On the day you hear the news  
Bbm                    Gb  
That sears your soul, it sears your soul  
Db                    Ab                    Gb  
Mocks your dreams, and devastates your heart  
Db                    Ab  
And you know there's just no way  
Bbm                    Gb  
You can be whole, you can't be whole  
Db                    Ab                    Gb  
That's the place His healing hope will start

Db                    Ab  
Be not weary, do not fear  
Bbm                    Gb  
You are a child of the King

From His overflow and bounty  
Bbm                    Gb  
We draw grace, and life and peace

Db                    Ab  
When your looking up that road  
Bbm                    Gb  
That seems so long, it seems so long  
Db                    Ab                    Gb  
And you just can't find the will to try  
Db                    Ab  
When the struggle drains your life  
Bbm                    Gb  
And steals your song, it steals your song

He will be your music, and your light
