and the rider's safety.

In most cases, a synthetic hormone is given. Unfortunately, a safer, drug- and hormone-free approach hasn't been an accessible option. That is, until now. Booth #2072.

ADOBE STOCK

Kelato

Kelato offers PROTEK GI and PROTEK HG to equine veterinarians for advanced solutions in GI health.

Trusted by world-leading EGUS expert Dr. Ben Sykes and equine nutritionist Dr. Rachel Mottet, these research-backed

products support EGUS recovery and promote total GI health.

Visit Dr. Sykes at booth #1982 to learn more.

Kentucky Performance Products

Kentucky Performance Products offers veterinarians high-quality, research-proven supplements. Introducing AirWise, a synergistic formula of ingredients developed to support healthy airway function in horses showing signs of

equine asthma syndrome. Discover more about AirWise and KPP's full supplement line by visiting KPPvet.com or stopping by booth #950.

KineticVet
